The Hellenistic Settlements In Europe The Islands And Asia Minor Hellenistic Culture And Society:

The Hellenistic Settlements in Europe, the Islands, and Asia Minor Getzel M. Cohen, 1995 This is an important book which should become the standard reference work on Hellenistic colonies in Greece and Asia Minor Richard A Billows Columbia University Professor Cohen provides us with a comprehensive survey of over a half century of archaeological activity and an indispensable reference tool for those interested in Hellenistic political history and the urban history of antiquity The scholarship is superior in every respect Stanley Burstein California State University Los Angeles **The**

Hellenistic Settlements in Europe, the Islands, and Asia Minor Getzel M. Cohen, 1996-11-02 This compendium provides historical narratives detailed references citations and commentaries on all the cities founded or refounded in Europe The Islands and Asia Minor during the Hellenistic period Organized coherently in more than 180 entries it is one of the most significant reference works in the field of Greek history to be completed in the past decade *The Hellenistic Settlements in*

Syria, the Red Sea Basin, and North Africa Getzel M. Cohen, 2006-10-03 The Hellenistic Settlements in Syria the Red Sea Basin and North Africa will take its place as the first volume has already done as an indispensable resource for the study of Greek history The book will be a research tool of lasting value there is nothing remotely similar available to the student of urbanism in the ancient world The scholarship is of the highest quality thorough and current Kent Rigsby editor of Greek Roman and Byzantine Studies **The Hellenistic Settlements in the East from Armenia and Mesopotamia to Bactria**

and India Getzel M. Cohen, 2013-06-02 This is the third volume of Getzel Cohen's important work on the Hellenistic settlements in the ancient world Through the conquests of Alexander the Great his successors and others Greek and Macedonian culture spread deep into Asia with colonists settling as far away as Bactria and India In this book Cohen provides historical narratives detailed references citations and commentaries on all the Graeco Macedonian settlements founded or refounded in the East Organized geographically Cohen pulls together discoveries and debates from dozens of widely scattered archaeological and epigraphic projects making a distinct contribution to ongoing questions and opening new avenues of inquiry **Economy of the Sacred in Hellenistic and Roman Asia Minor** Beate Dignas, 2002-12-12 This

original study challenges the idea that sanctuaries in Hellenistic and Roman Asia Minor were fully institutionalized within the poleis that hosted them Examining the forms of interaction between rulers cities and sanctuaries the book proposes a triangular relationship in which the rulers often acted as mediators between differing interests of city and cult A close analysis of the epigraphical evidence illustrates that neither the Hellenistic kings nor the representatives of Roman rule appropriated the property of the gods but actively supported the functioning of the sanctuaries and their revenues The powerful role of the sanctuaries was to a large extent based on economic features which the sanctuaries possessed precisely because of their religious character Nevertheless a study of the finances of the cults reveals frequent problems concerning the upkeep of cults and a particular need to guard the privileges and property of the gods Their situation oscillated between

glut and dearth When the harmonious identity between city and cult was disturbed those closely attached to the cult acted on behalf of their domain Colonial Geopolitics and Local Cultures in the Hellenistic and Roman East (3rd century BC - 3rd century AD) Hadrien Bru, Adrian George Dumitru, Nicholas Sekunda, 2021-12-23 What changes in the material culture can we observe when a state is overwhelming a local population with soldiers katoikoi and civil officials or merchants What were the mutual influences between native and colonial cultures This collection addresses these questions and many more focusing on the Hellenistic and Roman East **The Hellenistic Settlements in the East from Armenia and Mesopotamia to Bactria and India** Getzel M. Cohen, 2013-06-02 This is the third volume of Getzel Cohen's important work on the Hellenistic settlements in the ancient world Through the conquests of Alexander the Great his successors and others Greek and Macedonian culture spread deep into Asia with colonists settling as far away as Bactria and India In this book Cohen provides historical narratives detailed references citations and commentaries on all the Graeco Macedonian settlements founded or refounded in the East Organized geographically Cohen pulls together discoveries and debates from dozens of widely scattered archaeological and epigraphic projects making a distinct contribution to ongoing questions and opening new avenues of inquiry **Antiochos III and the Cities of Western Asia Minor** John Ma, 2000-03-10 This work examines a test case for the relationship between the polis and the Hellenistic empire focusing specifically on the interaction between Antiochos III and the cities of Western Asia Minor 226-188 BC Such a study is possible thanks to a rich epigraphical documentation which has been reproduced extensively and translated in an appendix to this book Dr Ma approaches this material from a variety of angles narrative history structural analyses of imperial power and analyses of the functions played by language and stereotype in the interaction between rulers and ruled The result is to further a nuanced appreciation of the relation between the Hellenistic king and the Hellenistic polis by drawing attention to the power of the Hellenistic empires to the capacity of political language to modify power relations and to the efforts of the Hellenistic polis to preserve its sense of identity and civic pride if not its political independence **Judah Between East and West** Lester L. Grabbe, Oded Lipschits, 2013-05-01 This is a collection of essays examining the period of transition between Persian and Greek rule of Judah ca 400-200 BCE Subjects covered include the archaeology of Maresa Marisa Jewish identity Hellenization Hellenism Ptolemaic administration in Judah biblical and Jewish literature of the early Greek period the size and status of Jerusalem the Samaritans in the transition period and Greek foundations in Palestine *Hellenistic Economies* Zofia H. Archibald, John Davies, Vincent Gabrielsen, Graham Oliver, 2006-01-16 This book breaks new ground by distilling and presenting new and newly reinterpreted evidence for the Hellenistic era and offering a compelling new set of interpretative ideas to the debate on the ancient economy
