Southwest Impressions:

Southwest Impressions Donald Mills, 1973 *U.S. Geological Survey Professional Paper*, 1902 *Impressions of New York* Marilyn F. Symmes, 2005 From its birth as a remote trading outpost on the fringes of the Dutch empire to its current status as the so called Capital of the World New York has always captivated visual artists The extraordinary prints collected by the New York Historical Society over the course of its history vividly preserve these impressions on paper In this handsome volume more than 150 of these views of the city including two spectacular gatefold panoramas speak eloquently of the surging power of this dynamic urban center At the same time they present an intimate portrait of everyday life as it has been lived and savored in this great city for more than three centuries The companion to an exhibition celebrating the New York Historical Society's bicentennial anniversary this beautifully printed volume presents a full range of historic images from 1672 to the present In the lively essay and information filled captions curator and historian Marilyn Symmes tells the unique stories behind the people and places parks and buildings streets and neighborhoods parades and events depicted in each image in essence the story of New York City itself **Marsden Hartley** Townsend Ludington, 1998 A penetrating biography Ludington offers a psychological portrait of an intense contradictory scornful but gentle man who transcended his nineteenth century roots in Lewiston Maine to view Europe as his home and to make a distinctive contribution to modernism Kirkus Reviews Drawing on Hartley's letters and other writings as well as on the correspondence and reminiscences of the artist's friends Ludington traces the restless career of the painter Hartley had troubled friendships with some of the most important artists and writers of his day Gertrude Stein William Carlos Williams Fairfield Porter Eugene O'Neill Georgia O'Keeffe and others His relationship with Alfred Stieglitz who supported him financially and exhibited his work runs like a leitmotif through the book and indicates Hartley's character demanding touchy often ungrateful but also compelling This frank and unsentimental account of a life of contradictions and paradoxes returns one to the artist's paintings with a fresh eye Publishers Weekly Marsden Hartley 1877-1943 had a virtually unique role as a modernist painter He was notable not only for his powerful canvases but for his poetry and essays Townsend Ludington's astute portrait of the artist focuses upon his cosmopolitan sensibility in a generation melding modern art with an American tradition of mystical idealism Ludington views Hartley as an essential American artist embarked on a spiritual odyssey Robert Taylor Boston Globe **Hearings, Reports and Prints of the House Committee on Interior and Insular Affairs** United States. Congress. House. Committee on Interior and Insular Affairs, **The South-West** Joseph Holt Ingraham, 2018-05-23 Reproduction of the original The South West by Joseph Holt Ingraham *The Yehud Stamp Impressions* Oded Lipschits, David S. Vanderhooft, 2011-06-30 The study of the yehud stamp impressions which appear on the handles or bodies of store jars has persisted for over a century beginning with the discovery of the first of these impressions at Gezer in 1904 Nevertheless until the pioneering work of Stern in 1973 who cataloged classified and discussed the stamp impressions known up to 1970 discovery and publication of

new stamp impressions were scattered and analysis was cursory at best Furthermore a gap in research has persisted since then Now Oded Lipschits and David Vanderhooft are pleased to present a comprehensive catalog through the winter of 2008 9 of published and unpublished yehud stamp impressions with digital photographs and complete archaeological and publication data for each impression This long overdue resource provides a secure foundation for general reflection on the whole corpus and illuminates more narrow fields such as stratigraphy paleography administration historical geography and Persian period economic developments within Yehud The catalog clarifies what is nebulous apart from a complete corpus matters such as distribution petrographic analysis of the clay new readings of the seal legends use of the toponym yehud and significance of the title phwa The scope of this catalog renders it a worthwhile tool for all future study of these invaluable artifacts and the period of history that produced them *Professional Paper* ,1940 **The South-west** Joseph Holt Ingraham,1835 Western Apache Heritage Richard J. Perry,2014-04-21 A reconstruction of Apachean history and culture that sheds much light on the origins dispersions and relationships of Apache groups Mention Apaches and many Anglo Americans picture the marauding savages of western movies or impoverished reservations beset by a host of social problems But like most stereotypes these images distort the complex history and rich cultural heritage of the Apachean peoples who include the Navajo as well as the Western Chiricahua Mescalero Jicarilla Lipan and Kiowa Apaches In this pioneering study Richard Perry synthesizes the findings of anthropology ethnology linguistics archaeology and ethnohistory to reconstruct the Apachean past and offer a fuller understanding of the forces that have shaped modern Apache culture While scholars generally agree that the Apacheans are part of a larger group of Athapaskan speaking peoples who originated in the western Subarctic there are few archaeological remains to prove when where and why those northern cold dwellers migrated to the hot deserts of the American Southwest Using an innovative method of ethnographic reconstruction however Perry hypothesizes that these nomadic hunters were highly adaptable and used to exploiting the resources of a wide range of mountainous habitats When changes in their surroundings forced the ancient Apacheans to expand their food quest it was natural for them to migrate down the mountain corridor formed by the Rocky Mountain chain Perry is the first researcher to attempt such an extensive reconstruction and his study is the first to deal with the full range of Athapaskan speaking peoples His method will be instructive to students of other cultures who face a similar lack of historical and archaeological data
