Tibet Unconquered Diane Wolff, 2010-09-14 A fabled country in the far reaches of the Himalayas Tibet looms large in the popular imagination The original home of the Dalai Lama one of the great spiritual leaders of our time Tibetan Buddhism inspires millions worldwide with the twin values of wisdom and compassion Yet the Chinese takeover six decades ago also shows another side of Tibet that of a passionate symbol of freedom in the face of political oppression International sympathy has kept the Dalai Lama's appeals for autonomy on the world's political agenda but in light of China's political and economic gains there is fear that Tibet is in danger of being forgotten by the world As the Dalai Lama grows older and the Chinese threaten to intervene in the selection of Tibet's next spiritual leader many wonder if there is any hope for the Tibetan way of life or if it is doomed to become a casualty of globalization In *Tibet Unconquered* East Asia expert Diane Wolff explores the status of Tibet over eight hundred years of history From the Mongol invasion to the emergence of the Dalai Lama Wolff investigates the history of political and economic relations between China and Tibet Looking to the long rule of Chinggis Khan as a model she argues that by thinking in regional terms both countries could usher in a new era of prosperity while maintaining their historical and cultural identities Wolff creates a forward thinking blueprint for resolving the China and Tibet problem grounded in the history of the region and the reality of today's political environment that will guide both countries to peace

Dakini's Warm Breath Judith Simmer-Brown, 2002-12-10 A fresh interpretation of the dakini a Tibetan Buddhist symbol of the feminine that will appeal to practitioners interested in goddess worship female spirituality and Tantric Buddhism The primary emblem of the feminine in Tibetan Buddhism is the dakini or sky dancer a semi wrathful spirit woman who manifests in visions dreams and meditation experiences Western scholars and interpreters of the dakini influenced by Jungian psychology and feminist goddess theology have shaped a contemporary critique of Tibetan Buddhism in which the dakini is seen as a psychological shadow a feminine savior or an objectified product of patriarchal fantasy According to Judith Simmer Brown who writes from the point of view of an experienced practitioner of Tibetan Buddhism such interpretations are inadequate In the spiritual journey of the meditator Simmer Brown demonstrates the dakini symbolizes levels of personal realization the sacredness of the body both female and male the profound meeting point of body and mind in meditation the visionary realm

of ritual practice and the empty spacious qualities of mind itself When the meditator encounters the dakini living spiritual experience is activated in a nonconceptual manner by her direct gaze her radiant body and her compassionate revelation of reality Grounded in the author's personal encounter with the dakini this unique study will appeal to both male and female spiritual seekers interested in goddess worship women's spirituality and the tantric tradition [A History of Buddhism in India and Tibet](#) Dan Martin, 2022-07-19 The first complete English translation of an important thirteenth century history that sheds light on Tibet's imperial past and on the transmission of the Buddhadharma into Central Asia Translated here into English for the first time in its entirety by perhaps the foremost living expert on Tibetan histories this engaging translation along with its ample annotation is a must have for serious readers and scholars of Buddhist studies In this history discover the first extensive biography of the Buddha composed in the Tibetan language along with an account of subsequent Indian Buddhist history particularly the writing of Buddhist treatises The story then moves to Tibet with an emphasis on the rulers of the Tibetan empire the translators of Buddhist texts and the lineages that transmitted doctrine and meditative practice It concludes with an account of the demise of the monastic order followed by a look forward to the advent of the future Buddha Maitreya The composer of this remarkably ecumenical Buddhist history compiled some of the most important early sources on the Tibetan imperial period preserved in his time and his work may be the best record we have of those sources today Dan Martin has rendered the richness of this history an accessible part of the world's literary heritage **English in Tibet, Tibet in English** L. McMillin, 2001-11-16 This book explores two kinds of self presentation in Tibet and the Tibetan diaspora that of British writers in their travel texts to Tibet from 1774 to 1910 and that of Tibetans in recent autobiographies in English McMillin contends that Tibet and the Anglophone West have had a long complex and convoluted relationship that can be explored in part through analysis of English language texts The first part of the book explores how a myth of epiphany in Tibet comes to dominate English texts of travel in Tibet while the second part considers how Tibetan autobiographers writing in English have responded and resisted Western images of them [A Historical Atlas of Tibet](#) Karl E. Ryavec, 2015-05-08 This pioneering work documents cultural and religious sites across the Tibetan Plateau and its bordering regions from the Paleolithic Era to today Western fascination with Tibet has soared in recent decades yet this historic and globally celebrated region has barely been mapped With this groundbreaking atlas Karl E Ryavec sweeps aside the image of Tibet as Shangri La offering a comprehensive vision of the region as it really is The product of twelve years of research and eight more of mapmaking the results are absolutely stunning A Historical Atlas of Tibet ranges through the five main periods in Tibetan history offering introductory maps of each followed by details of western central and eastern regions It beautifully visualizes the history of Tibetan Buddhism tracing its spread throughout Asia with thousands of temples mapped both within Tibet and across North China and Mongolia all the way to Beijing There are maps of major polities and their territorial administrations as well as of the kingdoms of Guge and Purang in western Tibet and of Derge and Nangchen in Kham There are town plans of

Lhasa and maps that focus on history and language on population natural resources and contemporary politics
