Ukrainian Postcards Owen Hatherley, 2022-04-05 An ebook on the threatened built environment of urban Ukraine with all proceeds going to the CWU's Ukraine fund and Artists at Risk This is a short limited edition ebook with all proceeds being divided between the Communication Workers Union's Humanitarian Fund for Ukraine and Artists at Risk's Ukraine appeal Today during Russia's imperialist war on Ukraine everyone is talking about this large beautiful and multicultural country but when doing so they're often repeating some poorly understood clichés and myths Ukrainian Postcards written firmly from the political left draws on the author's writings on the modern architecture of various Ukrainian cities written between 2010 and 2020 to build up a picture of a country that could one day be a model of how to live with a difficult past and a multicultural present but which has been consistently undermined by politicians who use it as a cashbox and above all a neighbour who uses it as punchbag Above all at a time when Ukraine's architectural heritage is literally under threat shelled and bombed by the Russian air force day in day out it outlines just how valuable and special this country's buildings are and how much we stand to lose with their destruction

American Holiday Postcards, 1905-1915 Daniel Gifford, 2013-08-29 In the early 20th century postcards were one of the most important and popular expressions of holiday sentiment in American culture Millions

of such postcards circulated among networks of community and kin as part of a larger American postcard craze. However, their uses and meanings were far from universal. This book argues that holiday postcards circulated primarily among rural and small town Northern white women with Anglo Saxon and Germanic heritages. Through analysis of a broad range of sources, Daniel Gifford recreates the history of postcards to account for these specific audiences and reconsiders the postcard phenomenon as an image based conversation among exclusive groups of Americans. A variety of narratives are thus revealed: the debates generated by the Country Life Movement, the empowering manifestations of the New Woman, the civic privileges of whiteness and the role of emerging technologies. From Santa Claus to Easter bunnies, flag waving turkeys to gun toting cupids, holiday postcards at first seem to be amusing expressions of a halcyon past. Yet, with knowledge of audience and historical conflicts, this book demonstrates how the postcard images reveal deep divides at the height of the Progressive Era.

The Epistolary Renaissance Maria Löschnigg, Rebekka Schuh, 2018-09-10. Since the late twentieth century, letters in literature have seen a remarkable renaissance. The prominence of letters in recent fiction is due in part to the rediscovery by contemporary writers of letters as an effective tool for rendering aspects of historicity, liminality, marginalization, and the expression of subjectivity vis-à-vis another. It is also due, however, to the artistically challenging inclusion of the new electronic media of communication into fiction. While studies of

epistolary fiction have so far concentrated on the eighteenth century and on thematic concerns this volume charts the epistolary renaissance in recent literature entering new territory by also focusing on the aesthetic implications of the epistolary mode In particular the essays in this volume illuminate the potential of the epistolary including digital forms for rendering contemporary sensitivities The volume thus offers a comprehensive assessment of letter narratives in contemporary literature Through its focus on the aesthetic and structural aspects of new epistolary fiction the inclusion of various narrative forms and the consideration of both conventional letters and their new digital kindred The Epistolary Renaissance offers novel insight into a multi faceted re new ed genre
