Gann, Peter Duignan, 2022-10-05 Originally published in 1981 this book took a position which was unpopular within the academic establishment at the time of its publication It argued that the extraordinary social and economic changes that came over South Africa in the 20th Century gave the country great stability The authors believed that change would come from within the ruling white oligarchy rather than from Liberation Movements and that the greatest solvent of apartheid was to be found in the working of a free market economy The book provided novel data for sociological political and strategic reassessment of South Africa The approach was unusual in that the book represented neither a conventional defence of apartheid nor one of the customary attacks on South Africa

**Journal of the United States Army** , 1979      **Christian Nationalism and Anticommunism in Twentieth-Century South Africa** Ruhan Fourie, 2024-03-19 This book investigates Afrikaner anticommunism in South Africa in the twentieth century focusing on the Dutch Reformed Church DRC Following contemporary understandings of anticommunism as a fluid ideological stance it demonstrates that the deeply held anticommunist convictions of ordinary twentieth century Afrikaners is more than merely a natural result of global politics It examines how the DRC the institution with the widest reach and deepest influence in the everyday lives of Afrikaners played a significant role in perpetuating an anticommunist imagination amongst twentieth century Afrikaners The text explores the critical role the DRC fulfilled in legitimising overt opposition to and suppression of communism in all its perceived manifestations including black dissent whilst also creating an Afrikaner imagination in which the volk remained convinced of the ever present communist threat and of its own role as a bulwark against communism The church's moral standing in Afrikaner society also made it susceptible to right wing opportunists gaining mainstream political clout which this monograph also exposes and explains It ultimately concludes that anticommunism functioned as a vehicle for nationalist unity and uniformity a paradigm for Afrikaner identity and a legitimiser of the volk's perceptions of its imagined moral high ground throughout the twentieth century It will appeal to

readers interested in anticommunism Christian nationalism right wing networks racism and apartheid culture and society

Burrowes, 2015-10-26 Because of the way in which the history of nonviolence has been marginalized relatively few people have a sense of the rich history of nonviolent struggle or realize that it can be systematically planned and applied Nevertheless the historical record illustrates that nonviolent struggle is a powerful form of political action But can it be effective against military aggression The Strategy of Nonviolent Defense answers this question in the affirmative by first defining the notion of social cosmology the four mutually reinforcing features that determine the character of any society It then devotes attention to strategies for dealing with conflict in particular to developing a strategic theory and framework for planning a strategy of nonviolent defense In order to develop this theory Burrowes synthesizes insights drawn from the strategic theory of Carl von Clausewitz the nonviolence of Mahatma Gandhi and recent human needs and conflict theory **Papers Prepared for the Conference on European-African Relations and U.S. Policy Held at the Dept. of State on April 20-21, 1981**, 1981 *Quarterly Review of Military Literature*, 1979 **Ibss Poli Sci 29 1980** "International Committee For Social Sciences Documentation", 2013-10-15 The International Bibliography of the Social Sciences IBSS is an essential tool for librarians academics and researchers wishing to be kept up to date with the published literature in the social sciences IBSS is compiled in four divisions Anthropology Sociology Economics and Political Science This is Volume XXIX of the International bibliography of political science as of 1980
