## ОРГАНИЗАЦИЯ ПАЛЛИАТИВНОЙ МЕДИЦИНСКОЙ ПОМОЩИ НА РЕГИОНАЛЬНОМ УРОВНЕ

ФГБОУ ВО «Саратовский государственный медицинский университет имени В. И. Разумовского» Минздрава России, 410012, г. Саратов

На современном этапе развития отечественного здравоохранения система паллиативной помощи имеет широкий спектр задач, требующий комплексного решения: существует значительный порог заболеваемости, определяющий социальную ситуацию населения; во многом отсутствует, а в России только 1,2% населения проживает в ней. Несмотря на активные продвижения в последние годы процесса институционализации паллиативной помощи в России, применение региональных программ развития паллиативной помощи, на этом пути есть ряд трудностей и нерешенных проблем, касающихся организационных аспектов службы паллиативной помощи, ее нормативно-правовой базы, кадрового обеспечения и развития системы оказания помощи; обеспечение, применение маркетинговых и психотропных препаратов, профессиональный климат, высокая требовательность и ответственность персонала с вовлечением в его реализацию. Среди источников проблем службы паллиативной помощи можно выделить недостаточное взаимодействие населения и ее началь, недостаточную осведомленность на региональном уровне в реальной потребности населения в паллиативной помощи, дефицит квалифицированных специалистов, в том числе на амбулаторном этапе, нередко отсутствие интеграции и междисциплинарного взаимодействия, недостаточность обеспеченности медицинскими оборудованием, медицинскими изделиями и лекарственными препаратами, высокую доступность амбулаторной помощи, недостаточное привлечение социальных работников для оказания паллиативной помощи взрослым и детям.

**Ключевые слова:** паллиативная медицинская помощь; организация; направления; доступность паллиативной помощи; амбулаторная паллиативная помощь.

## THE ORGANIZATION OF PALLIATIVE MEDICAL CARE ON THE REGIONAL LEVEL

The Federal State Budget Educational Institution of Higher Education "The V. I. Razumovsky Saratov State Medical University" of Ministry of Russia, 410012, Saratov, Russia

The article considers particular issues of current state of palliative care organization, including out-patient stage of its provision, as exemplified by the Saratov Oblast. At the actual stage of national health care system development, palliative care system faces wide range of tasks that require immediate solution, including significant list of diseases that determine palliative status of patients and number of patients in need of corresponding care. According to various estimates, in Russia more than 1.2% of population need palliative care. Despite active progress of institutionalization of palliative care in Russia, adoption of regional programs of development of palliative care, there are a number of difficulties and unsolved problems, concerning organizational issues of palliative care service and its normative legal framework, and various aspects of corresponding assistance (pain relief, use of narcotic and psychotropic drugs, communication, etc.). Among emergency problems of palliative care service are: lack of integration and interdepartmental interaction in palliative care provision; insufficient awareness of real need of population in palliative care; lack of qualified palliative care specialists; insufficient provision of medical equipment, medical products and medications; high demand for volunteer organizations participation; insufficient involvement of social workers in palliative care support of adults and children.

**Key words:** palliative care; organization; directions; access of palliative care; outpatient palliative care.
