*The Soviet Union and Communist China 1945-1950: The Arduous Road to the Alliance* Dieter Heinzig, 2015-06-18

Drawing on a wealth of new sources this work documents the evolving relationship between Moscow and Peking in the twentieth century Using newly available Russian and Chinese archival documents memoirs written in the 1980s and 1990s and interviews with high ranking Soviet and Chinese eyewitnesses the book provides the basis for a new interpretation of this relationship and a glimpse of previously unknown events that shaped the Sino Soviet alliance An appendix contains translated Chinese and Soviet documents many of which are being published for the first time The book focuses mainly on Communist China's relationship with Moscow after the conclusion of the treaty between the Soviet Union and Kuomintang China in 1945 up until the signing of the treaty between Moscow and the Chinese Communist Party in 1950 It also looks at China's relationship with Moscow from 1920 to 1945 as well as developments from 1950 to the present The author reevaluates existing sources and literature on the topic and demonstrates that the alliance was reached despite disagreements and distrust on both sides and was not an inevitable conclusion He also shows that the relationship between the two Communist parties was based on national interest politics and not on similar ideological convictions

**The Soviet Union and International Cooperation in Legal Matters** George Ginsburgs, 2023-11-27 The present title is the second in a three volume set addressed to the general theme of The Soviet Union and International Cooperation in Legal Matters This project will concentrate essentially on the post World War II repertory with some reference to pre 1945 antecedents in order to put the picture in a clearer perspective The preceding volume published in 1988 treated the Soviet Union's record in the field of commercial arbitration and the last one in this three volume set is scheduled to consider its related practices in the domain of criminal law In Part II the author analyzes the ensemble of rules observed between states whereby the legal organs of one will procure for the legal organs of the other procedural services designed to facilitate performance by the recipient party of its mission to administer justice

Pantsov, Steven I. Levine, 2015-04-01 Deng Xiaoping joined the Chinese Communist movement as a youth and rose in its ranks to become an important lieutenant of Mao s from the 1930s onward Two years after Mao s death in 1976 Deng became the de facto leader of the Chinese Communist Party and the prime architect of China s post Mao reforms Abandoning the Maoist socio economic policies he had long fervently supported he set in motion changes that would dramatically transform China s economy society and position in the world Three decades later we are living with the results China has become the second largest economy and the workshop of the world And while it is essentially a market economy socialism with Chinese characteristics Deng and his successors ensured the continuation of CCP rule by severely repressing the democratic movement and maintaining an iron grip on power When Deng died at the age of 92 in 1997 he had set China on the path it is following to this day Alexander Pantsov and Steven Levine s new biography of Deng Xiaoping does what no other biography has done based on newly discovered documents it covers his entire life from his childhood and student years to the post Tiananmen era Thanks to unprecedented access to Russian archives containing massive files on the Chinese Communist Party the authors present a wealth of new material on Deng dating back to the 1920s In a long and extraordinary life Deng navigated one epic crisis after another Born in 1904 Deng like many Asian revolutionary leaders spent part of the 1920s in Paris where he joined the CCP in its early years He then studied in the USSR just as Stalin was establishing firm control over the Soviet communist party He played an increasingly important role in the troubled decades of the 1930s and 1940s that were marked by civil war and the Japanese invasion He was commissar of a communist dominated area in the early 1930s loyal henchman to Mao during the Long March regional military commander in the anti Japanese war and finally a key leader in the 1946 49 revolution During Mao s quarter century rule Deng oscillated between the heights and the depths of power He was purged during the Cultural Revolution only to reemerge after Mao s death to become China s paramount leader until his own death in 1997 This objective balanced and unprecedentedly rich biography changes our understanding of one of the most important figures in modern history      *Documents of Soviet History: Revolution from above, 1929-1931* Rex A. Bolshevik revolution to the demise of the USSR Publisher Soviet Foreign Relations and World Communism Thomas Taylor Hammond, 1965 Mao Alexander V. Pantsov, Steven I. Levine, 2013-10-29 Originally published in a different version in 2007 in Russian by Molodaia Gvardiia as Mao Tzedun Title page verso Victorious in Defeat Alexander V. Pantsov, 2023-03-21 An extensively researched comprehensive biography of Chinese Nationalist leader Chiang Kai shek one of the twentieth century s most powerful and controversial figures Chiang Kai shek 1887 1975 led the Republic of China for almost fifty years starting in 1926 He was the architect of a new republican China a hero of the Second World War and a faithful ally of the United States Simultaneously a Christian and a Confucian Chiang dreamed of universal equality yet was a perfidious and cunning dictator responsible for the deaths of over 1 5 million innocent people This critical biography is based on Chiang Kai shek s unpublished diaries his extensive personal files from the Russian archives and the Russian files of his relatives associates and foes Alexander V Pantsov sheds new light on the role played by the Russians in Chiang s rise to power in the 1920s and throughout his political career and indeed the Russian influence on the Chinese revolutionary movement as a whole as well as on Chiang s complex relationship with top officials of the United States It is a detailed portrait of a man who ranks with Stalin Roosevelt Hitler Churchill and Gandhi as leaders who shaped our world **The Bear Watches the Dragon** Alexander Lukin, 2016-09-16 China and Russia two giants dominating the Eurasian landmass share a history of understanding and misunderstanding whose nuances are not well appreciated by outsiders In his interpretation of this relationship from the Russian point of view Alexander Lukin shows how over the course of three centuries China has seemed alternately to threaten mystify imitate mirror and rival its northern neighbor Lukin traces not only the changing dynamics of Russian Chinese relations but the ways in which Russia s images of China more profoundly reflected Russia s self perception and its perceptions of the West as well As both Russia and China take distinctive approaches to political and economic development and integration in the twenty first century global economy this reinterpretation of their relationship is timely and valuable not only to historians but to all students of international affairs The Writing of History in the Soviet Union Anatole Gregory Mazour, 1971 **Beyond the Steppe Frontier** Sören Urbansky, 2021-12-14 Over two thousand miles long the boundary between Russia and China is the world s longest land border Though sometimes considered a backwater the border region was always of critical geopolitical importance and has a fascinating history Not only did this border divide the two largest Eurasian empires it was also the place where European and Asian civilizations met where nomads and settled peoples mingled where the imperial interests of Russia China and Japan clashed and where both conflicts and gestures of friendship between the world s largest Communist regimes were staged This book is a history of this border from the late nineteenth century until the fall of the Soviet Union The border has undergone a remarkable transformation since the late nineteenth century As late as the 1920s Russian Chinese and native worlds were intricately interwoven in the region and the frontier was barely regulated By the end of the twentieth century however the two countries had succeeded in cutting kin

cultural economic and religious connections between the two sides through deportation forced assimilation and nationalist propaganda campaigns Only with the collapse of the Soviet Union would China and Russia reopen the border but even today the line between countries demarcates two distinct regions with remarkably different worldviews and cultures Drawing on sources in seven languages including extensive archival research interviews and oral histories Urbansky stresses the significant role of the local population in supporting or more often undermining the two states border making efforts
