## **South To South:**

**Fur Age Monthly** ,1924      **Marino Sanudo Torsello, The Book of the Secrets of the Faithful of the Cross** Dr Peter Lock,2013-07-28 This is the first full translation of Marino Sanudo Torsello s *Secreta fidelium Crucis* to be made into English The work itself is a piece of crusading propaganda following the fall of Acre in 1291 written between 1300 and 1321 but it includes much of historical relevance along with interesting observations on the early history of Jerusalem and the Crusader Kingdom The translation is based upon the text edited by Jacques Bongars in 1611 There is an introduction that contextualises the book its author his sources and his audience The notes provide essential information to clarify internal textual references and allusions as well as the role of Biblical references in Sanudo s grand design The index is designed to make this detailed text usable and accessible In this his major work Sanudo advocated the conquest of Egypt as the means to regain Jerusalem for the Latins and worked through his points with considerable detail alongside references to 13th century Mediterranean history especially involving Louis IX of France and Charles of Anjou king of Naples Books I and II give considerable detailed discussion of the concept plan and costs of his proposed crusade Book III provides an outline history of the crusades and the crusader states It is derived from a wide reading of other sources especially of William of Tyre and for events after 1184 on the Eracles the letters of James of Vitry and Sanudo s own experiences in the east Throughout the work contains a staggering amount of cartographical ethnographical geographical and nautical information as well as numerous unique insights into historical events and personalities of the late 13th century not only in Outremer but in Western Europe

Buffalo (N.Y.),1886 Mbeki and After Daryl Glaser,2010-10-01 For nearly ten years indeed more if we include his period of influence under Mandela s presidency Thabo Mbeki bestrode South Africa s political stage Despite attempts by some in the new ANC leadership to airbrush out his role there can be little doubt that Mbeki was a seminal figure in South Africa s new democracy one who left a huge mark in many fields perhaps most controversially in state and party management economic policy public health intervention foreign affairs and race relations If we wish to understand the character and fate of post 1994 South Africa we must therefore ask What kind of political system economy and society has the former President bequeathed to the government of Jacob Zuma and to the citizens of South Africa generally This question is addressed head on here by a diverse range of analysts commentators and participants in the political process Amongst the specific questions they seek to answer What is Mbeki s legacy for patterns of inclusion and exclusion based on race class and gender How if at all did his presidency reshape relations within the state between the state and the ruling party and between the state and society How did he reposition South Africa on the continent and in the world This book will be of interest to anyone wishing to understand the current political landscape in South Africa and Mbeki s role in shaping it *Derrah's Official Street Railway Guide for Eastern New England* Robert H. intergovernmental think tank of the developing countries argues that ending aid dependence should be at the top of the political agenda of all countries This will specially affect the present donor dependent countries in particular the poorer and vulnerable countries in Africa Latin America Asia and the Caribbean *Nigeria's Critical Election* John A. Ayoade,Adeoye A. Akinsanya,2012-11-29 Elections have been central to regime collapse in Nigeria because they neither passed the test of citizens acceptability nor electoral neutrality They always pushed the country to a dangerous brink which she has often survived after serious constitutional and political bruises The general election of 1964 rocked the delicate balance of the country resulting in the military coup of January 15 1966 and a thirty month civil war The subsequent effort of the military at restructuring the country did not go far enough to win the civic confidence of the people The military availed itself of another opportunity of tinkering with the system in 1993 However it demonstrated that it was not immune to civic dishonesty when it annulled the widely acclaimed free and fair presidential election in June 12 1993 By fits and starts Nigeria held another election in 1999 which was tolerated only because of citizens fatigue of military rule The elections of 2003 and 2007 were classic examples of make belief democracy The feeding of inequity and if you will domination persisted A combination of fortune trickery and arm twisting produced a power shift in favour of Dr Goodluck Ebele Azikwe Jonathan in April 2011 The subsequent attempt by the north to create a strategic consensus did not save it from being pushed into fringe politics forcing some of its spokespersons to vow that they will make governance impossible The election was better than the worst but much still remains to be done **Moon Utah: With Zion, Bryce Canyon, Arches, Capitol Reef & Canyonlands National**
