Wines, 2024-11-01 In *A Farm Family on Long Island's North Fork* Richard A Wines traces the history of a vital agricultural community on the North Fork of Long Island through the story of the last family to live in the old Homestead at the Hallockville Museum Farm For well over two centuries community members were almost all descendants of the same group of seventeenth century Puritan founders Yet despite their shared heritage and complex interrelationships cultural wars raged Family members and the community divided bitterly on issue after issue ranging from whether to allow a melodeon into the church to supporting abolitionism The community weathered many changes the Civil War the emergence of new agricultural technologies the arrival of Eastern European immigrants even an attempt to build a string of nuclear power plants in the twentieth century Wines s deep dives into one community s history uncover stories about slavery racism and prejudice that many have chosen to forget as well as stories of compassion or human tragedy we want to remember A

Gordon, 2015-11-06 Greenport New York a village on the North Fork of Long Island has become an exemplar of a little noted national trend immigrants spreading beyond the big coastal cities driving much of rural population growth nationally In *Village of Immigrants* Diana R Gordon illustrates how small town America has been revitalized by the arrival of these immigrants in Greenport where she lives Greenport today boasts a population that is one third Hispanic Gordon contends that these immigrants have effectively saved the town's economy by taking low skill jobs increasing the tax base filling local schools and patronizing local businesses Greenport's seaside beauty still attracts summer tourists but it is only with the support of the local Latino workforce that elegant restaurants and bed and breakfasts are able to serve these visitors For Gordon the picture is complex because the wave of immigrants also presents the town with challenges to its services and institutions Gordon's portraits of local immigrants capture the positive and the negative with a cast of characters ranging from a Guatemalan mother of three including one child who is profoundly disabled to a Colombian house painter with a successful business who cannot become licensed because he remains undocumented *Village of Immigrants* weaves together these people's stories fears and dreams to reveal an environment plagued by threats of deportation debts owed to coyotes low wages and the other bleak realities that shape the immigrant experience even in the charming seaport town of Greenport A timely contribution to the national dialogue on immigration Gordon's book shows the pivotal role the American small town plays in the ongoing American immigrant story as well as how this booming population is shaping and reviving rural communities *The Encyclopædia Britannica: Shuvalov-Subliminal Self*, 1911
