Readings in the Sociology of Jewish Languages Joshua A. Fishman, 2023-08-28
Language Loyalty, Continuity and Change Rakhmiel Peltz, Harold F. Schiffman, 2006-01-01 This short volume provides a comprehensive and synoptic view of Joshua A. Fishman's contributions to international sociolinguistics. The two integrative essays provide readers with the essential understandings of Fishmanian sociolinguistics and his contributions to Yiddish scholarship. An up-to-date comprehensive bibliography prepared by Gella Schweid Fishman as well as Fishman's own concluding sentiments complement the integrative essays.

Explorations in Japanese Sociolinguistics Leo Loveday, 1986-01-01
Explorations in Japanese Sociolinguistics provides a treasure of information on the Japanese language and the social and cultural system it has developed and is embedded in. To the non-specialist it opens an unknown world. To the specialist it offers theoretical and methodological perspectives aimed at avoiding the interference of myth and musing with accurate characterizations. A general introduction on Japanese sociolinguistics is followed by two case studies: one on the ethnography of ritual and address at a Japanese wedding reception and one on the pragmatics of Japanese donatory verbs. The final chapter discusses cross-cultural contrasts and the danger of semiotic schism in Japanese-Western interaction.
Politics and the Theory of Language in the USSR 1917-1938 Craig Brandist, Katya Chown, 2011
Politics and the Theory of Language in the USSR 1917-1938 provides ground-breaking research into the relationship between linguistic theory and politics during the first two decades of the USSR. This work introduces some of the era's most notable figures whose achievements have been largely overlooked in the West and provides a thought-provoking discussion of the innovative approaches they developed. Some of these insights still have a progressive role to play in scholarship today.

Introduction to Sociolinguistics Aleksandr Davidovich Shve?t's'er, 1986-01-01 Translation from the original Russian edition. It focuses on such theoretical issues as the subject matter of sociolinguistics, the functioning of sociocommunicative systems, language policy and social aspects of verbal behavior.

Cultural and Linguistic Minorities in the Russian Federation and the European Union Heiko F. Marten, Michael Rießler, Janne Saarikivi, Reetta Toivanen, 2015-01-06 This is the

first comprehensive volume to compare the sociolinguistic situations of minorities in Russia and in Western Europe As such it provides insight into language policies the ethnolinguistic vitality and the struggle for reversal of language shift language revitalization and empowerment of minorities in Russia and the European Union The volume shows that even though largely unknown to a broader English reading audience the linguistic composition of Russia is by no means less diverse than multilingualism in the EU It is therefore a valuable introduction into the historical backgrounds and current linguistic social and legal affairs with regard to Russia s manifold ethnic and linguistic minorities mirrored on the discussion of recent issues in a number of well known Western European minority situations

on Error Variables in Grammar Philip A. Luelsdorff,1986-01-01 An in depth investigation of constraints on error variables in grammar with special reference to bilingual misspelling orthographies A corpus of errors is examined in minute detail In the course of this analysis received categories and standard assumptions about linguistic errors are critically scrutinized some are sharpened and others are abandoned Many conceptual snarls having to do with the notion of error in linguistic performance are untangled in this book **Language Policy and Language Issues in the Successor States of the**

Former USSR Sue Wright, 2000 This book looks at the question of language rights the rights of minorities to remain monolingual if they so wish and the rights of governments to promote the language of the majority as the language of the state The central question is once again the thorny problem of whether linguistic rights are fundamental human rights and therefore inalienable and individual or whether they are group rights since communication necessarily involves more than one individual The context of this discussion is the situation of the Russian speakers in Latvia and Kyrgyzstan
