Freehling Singletary Professor of the Humanities University of Kentucky,2007-04-16 It is one of the great questions of American history why did the Southern states bolt from the Union and help precipitate the Civil War Now acclaimed historian William W Freehling offers a new answer in the final volume of his monumental history *The Road to Disunion* Here is history in the grand manner a powerful narrative peopled with dozens of memorable portraits telling this important story with skill and relish Freehling highlights all the key moments on the road to war including the violence in Bleeding Kansas Preston Brooks s beating of Charles Sumner in the Senate chambers the Dred

Scott Decision John Brown's raid on Harper's Ferry and much more As Freehling shows the election of Abraham Lincoln sparked a political crisis but at first most Southerners took a cautious approach willing to wait and see what Lincoln would do especially whether he would take any antagonistic measures against the South But at this moment the extreme fringe in the South took charge first in South Carolina and Mississippi but then throughout the lower South sounding the drum roll for secession Indeed The Road to Disunion is the first book to fully document how this decided minority of Southern hotspurs took hold of the secessionist issue and aided by a series of fortuitous events drove the South out of the Union Freehling provides compelling profiles of the leaders of this movement many of them members of the South Carolina elite Throughout the narrative he evokes a world of fascinating characters and places as he captures the drama of one of America's most important and least understood stories The long awaited sequel to the award winning Secessionists at Bay which was hailed as the most important history of the Old South ever published this volume concludes a major contribution to our understanding of the Civil War A compelling vivid portrait of the final years of the antebellum South The Road to Disunion will stand as an important history of its subject *Plantations of the Carolina Low Country* Samuel Gaillard Stoney, Albert Simons, Samuel Lapham, 1989-01-01 Classic photo and text survey of extant plantation homes churches and chapels built between 1686 and 1878 along South Carolina coastal plain Detailed photographs fascinating history distinguishing characteristics of Medway Middleburg Exeter Crowfield Hampton The Rocks Lowndes Grove 48 other structures **Study and Investigation of Housing** United States.
