## **Southeast Asia In United States Policy:**

U.S. Policy in Southeast Asia United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on East Asian and Pacific Affairs,1981 *Southeast Asia Views the United States* Ann Marie Murphy,2025-01-28 This book is a comprehensive study of Southeast Asian views of their respective countries foreign policies towards the United States The Southeast Asian contributors are all individuals who bridge both academia and foreign policy circles in their countries in Southeast Asia the Indo Pacific more broadly and globally There is a dearth of theoretically informed empirically rich literature on the foreign policies of Southeast Asian states This volume with eight chapters written by some of Southeast Asia s leading analysts is therefore important timely and fills a large gap in the literature *U.S. Policies and Programs in Southeast Asia* United States. Congress. Senate. Committee on Foreign Relations. Subcommittee on East Asian and Pacific Affairs,1982 **The Future United States Role in Asia and in the Pacific** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Asian and Pacific Affairs,1968 Considers future U S policy towards Asia and reviews U S relations with Japan and other Asian nations Focuses on prospects for regional economic political and security arrangements among countries of Asia *America's Strategy in Southeast Asia* James A. Tyner,2006-12-21 Geography encompasses everything from the local where human beings live work and travel to metageographies like nations and regions James A Tyner s inventive and multidisciplinary ideas on geography similarly range from the personal his father s experience in the military during the Vietnam War to a broad discussion of how the United States has come to exercise power through the production of geographic knowledge in this case in Southeast Asia Since the end of the Second World War Southeast Asia has served as a surrogate space to further American imperial interests which are economic political territorial and moral in scope America s Strategy in Southeast Asia contends that the construction of Southeast Asia as a geographic entity has been a crucial component in the creation of the American empire For example America s most blatant experience of colonial rule occurred the Philippines America s longest war was fought in Vietnam and most recently some American policymakers have identified Southeast Asia as the Second Front in the War on Terror Yet America s overriding strategy in Southeast Asia and the region itself remains something of a mystery for the American populace a black box in America s geographical imagination This clear and innovative book educates readers about Southeast Asia s importance in American foreign policy

**China, The United States, and the Future of Southeast Asia** David B. H. Denoon,2017-05-16 Distinguished experts explain the economic trends and varied political goals at work in Southeast Asia With China s emergence as a powerful entity in Southeast Asia the region has become an unlikely site of conflict between two of the world s great powers The United States historically regarded as the protector of Pacific Southeast Asia consisting of nations such as Vietnam the Philippines Myanmar and Malaysia is now called upon to respond to what many would consider bullying on the part of the Chinese These and other countries have become the economic and political engine of China While certainly inclined to help the country s

former allies the United States has grown undeniably closer to China in the recent decades of global interconnected economic growth China the United States and the Future of Southeast Asia uncovers and delves into the complicated dynamics of this situation Covering topics such as the controversial response to human rights violations the effects of global economic interconnectedness and contested sovereignty over resource rich islands this volume provides a modern and nuanced perspective on the state of the region For anyone interested in understanding the evolving global balance of power China the United States and the Future of Southeast Asia illuminates how countries as different as Thailand and Indonesia see the growing competition between Beijing and Washington

**The Future United States Role in Asia and in the Pacific, Hearings Before the Subcommittee on Asian and Pacific Affairs...90-2, February 29, March 4, 7, 13, 14, 19, 20, April 4, 1968** United States. Congress. House Foreign Affairs,1968      *United States-China Relations: a Strategy for the Future* United States. Congress. House. Foreign Affairs,1970      Foreign relations of the United States, 1969-1976, V. 20: Southeast Asia, 1969-1972 , The Foreign Relations of the United States series presents the official documentary historical record of major foreign policy decisions and significant diplomatic activity of the United States Government This volume is part of a subseries of the Foreign Relations of the United States that documents the most issues in the foreign policy of Presidents Richard M Nixon and Gerald R Ford The subseries presents in multiple volumes a comprehensive documentary record of major foreign policy decisions and actions of the administrations of Presidents Nixon and Ford This specific volume documents U S policy towards three important countries in Southeast Asia Thailand the Philippines and Indonesia 1969 1972 a period when the future of Southeast Asia was a major concern of American foreign policy makers This is the last print volume to document U S policy towards Southeast Asia other than those print volumes that document the Vietnam War during the Nixon Ford administrations For the January 1973 to January 1977 period U S policy towards Southeast Asia nations other than Vietnam Laos and Cambodia is covered in an electronic only volume The decision to cover Thailand the Philippines and Indonesia for 1969 1975 in detail in this print volume was based on the fact that each country was a key ally either formally or de facto of the United States during the Vietnam war and each played a specific role during the conflict Thailand sent troops to fight in Vietnam provided bases for U S airpower in Southeast Asia and secretly provided training troops and arms to support U S backed guerilla forces in Laos The Philippines sent a 2 000 man civic action group to South Vietnam and Filipinos made up many of the administrative contractors in South Vietnam Indonesia provided key arms support to the Lon Nol government at a crucial time In addition Thailand Philippines and Indonesia were important countries in their own right with key U S military and economic assistance programs large embassies and close relations with the United States In each country the United States had a considerable interest in their government s success The chapter on Thailand the largest in the volume has the most obvious and closest associations with the Vietnam War A principal theme of this chapter is U S efforts to assure the Thais that unilateral withdrawal of U S troops in South Vietnam and a projected settlement of the war

did not mean a lesser U S commitment to Thailand A second key theme of the volume is the covert military role that Thailand's military forces played in supporting the anti communist forces in Laos and the potential role they could play in supporting the Lon Nol government in Cambodia The second largest chapter in this volume documents U S policy towards the Philippines The relationship between President Ferdinand Marcos and the Nixon administration is the dominant theme of this chapter U S officials had to assure Marcos that they were neutral in the 1969 Philippines presidential elections and discourage his desire for a special channel to Washington Corruption in the Marcos government Marcos's desire to revise the constitution to his benefit and his eventual declaration of martial law in September 1972 in the face of student riots caused U S officials in Manila and Washington to assess whether he was the best man to lead the Philippines from the U S point of view Other themes that are documented in the chapter are the ones that predate the Vietnam War such as preference for Philippines exports to the United States U S benefits for Filipino veterans who served in the Second World War and U S bases in the Philippines The final chapter in the volume deals with Indonesia officially a non aligned nation but under strongman General Suharto a de facto ally of the United States The principal themes of this chapter are the question of Indonesia's international debt left over from the Sukarno years and U S support for multilateral Indonesian debt relief among international lending organizations A related theme is the amount of U S bilateral aid provided to Indonesia *Background Information Relating to Southeast Asia and Vietnam, Committee on Foreign Relations, United States Senate, March 1966* United States.
