## **South Asians In The Diaspora:**

*Diaspora and Identity* Ajaya Sahoo, Gabriel Sheffer, 2016-04-29 This book investigates the identity issues of South Asians in the diaspora. It engages the theoretical and methodological debates concerning processes of culture and identity in the contemporary context of globalisation and transnationalism. It analyses the South Asian diaspora as a perfect route to a deeper understanding of contemporary socio-cultural transformations and the way in which information and communication technology functions as both a catalyst and indicator of such transformations. The book will be of interest to scholars of diaspora studies, cultural studies, international migration studies and ethnic and racial studies. This book is a collection of papers from the journal *South Asian Diaspora*. **South Asians in the Diaspora** Knut A. Jacobsen, Pratap Kumar, 2018-08-14 This volume deals with a phenomenon of increasing global significance: the South Asian diaspora. In particular, it deals with the role of religion. The diversity of religious life in South Asia is remarkable and much of this diversity is replicated in the diaspora communities around the world. The case studies in this book explore and analyse the social, religious and cultural reality of people in the diaspora belonging to Jainism, Buddhism, Hinduism, Christianity, Islam, Sikhism and Zoroastrianism and originating from four of the South Asian nation-states: India, Pakistan, Bangladesh and Sri Lanka. The book highlights the religious diversity that exists in the diaspora communities both across the traditions and within the particular religions. *The Expanding Landscape* Carla Petievich, 1999 The phenomena of migration, exile and displacement have been a concern to cultural critics and scholars of South Asia for over a decade. Now the papers in this volume were first presented at a conference held in 1993 at Columbia University. It was an opportunity to examine various aspects of culture and identity among people of South Asian ethnic origins who live outside South Asia. Participants considered and analysed the geographical extent of what is often so casually referred to as the South Asian diaspora and the wide range of sub-ethnicities implied. [Routledge Handbook of the South Asian Diaspora](#) Joya Chatterji, David Washbrook, 2014-01-03 South Asia's diaspora is among the world's largest and most widespread and it is growing exponentially. It is estimated that over 25 million persons of Indian descent live abroad and many more millions have roots in other countries of the subcontinent: in Pakistan, Bangladesh and Sri Lanka. There are 3 million South Asians in the UK and approximately the same number resides in North America. South Asians are an extremely significant presence in Southeast Asia and Africa and increasingly visible in the Middle East. This interdisciplinary handbook on the South Asian diaspora brings together contributions by leading scholars and rising stars on different aspects of its history, anthropology and geography as well as its contemporary political and socio-cultural implications. The handbook is split into five main sections with chapters looking at mobile South Asians in the early modern world before moving on to discuss diaspora in relation to empire, nation, nation-state and the neighbourhood and globalisation and culture. Contributors highlight how South Asian diaspora has influenced politics, business, labour, marriage, family and culture. This much-needed and pioneering venture

provides an invaluable reference work for students scholars and policy makers interested in South Asian Studies      **South Asian Diaspora in North America** Pramod Kumar Mishra,Urmila Mohapatra,2002      *The South Asian Diaspora* Rajesh Rai,Peter Reeves,2008-07-25 The South Asian Diaspora numbers just under 30 million people worldwide and it is recognized as the most widely dispersed diaspora It is moreover one which of late has seen phenomenal growth both due to natural increase and the result of a continued movement of professionals and labourers in the late 20th and early 21st century from the subcontinent to countries such as the United States the United Kingdom Canada Australia and Singapore This book uses the concept of transnational networks as a means to understand the South Asian diaspora Taking into account diverse aspects of formation and development the concept breaks down the artificial boundaries that have been dominating the literature between the old and the new era of migration Thereby the continued connectedness of most historic South Asian settlements is shown and the fluid nature of South Asian identities is explored Offering a unique and original insight into the South Asian diaspora this book will be of interest to academics working in the field of South Asian Studies Diaspora and Cultural Studies Anthropology Transnationalism and Globalisation      **Nation and Migration** Peter van der Veer,2016-11-11 Peter van der Veer and the contributors to this volume explore the relationship between South Asian nationalism migration ethnicity and the construction of religious identity Although nationality and diaspora seem to represent opposite ideas and values the authors argue that nationalism is strengthened even produced by migration      **South Asians Overseas** Colin Clarke,Ceri Peach,Steven Vertovec,1990-10-26 Offers essays relating to the South Asian diaspora which occurred after slavery's end in the British Empire      *South Asian Women in the Diaspora* Nirmal Puwar,Parvati Raghuram,2020-07-12 South Asian women have frequently been conceptualized in colonial academic and postcolonial studies but their very categorization is deeply problematic This book informed by theory and enriched by in depth fieldwork overturns these unhelpful categorizations and alongside broader issues of self and nation assesses how South Asian identities are performed What are the blind spots and erasures in existing studies of both race and gender In what ways do South Asian women struggle with Orientalist constructions How do South Asian women engage with indo chic What dilemmas face the South Asian female scholar With a combination of the most recent feminist perspectives on gender and the South Asian diaspora questions of knowledge power space body aesthetics and politics are made central to this book Building upon a range of experiences and reflecting on the actual conditions of the production of knowledge South Asian Women in the Diaspora represents a challenging contribution to any consideration of gender race culture and power      *Religion and Identity in the South Asian Diaspora* Rajesh Rai,Chitra Sankaran,2017-07-05 Religious identity constitutes a key element in the formation development and sustenance of South Asian diasporic communities Through studies of South Asian communities situated in multiple locales this book explores the role of religious identity in the social and political organization of the diaspora It accounts for the factors that underlie the modification of ritual practice in the process of

resettlement and considers how multicultural policies in the adopted state trans generational changes and the proliferation of transnational media has impacted the development of these identities in the diaspora Also crucial is the gender dimension in terms of how religion and caste affect women s roles in the South Asian diaspora What emerges then from the way separate communities in the diaspora negotiate religion are diverse patterns that are strategic and contingent Yet paradoxically the dynamic and evolving relationship between religion and diaspora becomes necessary even imperative for sustaining a cohesive collective identity in these communities This bookw as published as a special issue of South Asian Diaspora

**Global South Asians** Judith M. Brown,2006-08-31 By the end of the twentieth century some nine million people of South Asian descent had left India Bangladesh or Pakistan and settled in different parts of the world forming a diverse and significant modern diaspora In the early nineteenth century many left reluctantly to seek economic opportunities which were lacking at home This is the story of their often painful experiences in the diaspora how they constructed new social communities overseas and how they maintained connections with the countries and the families they had left behind It is a story compellingly told by one of the premier historians of modern South Asia Judith Brown whose particular knowledge of the diaspora in Britain and South Africa gives her insight as a commentator This is a book which will have a broad appeal to general readers as well as to students of South Asian and colonial history migration studies and sociology

**Global South Asians** Brown,Judith Margaret Brown,2007

**Community, Empire and Migration** C. Bates,2014-01-14 South Asians in Diaspora is a collection of essays concerning the history politics and anthropology of migration in India Pakistan and Sri Lanka as well as in the numerous overseas locations such as Fiji Africa the Caribbean and USA where South Asians migrated in the colonial period and after It addresses the connections between migration problems of identity and ethnic conflict from a comparative perspective and highlights the role of shared colonial experiences in providing communal solidarities and discord

South Asian Diaspora Narratives Amit Sarwal,2017-05-03 This book analyses the metaphysical and poetical notions and the processes of rooting into a culture and routing out of a culture in the context of South Asian diaspora in Australia These diasporic narratives are often characterised by bifurcated and dislocated identities that exist in a liminal space in between two identities two cultures and two histories Yet home remains through acts of imagination remembering and re creation an important reference point The author argues that a clearer notion of politics of location is required to distinguish between the different kinds of dislocation the immigrants suffer both psychologically and sociologically The diaspora in Australia is an under studied topic and this book fills a lacuna in South Asian diaspora studies by analysing and calling upon a wide range of works in this field from historical anthropological sociological cultural and literary studies

**Transnational South Asians** Susan Koshy,Rajagopalan Radhakrishnan,2008 A milestone in diaspora studies this collection will be useful for students of sociology anthropology history politics globalization migration transnationalism and postcolonial studies
