South Asian Dance The British Experience:

South Asian Dance Alessandra Iyer, 2013-12-19 Indian Dance is not what it was The classical dances of the subcontinent have undergone fission have been deconstructed and have become part of a contemporary dance idiom Some of the most innovative work has taken place because of interaction with Western dancers or because it was conceived in a Western and or global context Thus the British experience the work and contribution of Indian dance practitioners based in Britain and working primarily in a British European context have been very important for the new development of Indian dance

South Asian Creative and Cultural Industries Khaleel Malik, Rajinder Dudrah, 2020-06-29 It is widely acknowledged that creativity is emerging as one of the most important sources of economic growth This book investigates the varied forms of the creative and cultural industries including the arts culture film design and other related fields In this book the chapters showcase new research insights into the recent growth of the creative and cultural industries which can be located across the intersection of the arts and humanities business studies and social science disciplines The contributors provide rich empirical insights about the creative and cultural industries of related to and connected with South Asia both from across its diasporas and from around the world This includes a variety of illustrative examples of creativity from the Bollywood film industry to the growth of the creative sector in countries like the UK India and Bangladesh making the book an engaging read for anyone who is interested to learn more Using contemporary and fresh examples from South Asia and its diasporas South Asian Creative and Cultural Industries offers new research perspectives on a growing and important region of the world This book was originally published as a special issue of the South Asian Popular Culture journal *Indian Modern Dance, Feminism and Transnationalism* Prarthana Purkayastha, 2014-10-29 This book examines modern dance as a form of embodied resistance to political and cultural nationalism in India through the works of five selected modern dance makers Rabindranath Tagore Uday Shankar Shanti Bardhan Manjusri Chaki Sircar and Ranjabati Sircar Indian Classical Dance and the Making of Postcolonial National Identities Sitara Thobani, 2017-03-27 Previous studies have analysed Indian classical dance as an expression of Indian religious and nationalist culture examining the art form solely in the context of Indian history and culture In investigating performances of Indian classical dance in the UK it is possible to argue that classical Indian dance has become a key aspect of the mutual constitution of not only postcolonial Indian and South Asia diasporic identities but also of British multicultural and transnational identity This book explores what happens when national cultural production is reproduced outside the immediate social political and cultural context of its construction Towards a British Natyam Magdalen Gorringer, 2025-02-01 The story of the emerging professionalization of classical Indian dance forms in Britain is wrought with contradictions Though becoming increasingly popular within mainstream culture the forms lack the clear routes to vocational training so essential for creating a dance career in the traditional sense Towards a British Natyam uses this lens to analyze the cultural social and political frameworks that make a profession possible within the arts

Innovatively drawing on the work of decolonial theorists and the sociologist Pierre Bourdieu Gorrington illuminates the transformative potential of a classical Indian dance profession to decenter white supremacist modes of knowledge formation and recenter pluriversality

Dance Matters Pallabi Chakravorty, Nilanjana Gupta, 2012-08-21 This volume presents a multidisciplinary perspective on dance scholarship and practice as they have evolved in India and its diaspora outlining how dance histories have been written and re-written how aesthetic and pedagogical conventions have changed and are changing and how politico-economic shifts have shaped Indian dance and its negotiation with modernity Written by eminent and emergent scholars and practitioners of Indian dance the articles make dance a foundational socio-cultural and aesthetic phenomena that reflects and impacts upon various cultural intercourses from art and architecture to popular culture and social justice issues They also highlight the interplay of various frameworks global national and local indigenous for studying these diverse performance contexts using dance as a critical lens to analyse current debates on nationalism transnationalism gender and sexuality and postcolonial politics At the performance level some articles question the accepted divisions of Indian dance classical folk and popular and critique the dominant values associated with classical dance forms Finally the book brings together both experiential and objective dimensions of bodily knowledge through dance

Flexible Bodies Anusha Kedhar, 2020-10-05 Drawing on exclusive interviews choreographic analysis and the author's own dance experience Flexible Bodies reveals how South Asian dancers in Britain use their craft and creativity to navigate often precarious economic national and racial terrain

The Taste of British South Asian Theatres: Aesthetics and Production Chandrika Patel, 2015-08-27 The Taste of British South Asian Theatres Aesthetics and Production offers critical analysis of eight British Asian performances using an east-west approach of references and theories the latter including the Rasa theory of the Natyashastra Brecht's Gestus and semiotics making a striking contribution to the understanding of one of the most outstanding examples of diasporic artistic activity in recent history With illustrations the productions discussed are The Marriage of Figaro Tara Arts Curry Tales Rasa Productions Mr Quiver intimate Rajni Shah Rafta Rafta National Theatre Nowhere to Belong Tales of an Extravagant Stranger RSC Tara Arts A Fine Balance Tamasha Deadeye Kali Theatre and the Gujarati play Lottery Lottery Shivam Theatre In the search for new models of criticism Patel's study of eight performances has advanced a subtle recipe that provides a new resource for diaspora studies Graham Ley Emeritus Professor of Drama Theory University of Exeter

South Asian Transnationalisms Babli Sinha, 2014-02-25 South Asian Transnationalisms explores encounters in twentieth-century South Asia beyond the conventional categories of center and periphery colonizer and colonized Considering the cultural and political exchanges between artists and intellectuals of South Asia with counterparts in the United States continental Europe the Caribbean and East Asia the contributors interrogate the relationships between identity and agency language and space race and empire nation and ethnicity and diaspora and nationality This book deploys transnational syntaxes such as cinema dance and literature to reflect on social technological

and political change Conceiving of the transnational as neither liberatory nor necessarily hegemonic the authors seek to explore the contradictions opportunities disjunctures and exclusions of the vexed experience of globalization in South Asia

This book was published as a special issue of South Asian History and Culture **Staging British South Asian Culture**

Jerri Daboo, 2017-11-28 *Staging British South Asian Culture* Bollywood and Bhangra in British Theatre looks afresh at the popularity of forms and aesthetics from Bollywood films and bhangra music and dance on the British stage From Andrew Lloyd Webber's *Bombay Dreams* to the finals of Britain's *Got Talent* Jerri Daboo reconsiders the centrality of Bollywood and bhangra to theatre made for or about British South Asian communities Addressing rarely discussed theatre companies such as Rifco and phenomena such as the emergence of large scale Bollywood revue performances this volume goes some way towards remedying the lack of critical discourse around British South Asian theatre A timely contribution to this growing field *Staging British South Asian Culture* is essential reading for any scholar or student interested in exploring the highly contested questions of identity and representation for British South Asian communities **Attitudes & Arabesques**

, 1995-08 *Unmaking Contact* Royona Mitra, 2025-03-05 *Unmaking Contact* interrogates contact understood in Global North dance discourse as a shorthand for the movement discipline of contact improvisation CI and its characteristic shifting points of weight sharing between two or more bodies through physical touch by attending to power asymmetries that are foundational to this practice By placing South Asian aesthetics bodies discourses and philosophies on touch at the heart of its interrogation through the lenses of caste ecology faith gender and sexuality author Royona Mitra argues for an intersectional intercultural and inter epistemic understanding of contact that may or may not involve touch The book shifts and expands understandings of contact in dance making through intercultural epistemologies that examine notions of touch and contact In this book the term contact signals both a shorthand for CI and a shift away from it to more expansive choreographic considerations It becomes an apparatus for dismantling power regimes it is conjured as a catalyst to examine power in social relations it appears as a fulcrum of ecological relationality it arises as critical encounters full of generative and transformative potential and finally it manifests as community *British Asians and Football* Daniel Burdsey, 2006-11-22 A

development of the discourse on ethnicity and sport exploring the British Asian experience of playing football in terms of the demands of the game and the influences of contrasting yet co existing cultures *Writing the City in British Asian Diasporas*

Sean McLoughlin, William Gould, Ananya Jahanara Kabir, Emma Tomalin, 2014-07-11 In 1962 the Commonwealth Immigrants Act hastened the process of South Asian migration to postcolonial Britain Half a decade later now is an opportune moment to revisit the accumulated writing about the diasporas formed through subsequent settlement and to probe the ways in which the South Asian diaspora can be re conceptualised *Writing the City in British Asian Diasporas* takes a fresh look at such matters and will have multi disciplinary resonance worldwide The meaning and importance of local multi local and trans local dynamics is explored through a devolved and regionally accented comparison of five British Asian cities Bradford the East

End of London Manchester Leicester and Birmingham Analysing the writing of these differently configured cities since the 1960s its main focus is the significant discrepancies in representation between differently positioned texts reflecting both dominant institutional discourses and everyday lived experiences of a locality Part I offers a comprehensive yet still highly contested reading of each city s archives Part II examines how the arts and humanities fields of History Religion Gender and Literary Cultural Studies have all written British Asian diasporas and how their perspectives might complement the better established agendas of the social sciences Providing an innovative analysis of South Asian communities and their multi local identities in Britain today this interdisciplinary book will be of interest to scholars of South Asian Studies Migration Ethnic and Diaspora Studies as well as Sociology Anthropology and Geography **New Frontiers In Women's Studies** Mary Maynard, June Purvis, 2005-07-20 This text reveals the diversities which continue to shape women s beliefs and experiences It includes debates on women and nationalisms women and social policy sexuality black studies and ethnic studies women and education women and cultural production and women s studies and gender studies Akram Khan Royona Mitra, 2015-05-28 Through seven key case studies from Khan s oeuvre this book demonstrates how Akram Khan s new interculturalism is a challenge to the 1980s western intercultural theatre project as a more nuanced and embodied approach to representing Othernesses from his own position of the Other **Dance Research** , 1999 **Textual, Comparative, Sociological, and Cognitive Approaches** Peter Antes, Armin W.
