Peeren, 2014-01-30 What does it mean to live as a ghost Exploring spectrality as a metaphor in the contemporary British and American cultural imagination Peeren proposes that certain subjects migrants servants mediums and missing persons are perceived as living ghosts and examines how this figuration can signify both dispossession and empowerment or agency

**The Aesthetics of Enchantment in the Fine Arts** M. Kronegger, Anna-Teresa Tymieniecka, 2013-03-14 Let us revive the true sense of fine arts enchantment In the conceptualised commercialised artificial approach to fine arts we forgot its authentic experiential sense It lies at the imaginative heart of all arts there to be retrieved by the creative recipient as the very truth of it all

**Legends of Demon Supreme**, Seven, 2019-11-23 As the first Demon Sovereign in the history of the demon beast world he would go for the heavenly tribulation and as long as he endured the ninth heavenly tribulation he would ascend to the legendary Demon Ancestor Unfortunately standing on the flying platform he had acted too arrogantly His luck was poor when he encountered the talking Nine Layered Heavens and he was chased for ninety one days and eighty one days before being chopped into an immortal demon essence From then on he was at odds with the Nine Layered Heavens He swore that he would find a suitable carrier and return to life He would shatter this Nine Layered Heavens and recover his lost face

*Uncommon Readers* Christopher J. Knight, 2003-01-01 Impressive in scope and erudition Christopher Knight's *Uncommon Readers* focuses on three critics whose voices mixing eloquence with pugnacity stand out as among the most notable independent critics working during the last half century The critics are Denis Donoghue Frank Kermode and George Steiner and their independence a striking characteristic in a time of corporate criticism is reflective of both their backgrounds Donoghue's Catholic upbringing in Protestant ruled Northern Ireland Kermode's Manx beginnings and Steiner's Jewish upbringing in pre Holocaust Europe and their temperaments Each represents a party of one a fact that has on the one hand made them the object of the

occasional vituperative dismissal and on the other contributed to their influence and remarkable longevity Since the 1950s Steiner Donoghue and Kermode have each maintained a highly public profile regularly contributing to such influential publications as Encounter New Yorker New York Review of Books Times Literary Supplement and the London Review of Books This aspect of their work receives particular attention in Uncommon Readers for it illustrates a renewed interest in the role of the public critic especially in relation to the genre of the literary review essay and signals a sustained conversation with an educated public namely the common reader Knight makes the argument for the review essay as a serious and still viable genre and he examines the three critics in light of this assumption He expounds upon the critics separate interests Kermode s identification with discussions of canonicity Steiner s with cultural politics and Donoghue s with the persistent claims of the imagination while also revealing the ways in which their work often reflects theological interests Lastly he attempts to adjudicate some of the conflicts that have arisen between these critics and other literary theorists especially the post structuralists and to discuss the question of whether it is still possible for critics to work independently Original and deliberative Uncommon Readers presents a renewed defense of the tradition of the common reader

**Syncopations** Jed Rasula, 2004-05-18 An analysis of the sustaining vitality behind contemporary American poetry from 1975 to the 2003 these 12 essays examine both exemplary innovators and the social context in which innovation is resisted acclaimed or taken for granted

**The Athenæum** ,1845

**Guilty Knowledge, Guilty Pleasure** William Logan, 2014-04-08 William Logan has been a thorn in the side of American poetry for more than three decades Though he has been called the most hated man in American poetry his witty and articulate reviews have reminded

us how muscular good reviewing can be These new essays and reviews take poetry at its word often finding in its hardest cases the greatest reasons for hope Logan begins with a devastating polemic against the wish to have critics announce their aesthetics every time they begin a review The Unbearable Rightness of Criticism is a plea to read those critics who got it wrong when they reviewed Lyrical Ballads or Leaves of Grass or The Waste Land Sometimes he argues such critics saw exactly what these books were they saw the poems plain yet often did not see that they were poems In such wrongheaded criticism readers can recover the ground broken by such groundbreaking books Logan looks again at the poetry of Wallace Stevens Frank O Hara and Philip Larkin at the letters of T S Eliot Elizabeth Bishop and Robert Lowell and at new books by Louise Gl ck and Seamus Heaney Always eager to overturn settled judgments Logan argues that World War II poets were in the end better than the much lauded poets of World War I He revisits the secretly revised edition of Robert Frost s notebooks showing that the terrible errors ruining the first edition still exist The most remarkable essay is Elizabeth Bishop at Summer Camp which prints for the first time her early adolescent verse along with the intimate letters written to the first girl she loved

*American Fiction 1865 - 1940* Brian Lee, 2017-09-29 Brian Lee s study of American fiction from 1865 to 1940 draws on a wealth of material by amongst others Twain James Dreiser Hemingway Fitzgerald and Faulkner Though the works of these writers have been closely scrutinised by postwar critics in Europe and America few attempts have yet been made to utilise the new critical approaches and theories in the service of literary history Brian Lee does so in this book relating the writers of the period both major and minor to its patterns of immense economic social and intellectual change
