

# SOUTHERN CAPITALISM

The Political Economy of North Carolina, 1880–1980

Phillip J. Wood

# Southern Capitalism

**Immanuel Ness**

## **Southern Capitalism:**

*Southern Capitalism* Philip J. Wood, 1986-08-13 Southern Capitalism challenges prevailing views of Southern development by arguing that the persisting peculiarities of the Southern economy such as low wages and high poverty rates have not resulted from barriers to capitalist development nor from the lingering influence of planter values Wood argues that these peculiarities can instead be best understood as the consequence of a strategy of capitalist development based on the creation and preservation of social conditions and relations conducive to the above average exploitation of labor by capital focusing on the evolving relationship between capital and labor as the core of this strategy Wood follows the process of capitalist industrialization in North Carolina from its beginnings in the aftermath of the Civil War to the 1980s

**Southern Capitalism** Phillip J. Wood, 1986

**Southern Scoundrels** Jeff Forret, Bruce E. Baker, 2021-04-21 The history of capitalist development in the United States is long uneven and overwhelmingly focused on the North Macroeconomic studies of the South have primarily emphasized the role of the cotton economy in global trading networks Until now few in depth scholarly works have attempted to explain how capitalism in the South took root and functioned in all of its diverse and duplicitous forms Southern Scoundrels explores the lesser known aspects of the emergence of capitalism in the region the shady and unscrupulous peddlers preachers slave traders war profiteers thieves and marginal men who seized available opportunities to get ahead and in doing so left their mark on the southern economy Eschewing conventional economic theory this volume features narrative storytelling as engaging and seductive as the cast of shifty characters under examination Contributors cover the chronological sweep of the nineteenth century South from the antebellum era through the tumultuous and chaotic Civil War years and into Reconstruction and beyond The geographic scope is equally broad with essays encompassing the Chesapeake South Carolina the Lower Mississippi Valley Texas Missouri and Appalachia These essays offer a series of social histories on the nineteenth century southern economy and the changes wrought by capitalist transformation Tracing that story through the kinds of oily individuals who made it happen Southern Scoundrels provides fascinating insights into the region s hucksters and its history Contents Introduction Jeff Forret and Bruce E Baker Preachers and Peddlers Credit and Belief in the Flush Times John Lindbeck A Gentleman and a Scoundrel Alexander McDonald Financial Reputation and Slavery s Capitalism Alexandra J Finley How Deeply They Weed into the Pockets Slave Traders Bank Speculators and the Anatomy of a Chesapeake Wildcat 1840 1843 Jeff Forret Bernard Kendig Orchestrating Fraud in the Market and the Courtroom Maria R Montalvo William A Britton v Benjamin F Butler Occupied New Orleans Confiscation and the Disruption of the Cotton Trade in Wartime Natchez Jeff Strickland Devils at the Doorstep Confederate Judges Masters of Sequestration Rodney J Steward Irresistibly Impelled toward Illegal Appropriation The Civil War Schemes of William G Cheeney Jimmy L Bryan Jr Das Kapital on Tchoupitoulas Street The Marketing of Stolen Goods and the Reserve Army of Labor in Reconstruction Era New Orleans Bruce E Baker The Violent Lives of William Faucett Elaine S Frantz Eureka Law and Order for Sale in Gilded Age Appalachia

T R C Hutton      **Cavaliers and Economists** Katharine A. Burnett, 2019-05-15 Offering a compelling intervention in studies of antebellum writing Katharine A Burnett's *Cavaliers and Economists: Global Capitalism and the Development of Southern Literature 1820-1860* examines how popular modes of literary production in the South emerged in tandem with the region's economic modernization In a series of deeply historicized readings Burnett positions southern literary form and genre as existing in dialogue with the plantation economy's evolving position in the transatlantic market before the Civil War The antebellum southern economy comprised part of a global network of international commerce driven by a version of laissez faire liberal capitalism that championed unrestricted trade and individual freedom to pursue profit Yet the economy of the U S South consisted of large scale plantations that used slave labor to cultivate staple crops including cotton Each individual plantation functioned as a racially and socially repressive community a space that seemingly stood apart from the international economic networks that fueled southern capitalism For writers from the South fiction became a way to imagine the region as socially and culturally progressive while still retaining hallmarks of traditional southern culture namely plantation slavery in the context of a rapidly changing global economy Burnett excavates an elaborate network of transatlantic literary exchange operating concurrently with the region's economic expansion in which southern writers adopted popular British genres such as the historical romance and the seduction novel as models for their own representations of the U S South Each chapter focuses on a different genre pairing largely understudied southern texts with well known British works Ranging from the humorous sketch to the imperial adventure tale and the social problem novel *Cavaliers and Economists* reveals how southern writers like Augusta Jane Evans Johnson Jones Hooper Maria McIntosh William Gilmore Simms and George Tucker reworked familiar literary forms to reinvent the South through fiction By considering the intersection of economic history and literary genre *Cavaliers and Economists* provides an expansive study of the means by which authors created southern literature in relation to global free market capitalism showing that in the process they renegotiated and rejustified the institution of slavery      *Southern Europe* Giulio Sapelli, 2014-09-19 Until relatively recently most of southern Europe was governed by authoritarian dictatorships but within the space of two decades more or less stable democracies have become established throughout the entire region At the same time backward peasant economies have been transformed by the injection of huge amounts of capital and new technology into modern economies which are now approaching the size of the more established economies of Northern Europe *Southern Europe* is a major contribution to our understanding of European politics The product of original research and synthesis on exceptionally wide literature it provides authoritative and systematic coverage of the politics economics and society of this important region of Europe from 1945 up to the 1994 election of Silvio Berlusconi's far right alliance in Italy      *Southern Europe?* Martin Baumeister, Roberto Sala, 2015-10-08 Gegenwärtig erlebt der Süden Europas in der öffentlichen Debatte eine neue Konjunktur Mit Vorliebe wird dabei ein europäischer Nord-Süd-Gegensatz heraufbeschworen ohne jedoch auf seine lange Geschichte zu

blicken Wirtschaftlich und politisch unterentwickelt unterschieden sich Italien Spanien Portugal und Griechenland nach dem Zweiten Weltkrieg von den sogenannten westeuropäischen Gesellschaften Zu Beginn des 21. Jahrhunderts schien diese Ungleichheit überwunden Nun droht die Schuldenkrise den Kontinent erneut zu spalten Die Beiträge hinterfragen gängige Annahmen und Bilder von Südeuropa und ergründen inwiefern der Süden einen homogenen Raum mit strukturellen Gemeinsamkeiten darstellt

Southern Slavery and the Law, 1619-1860 Thomas D. Morris, 2004-01-21 This volume is the first comprehensive history of the evolving relationship between American slavery and the law from colonial times to the Civil War As Thomas Morris clearly shows racial slavery came to the English colonies as an institution without strict legal definitions or guidelines Specifically he demonstrates that there was no coherent body of law that dealt solely with slaves Instead more general legal rules concerning inheritance mortgages and transfers of property coexisted with laws pertaining only to slaves According to Morris southern lawmakers and judges struggled to reconcile a social order based on slavery with existing English common law or in Louisiana with continental civil law Because much was left to local interpretation laws varied between and even within states In addition legal doctrine often differed from local practice And as Morris reveals in the decades leading up to the Civil War tensions mounted between the legal culture of racial slavery and the competing demands of capitalism and evangelical Christianity

**Technology, Innovation, and Southern Industrialization**

Susanna Delfino, Michele Gillespie, 2008 Because of its strong agrarian roots the South has typically been viewed as a region not favorably disposed to innovation and technology Yet innovation was never absent from industrialization in this part of the United States From the early nineteenth century onward southerners were as eager as other Americans to embrace technology as a path to modernity This volume features seven essays that range widely across the region and its history from the antebellum era to the present to assess the role of innovations presumed lacking by most historians Offering a challenging interpretation of industrialization in the South these writings show that the benefits of innovations had to be carefully weighed against the costs to both industry and society The essays consider a wide range of innovative technologies Some examine specific industries in subregions steamboats in the lower Mississippi valley textile manufacturing in Georgia and Arkansas coal mining in Virginia and sugar planting and processing in Louisiana Others consider the role of technology in South Carolina textile mills around the turn of the twentieth century the electrification of the Tennessee valley and telemedicine in contemporary Arizona marking the expansion of the region into the southwestern Sunbelt Together these articles show that southerners set significant limitations on what technological innovations they were willing to adopt particularly in a milieu where slaveholding agriculture had shaped the allocation of resources They also reveal how scarcity of capital and continued reliance on agriculture influenced that allocation into the twentieth century relieved eventually by federal spending during the Depression and its aftermath that sparked the Sunbelt South's economic boom Technology Innovation and Southern Industrialization clearly demonstrates that the South's embrace of technological innovation in the

modern era doesn't mark a radical change from the past but rather signals that such pursuits were always part of the region's economy. It deflates the myth of southern agrarianism while expanding the scope of antebellum American industrialization beyond the Northeast and offers new insights into the relationship of southern economic history to the region's society and politics. *The Roots of Southern Populism* Steven Hahn, 2006-05-18 Despite the vast changes in plantation agriculture following the Civil War and Reconstruction, the lot of small farmers was little improved. Examining the nonplantation region of upcountry Georgia as a microcosm of the South, Steven Hahn showed how farmers were buffeted by such forces as the unravelling of antebellum household economy, the development of market forces, the growth of a new class of merchants, landlords, and rising tensions between town and countryside, and how their resentments fueled the Populist movement at the end of the 19th century. For this updated edition, Hahn will add new material to discuss how the book has stood up since it was published over twenty years ago, how the arguments and questions were received, and what influence they may have had on scholarship. He will also consider what has happened to historical interest in Populism, poor white people, and populist politics, as well as why he thinks it likely that interest may revive and what sort of questions and arguments may drive it.

Confrontation And Liberation In Southern Africa Ibrahim S. R. Msabaha, 2019-03-13 The 1984 Nkomati Accord, a bilateral security agreement between South Africa and Mozambique to eliminate guerrilla threats on both sides of a common border, was a milestone in regional confrontation and cooperation. Yet the real challenge to the white South African regime is not external; it is internal opposition to apartheid. This volume, written by leading African scholars, begins by exploring the origins of racism and nationalism in Southern Africa. The contributors discuss the spread of nationalist movements throughout the region, arguing that South Africa has attempted to resist, divert, or undermine the domino effect by capitalizing on the Nkomati Accord. The authors focus on the legal aspects of the Accord, its impact on the foreign and defense policies of the Front Line States, prospects for regional development and economic integration, and potential outcomes of the national liberation struggles in Southern Africa. **Backcountry Slave Trader** Philip Noel Racine, Frances Melton

Racine, 2019-11-20 *Backcountry Slave Trader* explores the life of William James Smith, a South Carolina backcountry slave trader whose entries in his business ledger and his correspondence were of unusual specificity. The authors analyze these entries and his correspondence, which they argue provides details about the institutional features of the domestic slave trade not found in earlier published works. The authors examine the attitude of Smith and how he conducted his business and reveal that the interior slave trade and the characterization of the slave trader are more nuanced than previously thought.

*The New Political Economy of Flexible Integration in Europe* Rafał Riedel, 2025-05-12 The main aim of the book is to analyse the United in Diversity paradigm of the European integration project. With its comparative approach, the book brings together a wide range of academic work on flexible integration to explore the diversities between the various European countries. Interdisciplinary in scope, it aims to explain the flexible forms of integration in Europe in the light of the new

political economy In doing so a deep insight into the variety and complexity of differentiation and flexibility in European integration is also of added value for policy makers across Europe working in the field of integration Themes of the American Civil War Susan-Mary Grant,Brian Holden-Reid,2009-09-10 Themes of the American Civil War offers a timely and useful guide to this vast topic for a new generation of students The volume provides a broad ranging assessment of the causes complexities and consequences of America s most destructive conflict to date The essays written by top scholars in the field and reworked for this new edition explore how and in what ways differing interpretations of the war have arisen and explains clearly why the American Civil War remains a subject of enduring interest It includes chapters covering four broad areas including The Political Front The Military Front The Race Front and The Ideological Front Additions to the second edition include a new introduction added to the current introduction by James McPherson a chapter on gender as well as information on the remembrance of the war historical memory The addition of several maps a timeline and an appendix listing further reading battlefield statistics and battle regiment general names focuses the book squarely at undergraduates in both the US and abroad **This Vast Southern Empire** Matthew Karp,2016-09-12 Most leaders of the U S expansion in the years before the Civil War were southern slaveholders As Matthew Karp shows they were nationalists not separatists When Lincoln s election broke their grip on foreign policy these elites formed their own Confederacy not merely to preserve their property but to shape the future of the Atlantic world *The Roots of Southern Populism* Steven Howard Hahn,1979

No Depression in Heaven Alison Collis Greene,2016 A study of the inability of the churches to deal with the crisis of the Great Depression and the shift from church based aid to a federal welfare state Translations from Kommunist ,1965

America's Johannesburg Bobby M. Wilson,2019-12-01 In some ways no American city symbolizes the black struggle for civil rights more than Birmingham Alabama During the 1950s and 1960s Birmingham gained national and international attention as a center of activity and unrest during the civil rights movement Racially motivated bombings of the houses of black families who moved into new neighborhoods or who were politically active during this era were so prevalent that Birmingham earned the nickname Bombingham In this critical analysis of why Birmingham became such a national flashpoint Bobby M Wilson argues that Alabama s path to industrialism differed significantly from that of states in the North and Midwest True to its antebellum roots no other industrial city in the United States depended as much on the exploitation of black labor so early in its urban development as Birmingham A persuasive exploration of the links between Alabama s slaveholding order and the subsequent industrialization of the state America s Johannesburg demonstrates that arguments based on classical economics fail to take into account the ways in which racial issues influenced the rise of industrial capitalism **Southern Insurgency** Immanuel Ness,2015-10-20 The site of industrial struggle is shifting Across the Global South peasant communities are forced off the land to live and work in harsh and impoverished conditions Inevitably new methods of combating the spread of industrial capitalism are evolving in ambitious militant and creative ways This is the first

book to theorise and examine the present and future shape of global class struggles Immanuel Ness looks at three key countries China India and South Africa In each case he considers the broader historical forces at play the effects of imperialism the decline of the trade union movement the class struggle and the effects of the growing reserve army of labour For each case study he narrows his focus to reveal the specifics of each grassroots insurgency export promotion and the rise of worker insurgency in China the new labour organisations in India and the militancy of the miners in South Africa This is a study about the nature of the new industrial worker in the Global South about people living a terrifying precarious existence but also one of experimentation solidarity and struggle

The Political Economy of Slavery Eugene D. Genovese, 2012-01-01

This classic study of antebellum Southern society demonstrates how slavery was the bedrock of the region's social order and cultural identity In The Political Economy of Slavery Eugene Genovese argues that slavery gave the South a distinct class structure political community economy ideology and a set of psychological patterns As a result the South grew away from the rest of the nation and became increasingly unstable during the nineteenth century The difficulties it faced economic political moral and ideological constituted a fundamental antagonism between modern and premodern worlds Southern slavery was the foundation on which rose a powerful social class which in turn dominated Southern society While they constituted only a tiny portion of the white population they were powerful enough to largely succeed at building a new or rather rebuilding an old civilization

Right here, we have countless ebook **Southern Capitalism** and collections to check out. We additionally give variant types and in addition to type of the books to browse. The welcome book, fiction, history, novel, scientific research, as skillfully as various extra sorts of books are readily welcoming here.

As this Southern Capitalism, it ends occurring brute one of the favored books Southern Capitalism collections that we have. This is why you remain in the best website to see the incredible book to have.

### **Southern Capitalism Introduction**

In today's digital age, the availability of Southern Capitalism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Southern Capitalism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Southern Capitalism books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Southern Capitalism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Southern Capitalism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Southern Capitalism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Southern Capitalism books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals,

making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Southern Capitalism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Southern Capitalism books and manuals for download and embark on your journey of knowledge?

### **FAQs About Southern Capitalism Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Southern Capitalism is one of the best book in our library for free trial. We provide copy of Southern Capitalism in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Southern Capitalism. Where to download Southern Capitalism online for free? Are you looking for Southern Capitalism PDF? This is definitely going to save you time and cash in something you should think about.
