Insights in Sound David Baker, Lucy Green, 2017-03-27 Music has long been a way in which visually impaired people could gain financial independence excel at a highly valued skill or simply enjoy musical participation Existing literature on visual impairment and music includes perspectives from the social history of music ethnomusicology child development and areas of music psychology music therapy special educational needs and music education as well as more popular biographical texts on famous musicians But there has been relatively little sociological research bringing together the views and experiences of visually impaired musicians themselves across the life course *Insights in Sound Visually Impaired Musicians Lives and Learning* aims to increase knowledge and understanding both within and beyond this multifaceted group Through an international survey combined with life history interviews a vivid picture is drawn of how visually impaired musicians approach and conceive their musical activities with detailed illustrations of the particular opportunities and challenges faced by a variety of individuals Baker and Green look beyond affiliation with particular musical styles genres instruments or practices All levels are included from adult beginners to those who have returned to music making after a gap and from regular amateur and professional musicians to some who are extraordinarily elite or successful Themes surrounding education training and informal learning notation and ear playing digital technologies and issues around disability identity opportunity marginality discrimination despair fulfilment and joy surfaced as the authors set out to discover analyse and share insights into the worlds of these musicians

Music in the Early Years Aelwyn Pugh, Lesley Pugh, 2013-11-05 Research findings repeatedly show that music is one of the subjects which teachers feel least confident to tackle There are many reasons for this not least being the lack of appropriate guidance and training This book is designed to help overcome these problems by providing class teachers with clear advice on how to plan resource and deliver a comprehensive programme which will challenge their pupils and enable them to progress and meet national requirements The book includes examples and activities which can be used as a basis for in service training within schools particularly for teachers who regard themselves as non specialists

Culturally Responsive Teaching in a High School Percussion Ensemble

Ensemble Christiana Athena-Blackwell, 2025-05-26 *Culturally Responsive Teaching in a High School Percussion Ensemble* Validating Immigrant Identities addresses themes of immigration identity and culturally responsive teaching in music education using a deep case study of Brazilian samba music in the context of a high school percussion ensemble Through an in depth ethnographic study of the World Percussion Ensemble at Somerville High School Massachusetts and how it was renovated by a progressive music program director the author demonstrates how a program can respond to the cultures and needs of immigrant students by creating a unique intercultural community within the classroom The book recognizes key components in the process of immigrant social integration 1 music education can help facilitate immigrant students adjustment to a new culture as they negotiate a hybrid identity 2 The inclusive nature of samba percussion music encourages

communication cooperation and empathy helping students to build life skills 3 By blending rhythms from their countries of origin with a pop song of choice for their final composition the students create their own intercultural Deriving from culturally responsive music teaching practices this study will inspire music teachers and music education researchers to transfer some of the methods to center students' languages, identities and cultural references in their curricula

Debates in Music Teaching Chris Philpott, Gary Spruce, 2025-08-01 Debates in Music Teaching encourages both graduate and postgraduate students and practising teachers to engage with contemporary issues and developments in music education. It introduces a critical approach to the central concepts and practices that have influenced major interventions and initiatives in music teaching and supports the development of new ways of looking at ideas around teaching and learning in music. Bringing together leading international experts, the chapters consider key issues in music education alongside reflective questions to help shape research and writing. This second edition has been fully updated to reflect the latest debates in the field, including the justification for music in the school curriculum, music education and cognitive psychology, the nature of musical knowledge, addressing decolonisation, partnerships in music education, the nature of musical development, social justice and music education, the place of diverse musical genres and traditions in the music curriculum, pedagogies of composing, environmentally sustainable practices for teaching music with technology, the professional journeys and identity of music teachers. Written to help readers to form their own personal philosophy of music education and stimulate critical and creative thinking, Debates in Music Teaching is essential reading for all student and practising music teachers

Teaching Music Gary Spruce, 2023-05-09 Music education has undergone a remarkable transformation in recent years. Whereas lessons were once characterised by their passivity, children now learn about music through actively engaging in it by performing, composing, listening and appraising. This reader places music education in context and then goes on to examine a range of issues linked to the teaching and learning of music. The latter half of the book concentrates on music education within the classroom, highlighting the kinds of points which all teachers of music will have to consider.
