Sam's Vietnam Samuel Richardson, 2013-01-28 Most Vietnam veterans do not like to talk about their experiences while in that war zone But Samuel Richardson tells all in this book Here Sam doesn't merely depend on his memory of his stories he uses text straight out of the meticulous journal he kept while in Vietnam Before going to Vietnam his father gave him a father's blessing This in the LDS Church is a typical ceremony aimed at comforting the recipient and asking God for a variety of blessings for the person receiving the blessing The narration inside will show how the father's blessing helped Sam to be calm during mortar attacks and how to resist the many temptations that come to soldiers who find themselves in a war zone Back cover National Union Catalog ,1981 Includes entries for maps and atlases **Commission on Organization of the Executive Branch of the Government** United States. Appleton Electric Company** ,1961 **On the Rocketship** Richard Whitmire, 2014-05-15 The face of American education is evolving and the roadmap is clear On the Rocketship How Top Charter Schools are Pushing the Envelope examines the rise and expansion of leading charter school network Rocketship revealing the secret sauce that makes a successful program A strong narrative with a timely message the book explores how Rocketship started and the difficulties encountered as it expands Designing schools for children who have been failed by traditional schools is extremely challenging work Setbacks are inevitable Later in the book the narrative shifts to the national picture exploring how high performing charter schools are changing the education landscape in cities such as Denver Memphis and Houston The book emerges just as charter schools are running

into stiff political opposition in New York City and elsewhere Even in San Jose Rocketship s home base the pushback against charter schools is gaining speed On the Rocketship becomes a valuable resource for explaining what s at stake in this battle Lose these schools in New York San Jose and other cities and low income and minority students lose their best shot at a quality education Written by a veteran journalist who followed Rocketship through a school year the book explores some of the factors that make Rocketship and other charters successful including the blended learning that was pioneered at charter schools especially Rocketship Many schools around the country are looking to Rocketship as a model for implementing blended learning The interplay between charter schools and blended learning is setting a change in motion and the American education system is ready to evolve On the Rocketship details this phenomenon providing insights for educators across the nation
