Daniel B. Clendenin

Soviet Believers The Religious Sector Of The Population:

Soviet Believers William C. Fletcher, 1981 Proselytism and Orthodoxy in Russia John Witte, Michael

Bourdeaux, 2009-05-01 Few of the struggles Russia has undergone since the fall of Communism have been fiercer than that being fought between the long repressed Russian Orthodox Church and a host of groups seeking to evangelize the Russian people This volume assesses the legitimacy of the Orthodox attempt to reclaim the spiritual and moral heart of the Russian people and to retain their adherence in a new pluralistic world where many Christians and followers of other traditions seek the right to establish themselves Proselytism and Orthodoxy in Russia also brings together the latest scholarship on the new Russian laws regarding religion as well as suggesting guidelines for foreign missionaries in Russia **The Plot to Kill God**

Paul Froese, 2008-08-06 Paul Froese explores the nature of religious faith in a provocative examination of the most massive atheism campaign in human history That campaign occurred after the 1917 Russian Revolution when Soviet plans for a new Marxist utopia included the total eradication of all religion Even though the Soviet Union's attempt to secularize its society was quite successful at crushing the institutional and ritual manifestations of religion its leaders were surprised at the persistence of religious belief Froese's account reveals how atheism when taken to its extreme can become as dogmatic and oppressive as any religious faith and illuminates the struggle for individual expression in the face of social repression The

Faces of Contemporary Russian Nationalism John B. Dunlop, 2014-07-14 In contrast to the substantial output of Western works on the revival of nationalism among the non Russians in the USSR the critical phenomenon of Russian nationalism has been little studied in the West Here John B Dunlop measures the strength and political viability of a movement that has been steadily growing since the mid 1960s and that may well eventually become the ruling ideology of the state Professor Dunlop's comprehensive discussion depicts for the Western reader the gamut of Russian nationalism from Solzhenitsyn to the vehement National Bolsheviks Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Modes of Religiosity in**

Eastern Christianity Vlad Naumescu, 2007 This volume offers original insights into the religious transformations taking place in postsocialist western Ukraine Applying a cognitive theory based on two modes of religiosity the doctrinal and the imagistic author Vlad Naumescu reveals the mechanisms of reproduction and change that make the local eastern Christian tradition a living tradition of faith He combines rich ethnographic materials with historical and theological sources to depict a religion in equilibrium between the two modes maintaining revelation at the core of its doctrinal corpus He argues that religion is a potential source for social change that empowers people to act upon reality and transform it With his innovative

exploration of the dynamics of an eastern Christian tradition Naumescu makes a major contribution to the emerging anthropology of Christianity as well as to studies of postsocialism **Eastern Orthodox Christianity** Daniel B. Clendenin,2003-10 A clear introduction to Eastern Orthodoxy and key aspects of the tradition Includes new content and an updated bibliography Factors Behind the Ukrainian Evangelical Missionary Surge from 1989 to 1999 John Edward White,2020-03-16 Throughout its history the Soviet Union was one of the most closed places in the world to missionary work As perestroika came in the late 1980s and the Soviet Union fell in 1991 a spiritual vacuum formed as massive numbers of people became interested in Christianity An unprecedented freedom allowed evangelicals to engage in missionary work Much has been written about foreign evangelical missionary work during this period but virtually nothing has been written about nationals doing ministry This book examines the remarkable surge in Ukrainian evangelical missionary work from 1989 to 1999 Both Baptists and Pentecostals engaged in a wave of missions flowing from Ukraine to the end of the earth Siberia What were these pioneering missionaries like What motivated them What enabled them to do what had been forbidden for so long What legacy did they leave for us today What can we learn from their example for future missions This book also looks at how a surge in missions takes place analyzing the factors behind the Ukrainian evangelical missionary surge by looking at different models for change Here we consider what steps can we take to help bring about new missionary surges **The Russian Orthodox Church** Jane Ellis,2024-11-26 The Russian Orthodox Church 1986 concentrates on the recent history of the church examining the situation of Russian Orthodox believers in the Soviet Union It demonstrates that freedom of religion did not exist in the Soviet Union although the church remained a vigorous and potent force in Soviet society which the authorities were unable to ignore Eastern Orthodox Theology Daniel B. Clendenin,2003-10 A clear introduction to Eastern Orthodoxy and key aspects of the tradition Now contains new articles and additional readings on Orthodoxy and evangelicalism **Eastern Christianity and Politics in the Twenty-First Century** Lucian N. Leustean,2014-05-30 This book provides an up to date comprehensive overview of Eastern Christian churches in Europe the Middle East America Africa Asia and Australia Written by leading international scholars in the field it examines both Orthodox and Oriental churches from the end of the Cold War up to the present day The book offers a unique insight into the myriad church state relations in Eastern Christianity and tackles contemporary concerns opportunities and challenges such as religious revival after the fall of communism churches and democracy relations between Orthodox Catholic and Greek Catholic churches religious education and monastic life the size and structure of congregations and the impact of migration secularisation and globalisation on Eastern Christianity in the twenty first century *Church and State in the Modern Age* J. F. Maclear,1995 This is a collection of documents on church state relations in modern history All material is associated with the evolution of the post Reformation churches Catholic Protestant and Orthodox in their relationship to the simultaneously developing moder **The Illuminating Icon** Anthony Ugolnik,1989 This is a print on demand book and is therefore non returnable In

Christ there is no East or West claims a familiar hymn But the truth is that American Christians know little about Russian Orthodox Christians and harbor many misconceptions about them In this revealing book Anthony Ugolnik shows how the thousand year old Russian Orthodox tradition actively shapes the life of contemporary Russian Christians and he points out how Russian Orthodoxy can inform and enrich American Christianity Ugolnik speaks from a unique perspective of Russian descent he is an American Christian who has a strong and genuine personal bond with Russian Christians Ugolnik begins his discussion by exploring the alienation between Russians and Americans a cultural and religious alienation that is still very strong today despite changing rhetoric and glasnost Americans tend to picture Russian Christians as cowed and ragged masses on the contrary says Ugolnik they are a stalwart strong community American Christians also tend to be suspicious about the role of icons in Russian Orthodox worship But Ugolnik points out that icons are not idols rather they are religious objects that image forth the majesty of God This powerful sense of the holy that pervades Russian Orthodoxy could reinvigorate American Christianity Indeed the Russian Orthodox have much to offer American Christians according to Ugolnik They place a much greater emphasis on community in their life and worship an emphasis that could help transform the individualistic faith of many American Christians Similarly the Orthodox emphasis on historical and spiritual continuity in contrast to the imagery of restoration and revival in Reformation Christianity could strengthen the worship and witness of American Christians And the Orthodox sense of the beautiful born of a complex aesthetics that undergirds Russian faith and culture could enrich the foundation as well as the expression of American Christianity In the end American and Russian Christians share the common dilemma of how to relate to the secular world around them and the Russian Orthodox emphasis on dialogue and engagement could vitalize the way American Christians live out their faith In this multifaceted book Ugolnik weaves personal experiences with richly developed explorations of Russian and American belief and incisive observations that draw on the literature philosophy theology and history of both cultures With both passion and compassion Ugolnik urges Russian and American Christians to look to the illuminating icon of our incarnate God for guidance Let that icon draw us deep into the mystery of a shared life in the Spirit

Russia, the Roots of Confrontation Robert Vincent Daniels, 1985 This book examines the historical contrasts between East and West and elucidates the Russian enigma It springs from the thesis that Russia's national character and its international relations can be understood only in light of the traumas and triumphs privation and privileges that the country weathered under the tsars and the Soviets

[Eastern Christianity and the Cold War, 1945-91](#) Lucian Leustean, 2010-01-21 This book provides a comprehensive overview of the dynamics between Eastern Christianity and politics from the end of the Second World War to the fall of communism covering 40 Orthodox churches including diasporic churches in Africa Asia America and Australia

Holy Sobriety in Modern Russia Page Herrlinger, 2023-08-15 No detailed description available for Holy Sobriety in Modern Russia

Orthodoxy and Difference Dmitri Sidorov, 2001-01-01 This long standing series provides the guild of religion scholars a venue for publishing aimed

primarily at colleagues It includes scholarly monographs revised dissertations Festschriften conference papers and translations of ancient and medieval documents Works cover the sub disciplines of biblical studies history of Christianity history of religion theology and ethics Festschriften for Karl Barth Donald W Dayton James Luther Mays Margaret R Miles and Walter Wink are among the seventy five volumes that have been published Contributors include C K Barrett Francois Bovon Paul S Chung Marie Helene Davies Frederick Herzog Ben F Meyer Pamela Ann Moeller Rudolf Pesch D Z Phillips Rudolf Schnackenburgm Eduard Schweizer John Vissers

Orthodoxy and the Cold War L. Leustean,2008-12-10 Explores the dynamics between Orthodoxy and politics in Romania providing an accessible narrative on church state relations from the establishment of the state in 1859 to the rise of Ceau escu in 1965 The book argues that Romanian national communism had an ally in a strong Church and analyzes religious diplomacy with actors in the West

A Long Walk To Church Nathaniel Davis,2018-10-08 Making use of the formerly secret archives of the Soviet government interviews and first hand personal experiences Nathaniel Davis describes how the Russian Orthodox Church hung on the brink of institutional extinction twice in the past sixty five years In 1939 only a few score widely scattered priests were still functioning openly Ironically Hitler s invasion and Stalin s reaction to it rescued the church and parishes reopened new clergy and bishops were consecrated a patriarch was elected and seminaries and convents were reinstituted However after Stalin s death Khrushchev resumed the onslaught against religion Davis reveals that the erosion of church strength between 1948 and 1988 was greater than previously known and it was none too soon when the Soviet government changed policy in anticipation of the millennium of Russia s conversion to Christianity More recently the collapse of communism has created a mixture of dizzying opportunity and daunting trouble for Russian Orthodoxy The newly revised and updated edition addresses the tumultuous events of recent years including schisms in Ukraine Estonia and Moldova and confrontations between church traditionalists conservatives and reformers The author also covers battles against Greek Catholics Roman Catholics Protestant evangelists and pagans in the south and east the canonization of the last Czar the church s financial crisis and hard data on the slowing Russian orthodox recovery and growth Institutional rebuilding and moral leadership now beckon between promise and possibility

Politics of Ideocracy Jaroslaw Piekalkiewicz,1995-02-01 Explains why and how ideocratic and totalitarian governments emerge establish themselves evolve eventually collapse and disintegrate or transform themselves into new ideocracies

Gender, Creation Myths and their Reception in Western Civilization Lisa Maurice,Tovi Bibring,2022-01-13 This volume offers an instructive comparative perspective on the Judaic Christian Greek and Roman myths about the creation of humans in relation to each other as well as a broad overview of their enduring relevance in the modern Western world and its conceptions of gender and identity Taking the idea that the way in which a society regards humanity and especially the roots of humanity is crucial to an understanding of that society it presents the different models for the creation and nature of mankind and their changing receptions over a range of periods and places It thereby

demonstrates that the myths reflect fundamental continuities evolutions and developments across cultures and societies in no context are these more apparent than with regard to gender Chapters explore the role of gender in Graeco Roman and Judaeo Christian creation myths and their reception traditions demonstrating how perceptions of male and female dating back to antiquity have become embedded in and significantly influenced subsequent perceptions of gender roles Focusing on the figures of Prometheus Pandora Adam and Eve and their instantiations in a broad range of narratives and media from antiquity to the present day they examine how variations on these myths reflect the concerns of the societies producing them and the malleability of the stories as they are recast to fit different contexts and different audiences
