

Task Strategies : An Empirical Approach to Clinical Social Work

Reid, William J.; Abramson, Julie S.

Task Strategies An Empirical Approach To Clinical Social Work

Mark Doel, Peter Marsh

Task Strategies An Empirical Approach To Clinical Social Work:

Task Strategies William James Reid, 1992 An in depth examination of intervention strategies suitable for common problems encountered by clinical social workers difficulties of families and children anxiety depression alcohol abuse inadequate resources and psychosocial problems associated with mental and physical illness

Task-Centred Social Work Mark Doel, Peter Marsh, 2017-03-02 Task centred practice is a forward thinking goal orientated approach to social work It is a practice based approach built on research which reflects the new mood being developed in the social work field and it has now been successfully used in a wide variety of settings and circumstances The theme of Task Centred Social Work is partnership exploring the principles on which task centred practice is based while offering clear and practical guidance for work whether with people who seek help with social problems or with those who are involuntary clients The book describes in detail the sequence of work to help clients move from present problems to future goals This is illustrated by a case study which runs through the chapters and uses an imaginative recording style Checklists and bibliographies are also used to aid understanding The authors respond to the model s critics and explore both the scope and the limitations of the task centred practice Social professionals whether working in practice or in training settings will find this book an invaluable aid to the development of successful social practice work

Handbook of Clinical Social Work Supervision Carlton Munson, 2012-11-12 Take social work supervision into the new millennium This newly revised edition of the classic text is a thorough comprehensive guidebook to every aspect of supervision including learning styles teaching techniques emotional support for supervisors and supervision in different settings Its detailed discussions of ethics and legal issues in practice are invaluable Designed for use by busy supervisors Handbook of Clinical Social Work Supervision Third Edition offers a new partnership model of supervision Thoroughly revised and updated Handbook of Clinical Social Work Supervision Third Edition addresses the dramatic changes in the field brought by new technologies and managed care Numerous case illustrations and exercises supplement the text to facilitate classroom discussion or continuing education seminars Assessment scales have been modified to conform to more recent data and the questionnaires have been extensively revised In addition you will find significant new material on crucial topics including using DSM IV categories for diagnosis and assessment how managed care has changed treatment planning practice protocols documentation and other aspects of social work issues of cultural diversity including respect for persons with disabilities and handling gender issues dealing with specific problems and populations including domestic violence substance and alcohol abuse and child and adolescent treatment a model for managing organizational change social worker stress and burnout new directions for social work as a profession Handbook of Clinical Social Work Supervision Third Edition will help you change your practice with the times by incorporating the capabilities of the Internet and other advanced technologies It will also teach you to work around the restrictions created by managed care insurance plans This bestselling textbook is ideal for classroom use as well as being an

essential resource for any supervisor **The Routledge Handbook of Social Work Theory** Malcolm Payne, Emma Reith-Hall, 2019-06-25 The Routledge Handbook of Social Work Theory provides an interdisciplinary and international introduction to social work theory It presents an analytical review of the wide array of theoretical ideas that influence social work on a global scale It sets the agenda for future trends within social work theory Separated into four parts this handbook examines important themes within the discourses on social work theory as well as offering a critical evaluation of how theoretical ideas influence social work as a profession and in practice It includes a diverse range of interdisciplinary topics covering the aims and nature of social work social work values and ethics social work practice theories and the use of theory in different fields of practice The contributors show how and why theory is so important to social work and analyze the impact these concepts have made on social intervention Bringing together an international team of leading academics within the social work field and newer contributors close to practice this handbook is essential reading for all those studying social work as well as practitioners policymakers and those involved in the associated fields of health and social care **The Palgrave Handbook of Global Social Work Education** Sajid S.M., Rajendra Baikady, Cheng Sheng-Li, Haruhiko Sakaguchi, 2020-10-23 This handbook addresses the issues and challenges of the delivery of social work education in the contemporary world It provides an authoritative overview of the key debates switching the lens away from a Western centric focus to engage with a much broader audience in countries that are in the process of modernization and professionalization alongside those where social work education is more developed Chapters tackle major challenges with respect to curriculum teaching practice and training in light of globalization providing a thorough examination of the practice of social work in diverse contexts This handbook presents a contribution to the process of knowledge exchange which is essential to global social work education It brings together professional knowledge and lived experience both universal and local and aims to be an essential reference for social work educators researchers and students **Contemporary Field Social Work** Mark Doel, Steven M Shardlow, Steven Shardlow, Paul G. Johnson, 2010-06-29 This text bridges the gap by offering learning activities that can be worked in both settings The book is divided into four main parts that accounts for the major areas of social work practice Part I covers the foundations of practice including self awareness and knowing and learning about the community within one will practice The second part deals with direct practice and covers individual assessment and group work The third part focuses on agency practice and finally the last part covers special issues for consideration including multicultural practice law informed practice ethics specialist and comparative practice **Designing and Managing Programs** Peter M. Kettner, Robert M. Moroney, Lawrence L. Martin, 2022-09-30 This classic text for social work and human services helps readers grasp the meaning and significance of measuring performance and evaluating outcomes Hands on and practical Designing and Managing Programs incorporates the principles of effectiveness based planning as it addresses the steps of designing implementing and evaluating a human services program at the local agency level Written by leaders in the

field it guides students through the process from beginning to end Meaningful examples from problem analysis and needs assessment to evaluating effectiveness and calculating costs enhance reader understanding of how concepts are implemented in the real world The Sixth Edition contains new examples and references and updates based on changes to federal regulations An instructor website includes essay questions PowerPoint slides and suggested assignments designed by the authors

Modern Social Work Practice Mark Doel, 2017-03-02 *Modern Social Work Practice* is an interactive book designed to provide readers with an opportunity to engage with key aspects of current social work practice It also provides an excellent digest of the significant literature Each chapter is introduced with an activity or exercise designed to aid student learning in discrete aspects of practice building up to a complete curriculum for practice learning The book builds upon the success and style of *Social Work Practice* 1993 and *The New Social Work Practice* 1998 Mark Doel and Steven M Shardlow have shaped the book to take account of the National Occupational Standards for Social Work aiming to provide a creative practical and up to date resource for teaching and learning in line with current practices

Behavioral Medicine John S. Wodarski, 2009-04-03 Health care costs and the effective management of health care are of primary importance and concern to federal state and local governments Consequently it is necessary to develop innovative successful and integrated cost effective treatments and procedures *Behavioral Medicine* presents a new model to address these needs *Behavioral Medicine* discusses the composition of effective psychosocial treatment and presents a cost analysis of social work and its services By defining the problems that need to be addressed in health care costs and management applying research and using studies this text presents an effective model for health care organizations It also presents a profile of the Behavioral Social Worker which defines the abilities needed to be effective in the role and looks at the key impact areas for a behavioral health model This is a comprehensive guide for social workers preparing to work in health care organizations and for existing social workers academics and practitioners of behavioral medicine in health settings

Working with Involuntary Clients Chris Trotter, 2015-04-24 Many social workers are employed in positions where they deal with involuntary clients These positions are demanding and require a specific set of skills The new edition of this successful book provides an accessible and practical guide for managing difficult and sensitive relationships and communicating with reluctant clients The author directly links theory to real life by adopting a jargon free and accessible guide to working in partnership with involuntary clients Written in a lively and engaging style the book is relevant across the curriculum and richly illustrated with case examples drawn from a variety of service user groups such as work with people with addictions young people who refuse to go to school and mental health patients who refuse treatment as well as examples from criminal justice and child protection The author's integrated and systematic approach promotes prosocial values emphasizes clarifying roles and deals with issues of authority and goal setting Fully revised and updated throughout to reflect contemporary research and practice the book includes increased emphasis on risk assessment cognitive behavioural approaches including manualised intervention programs and reflective

practice The result is an invaluable practical guide for social work and social care students and professionals to working with both clients and their families
