Southwestern Vocabulary The Words They U:

A Southwestern Vocabulary Cornelius Cole Smith, 1984 Vocabulario Vaquero/Cowboy Talk Robert N. Smead, 2004

Spanish is an important source for terms and expressions that have made their way into the English of the southwestern United States. Vocabulario Vaquero Cowboy Talk is the first book to list all Spanish language terms pertaining to two important activities in the American West: ranching and cowboying, with special reference to American Indian terms that have come through Spanish. In addition to presenting the most accurate definitions available, this A to Z lexicon traces the etymology of words and critically reviews and assesses the specialized English sources for each entry. It is the only dictionary of its kind to reference Spanish sources. The scholarly treatment of this volume makes it an essential addition to the libraries of linguists and historians interested in Spanish-English contact in the American West. Western enthusiasts of all backgrounds will find accessible entries full of invaluable information. Robert N. Smead is Associate Professor of Linguistics in the Department of Spanish and Portuguese at Brigham Young University. Ronald Kil is a New Mexico cowboy and artist who has worked on ranches and feedlots all over the West. Richard W. Slatta is Professor of History at North Carolina State University and the author of numerous books, including *Comparing Cowboys and Frontiers*. *World Englishes Volumes I-III Set* Tommetro Hopkins, Kendall Decker, John McKenny, 2013-03-14

World Englishes is a twelve-volume series presenting a comprehensive detailed survey of English as it is spoken all over the world. The volumes are organised into four groups covering Britain, Europe, America, Africa, and Asia, and celebrate English in all its diversity. The chapters contain maps, facts, and figures, and a detailed description about English as it is spoken in each region, and are an invaluable library resource for undergraduates, postgraduates, and academics interested in the diversity of the English language. **The Cowboy Way** Paul H. Carlson, 2006-11-15

The lives of American cowboys have been both real and mythic. This work explores cowboy music, dress, humour, films, and literature in sixteen essays and a bibliography. These essays demonstrate that the American cowboy is a knight of the road who, with a large hat, tall boots, and a big gun, rode into legend and into the history books. **The Annotated Big Sleep** Raymond Chandler, 2018-07-17

The first fully annotated edition of Raymond Chandler's 1939 classic *The Big Sleep* features hundreds of illuminating notes and images alongside the full text of the novel and is an essential addition to any crime fiction fan's library. One of *The Atlantic's* Great American Novels of the Past 100 Years, a masterpiece of noir, Raymond Chandler's *The Big Sleep* helped to define a genre. Today it remains one of the most celebrated and stylish novels of the twentieth century. This comprehensive annotated edition offers a fascinating look behind the scenes of the novel, bringing the gritty and seductive world of Chandler's iconic private eye Philip Marlowe to life. *The Annotated Big Sleep* solidifies the novel's position as one of the great works of American fiction and will surprise and enthrall Chandler's biggest fans. Including personal letters and source texts, the historical context of Chandler's Los Angeles, including maps and images, film stills, and art from the early pulps, an analysis of class, gender, sexuality, and ethnicity in the novel. *An Etymological*
