Religious Naturalism Today Jerome A. Stone, 2008-12-18 Looks at the history and revival of religious naturalism a spiritual path without a supreme being Theology between Church, University and Society N.F.M. Schreurs, Brinkman, Vroom, Wethmar, 2021-11-22 *STAR Studies in Theology and Religion 6* *Theology between Church University and Society* includes contributions to the international NOSTER conference *Theology between Church University and Society* held in the Netherlands in June 2000 In the current academic world theologians are often suspected of confessionalism bias and narrow mindedness They in turn try to regain respect by producing specialist historical empirical and analytical studies that are in line with other academic research This retreat into neutrality renders them suspect in the eyes of their religious communities Some churches react by reformulating their appointment policies and become more strict in order to secure the full loyalty of the theological staff of their institutions Therefore many theologians feel a conflict between loyalty to their tradition and loyalty to the academic world Student populations have also changed considerably during the last few decades Quite a number of students have a lively interest in religion but no religious affiliation at all University teachers have to adapt to these new audiences and faculties need to reorient themselves to reestablish their goals This volume is concerned with these three challenges academic religious and societal In all of the contributions the tension between descriptive research and normative theses or the relation between theology and society at large is discussed Not only are there descriptions of the structures of theological institutions in the Netherlands the USA and South Africa but also

of the relations between churches and theological institutions and Vatican policy regarding theological faculties **The Psychology of Religion** George Albert Coe, 1916 Monthly Bulletin Los Angeles Public Library, 1913 *The Community of the Beautiful* Alex García-Rivera, 1999 With the publication of *The Community of the Beautiful* Professor García Rivera joins the ranks of major theologians in the United States and in the true spirit of mestizaje his work not only endows Hispanic American theology with new depth of insight but it also enriches theologically the entire Church. It simultaneously advances both Hispanic American and Euro American theology by setting those two cultural and theological traditions into a remarkable creative and speculative dialogue *The Theosophical Path* Katherine Augusta Westcott Tingley, Gottfried Purucker, 1912 **Nineteenth Century Religious Thought in the West** Ninian Smart, 1988 Now available in paperback the successful three volumes of *Nineteenth Century Religious Thought in the West* provide a fresh appraisal of the most important thinkers of that time. Some essays centre on major figures of the period others cover topics, trends and schools of thought between the French Revolution and the First World War. The contributors are among the leading scholars in their field and analyse not only what was said but also why it was said and explore what is of lasting value in it. Contributions are sufficiently clear to be of use to students in religious studies and cognate disciplines but have enough depth and detail to appeal to scholars *The Harvard Graduates' Magazine* William Roscoe Thayer, 1912 *Keeping Faith* Cornel West, 2021-11-18 In this powerful collection by one of today's leading African American intellectuals *Keeping Faith* situates the current position of African Americans tracing the genealogy of the Afro American Rebellion from Martin Luther King to the rise of black revolutionary leftists. In Cornel West's hands issues of race and freedom are inextricably tied to questions of philosophy and above all to a belief in the power of the human spirit *The Sources of the Old Testament* James Atwell, 2004-05-18 This book is a short introduction to the Old Testament for undergraduates, students on diocesan ministry courses, study groups and the general reader. James Atwell explains the main ideas to be found in the Old Testament in their own context, interpreting them in the light of the religion and culture of the Ancient Near East from which they emerged. One of the aspects in this world of ideas which he draws out and which is of particular contemporary interest is the significance of creation and the Creator. It was this same interest that formed the broad horizon of biblical theology which raised so many of the big questions that are grappled with in the Old Testament. These include nature and the environment, respect for creation, the distinction between Creator and creature and human destiny. Each section ends with a number of questions to link the ideas to be found in the Old Testament to modern concerns *Catalog of Copyright Entries* Library of Congress. Copyright Office, 1912 *Christians and Tyrants* Jamie S. Scott, 1995 Imprisoned and executed by the tyrants Theodoric, Henry VIII and Adolf Hitler, these figures explore their religious and political marginalization in the prison writings *The Consolation of Philosophy: A Dialogue of Comfort against Tribulation* and *Letters and Papers from Prison* *Critical Responses to Josiah Royce, 1885-1916* Randall E. Auxier, 2000-08-15 This set collects the most important responses to the philosophy of Josiah

Royce 1855 1916 perhaps the most influential philosophical idealist America has yet produced Royce's works in theology metaphysics logic history psychology epistemology social policy ethics and even his fiction are still widely read and discussed These volumes contain reviews of his most important books and ideas and therefore should be of use to the study of American philosophy and the history of philosophy *Monthly Bulletin* St. Louis Public Library, 1911 Teachers bulletin vol 4 issued as part of v 23 no 9

Longing for God Richard J. Foster, Gayle D. Beebe, 2016-02-12 Do you long for the closeness with God that you've tasted in fleeting moments You can begin to fill that longing by developing your capacity to receive and respond to God's love In this rich resource Richard Foster and Gayle Beebe introduce you to people from the past who have known God deeply and model the seven paths to intimacy with God from Christian history *Dark Speech* Robin Chapman Stacey, 2016-09-15 What does it mean to talk about law as theater to speak about the performance of transactions as mundane as the sale of a pig or as agonizing as receiving compensation for a dead kinsman In *Dark Speech* Robin Chapman Stacey explores such questions by examining the interaction between performance and law in Ireland between the seventh and ninth centuries Exposing the inner workings of the Irish legal system Stacey examines the manner in which publicly enacted words and silences were used to construct legal and political relationships in a society where traditional hierarchies were very much in flux Law in early Ireland was a verbal art grounded as much in aesthetics as in the enforcement of communal norms In contrast with modern law no sharp distinction existed between art and politics Visualizing legal events through the lens of procedure Stacey helps readers recognize the creative fluid and inherently risky nature of these same events While many historians have long realized the mnemonic value of legal drama to the small principally nonliterate societies of the early Middle Ages Stacey argues that the appeal to social memory is but one aspect of the role played by performance in early law In fact legal performance like other more easily recognized forms of verbal art created and transformed as much as it recorded
