The Bressonians Codruța Morari, 2017-07-01

How should we understand film authorship in an era when the idea of the solitary and sovereign auteur has come under attack with critics proclaiming the death of the author and the end of cinema *The Bressonians* provides an answer in the form of a strikingly original study of Bresson and his influence on the work of filmmakers Jean Eustache and Maurice Pialat Extending the discourse of authorship beyond the idea of a singular visionary it explores how the imperatives of excellence function within cinema's pluralistic community Bresson's example offered both an artistic legacy and a creative burden within which filmmakers reckoned in different often arduous and altogether compelling ways **Maurice Pialat** Marja

Warehime, 2013-07-19 One of the most gifted directors of the post New Wave Maurice Pialat is frequently compared to such legendary filmmakers as Jean Renoir and Robert Bresson A quintessentially realist filmmaker who like Bresson was also trained as a painter Pialat's particular form of realism influenced an entire generation of young filmmakers in the 1990s This volume is the first book length study of Pialat's cinema in English It provides an introduction to a complex and difficult director who saw himself as a marginal and marginalised filmmaker but whose films are deeply rooted in French society and culture Pialat was long considered the only major filmmaker to portray *la France profonde* the heart of France the people who as he put it take the subway Taken as a whole Pialat's work can be seen both as an oblique autobiography and the portrait of a fundamental institution the family over several generations **Jazz Age Catholicism** Stephen

Hansen, 2011-08-31 The intersection of religious practice and theatricality has long been a subject of interest to scholars This collection of twenty two critical essays addresses the relationship between Roman Catholicism and films of the fantastic which includes the genres of fantasy horror science fiction and the supernatural The collection covers a range of North American and European films from *Dracula* and other vampire movies to *Miracle at Fatima* *The Exorcist* Danny Boyle's *Millions* *The Others* Maurice Pialat's *Sous le Soleil de Satan* the movies of Terry Gilliam and George Romero's zombie series Collectively these essays reveal the durability and thematic versality of what the authors term the Catholic fantastic **The**

Bernanos Thomas

Molnar, 2017-11-30 Thomas Molnar's *Bernanos* is an illuminating study of the personal evolution of the French Catholic novelist Georges Bernanos from a reactionary royalist to a religiously principled anti fascist It also provides a detailed account of the intellectual divisions within the French Catholic Right and suggests a number of parallels with intellectual and

literary figures on the secular and religious left including Zola Peguy and Simone Weil But as Molnar points out the significance of Bernanos is not exhausted by his writings Bernanos the man is as deserving of attention as is Bernanos the novelist essayist and social critic Molnar shows Bernanos against the troubled political religious background of modern France the Dreyfus case the disillusionment following World War I the Franco regime Vichy and the beginnings of the cold war Whatever touched France touched Bernanos and he flung himself into each crisis not armed with a political system nor an academically sanctioned philosophy but with a peasant's respect for what is and a Christian's sense of what might be The portrait that Molnar draws is that of a passionately concerned Christian who knows that truth is hard to come by but who is ready to follow it wherever it leads regardless of the consequences A crucial theme covered by Molnar is Bernanos long and conflicted relations with Charles Maurras and the Action Francaise He makes clear the extent to which Bernanos fervent Catholicism set him apart from Maurras whose positivistic inspiration and passion for order helped lay the groundwork for the political collapse that led to the Vichy regime Thomas Molnar's book is a fascinating account of Georges Bernanos stature as both a political thinker and an important novelist Bernanos will be enjoyed by historians political scientists philosophers theologians and scholars of literature *The Living Age*, 1926 Georges Bernanos Michael R. Tobin, 2007-10-17 Michael Tobin's study is part literary criticism part biography Tobin follows Bernanos and his family from France to Spain during the Civil War and then to Brazil and North Africa He also provides a thematic synthesis of Bernanos novels and his extensive body of non fiction demonstrating that one fundamental theological truth the Incarnation of God in Jesus Christ was the the unifying factor of Bernanos's entangled political and social criticism and the engine of his creative imagination **The Bookman**, 1927 **Idle Fictions** Gustavo Pérez Firmat, 1993-09-22 The idle fictions of the vanguard novel of the 1920s and 1930s in Spain and Spanish America represented a kind of interlude of playfulness a vacation or parenthetical insertion in what was perceived as the established course of the modern Hispanic novel's development Yet as Prez Firmat argues though this genre saw itself as recreative and interstitial it deliberately precipitated a class war not between social classes but between literary classes Concentrating on source material not widely available Prez Firmat reconstructs the reception these novels received at the time of their publication then develops a reading of them based on the intellectual context of this reception A new preface and an appendix on vanguard biographies have been added to this paperback edition **Screen Priests** Peter Malone, 2019-08-19 There is never a shortage of priest characters on our screens Even Spencer Tracy Bing Crosby and Barry Fitzgerald won Oscars for playing priests Robert de Niro has been ordained four times including a bishop Many stars have been eager to play priests as have numerous supporting actors The question arises how have been priests portrayed over the decades There have been kindly priests with their advice stern priests who laid down the law heroic priests on mission in more recent years priests who have been abusers And there have been priests who were part of the scenery especially at funerals This is something of a comprehensive look at priests on screen looking at portrayals from the

late 19th century over the decades for 120 years The films considered are mainly English language but quite there are a number from other cultures The book offers some Church background and developments the range of films a highlighting of a key film representing each decade It also has separate chapters on Irish priests Australian priests exorcism priests and a chapter on films and abuse There also Appendices on historical films saint priests and popes While one could read the book from cover to cover it is mainly a book for reference There are some detailed appreciations There are some shorter considerations Not everyone can see every film not for want of trying There are Indexes for exploring film titles directors and actors who have played priests Screen Priests is a fascinating historical look at films about Roman Catholic priests from the first until Martin Scorseses 2016 religious and cinematic masterpiece Silence With the scope spanning decades and the breadth embracing films mostly from the United States Britain Ireland Canada and Australia the researcher will find a treasure trove and the film aficionado will relish Peter Malones encyclopedia knowledge and sometimes trivia of the world of priests on the silver screen

Miraculous Realism Niels Niessen, 2020-03-01 At the 1999 Cannes Film Festival two movies from northern Francophone Europe swept almost all the main awards Rosetta by the Walloon directors Jean Pierre and Luc Dardenne won the Golden Palm and L humanit by the French director Bruno Dumont won the Grand Prize both won acting awards as well Taking this miracle of Cannes as the point of departure Niels Niessen identifies a transregional film movement in the French Belgian border region the Cin ma du Nord or cinema of the North He examines this movement within the contexts of French and Belgian national cinemas from the silent era to the digital age as well as that of the new realist tendency in world cinema of the last three decades In addition he traces from a northern perspective a secular religious tradition in Francophone European film and philosophy from Bresson and Pialat via Bazin Deleuze and Godard to the Dardennes and Dumont while critiquing this tradition for its frequent use of a humanist vocabulary of grace for a secular world Once a cradle of the Industrial Revolution the Franco Belgian Nord faced economic crisis for most of the twentieth century Miraculous Realism demonstrates that the Cin ma du Nord s rise to prominence resulted from the region s endeavor to reinvent itself economically and culturally at the crossroads of Europe after decades of recession
