Skills Clinical Supervision A Practical Guide For Supervisees Clinical Supervisors And Managers:

Skills of Clinical Supervision for Nurses Meg Bond, Stevie Holland, 2011-01-16 I have eagerly awaited the follow up to Bond Holland's ground breaking first edition published some 12 years ago This second edition is completely revisited retaining the readable chapter structure but tackling the key questions head on pertinent to clinical supervision development for nursing in the 21st century Once again the authors do not pull any punches critically reviewing the nature of and challenges posed for its full implementation in practice The strengths of this book as I expected are its practical application in and for practice The continued emphasis on skills development in the clinical supervision relationship is evident embroidered within the emotional work of everyday nursing practice This is an essential read for all those still wrestling with full implementation in practice and presents a treasure trove of ideas for those actively engaging in the process John Driscoll CONTINUING PROFESSIONAL Development CPD Consultant Healthcare This perennial bestseller provides a practical and accessible skills based text on how to implement and engage in clinical supervision It provides clear frameworks to guide learning with real life examples from across the range of nursing specialisms Offering grounded perspectives on supervision for nurses it has been thoroughly updated to reflect changes and developments in the profession The book includes Exploration of the theory and development of clinical supervision An analysis of the process and skills of in depth reflection Guidelines on developing key skills for both supervisors and supervisees A critique of group supervision and ways to make it more effective New ideas for developing organizational frameworks for supervision The authors wealth of experience is reflected in their outline for a code of ethics that addresses self disclosure and accountability issues in clinical supervision This book is key reading for nurses midwives and health visitors and their managers as well as professional support workers and educators who have an interest in the practical implementation of clinical supervision

The New Midwifery Lesley Ann Page, Rona McCandlish, 2006-12-05 Practicing as a midwife today requires not only good clinical skills but also a broad understanding of the social and emotional changes a woman experiences before and after birth This book combines scientific knowledge with the more intangible skills needed for sensitive communication to provide the best possible care to the mother and her family The second edition of this celebrated text vividly explores the various skills and approaches that lead to successful midwifery practice and uses care stories to bring these to life Provides a refreshingly new approach to key areas of midwifery practice in a way that brings practice to life Illustrates and supports the fundamental changes currently taking place in midwifery around the world Builds on the most up to date evidence based research to suggest guidelines for best practices Explores the impact of parenthood and offers strategies for effectively supporting individuals during this period of transition Includes care stories case studies that highlight positive midwifery care and successful childbirth experiences Offers contrasting stories from around the world illustrating how maternity care in industrialized society differs from that in a non industrial or third world environment Provides up to date research and reference material

Skills Of Clinical

Supervision For Nurses Bond, Meg, Holland, Stevie, 2011-01-01 This is the first practical book on clinical supervision for nurses It offers ways of understanding the context of clinical supervision in nursing and pinpoints organizational and personal pitfalls that can sabotage its effectiveness

Supervising the Counsellor and Psychotherapist Steve Page, Val Wosket, 2014-07-17 Supervising the Counsellor and Psychotherapist considers how to meet the supervision needs of trainee and experienced counsellors psychotherapists and other helping professionals using an integrative approach that will appeal to practitioners from a broad range of backgrounds and theoretical persuasions The book charts the development of the supervisor as he or she moves through making the transition from therapist to supervising the work of others and includes consideration of the advanced competencies required to supervise experienced practitioners This third edition brings a number of contemporary perspectives to a well known and widely respected core text for the training and development of supervisors The Cyclical Model at the heart of the book has established its relevance in the UK as one of the best known frameworks for teaching and learning the steps and stages of supervision All chapters in this new edition have been extensively revised and updated and key elements include Two brand new chapters on deepening supervision practice and moving beyond supervising counsellors and psychotherapists Updates on recent developments in supervision including research outcomes the use of technology and supervising short term work Creativity play and the use of metaphor and imagery in supervision Developing the use of self through relational supervision Supervising the Counsellor and Psychotherapist is a key text for trainee and experienced supervisors of counsellors and psychotherapists those who train supervisors and supervisees wishing to better understand the supervisory process

Routledge Handbook of Clinical Supervision John R. Cutcliffe, Kristiina Hyrka, John Fowler, 2010-10-18 The Routledge Handbook of Clinical Supervision provides a global state of the art overview of clinical supervision presenting and examining the most comprehensive robust empirical evidence upon which to base practice This authoritative volume builds on a previous volume Fundamental Themes in Clinical Supervision whilst greatly expanding its coverage It contains nine updated and 25 entirely new chapters focusing on both areas of contemporary interest and hitherto under examined issues Divided into five parts it discusses Education and training Implementation and development Experiences and practice Research activity International perspectives Containing chapters on Europe the US Canada and Australasia the Routledge Handbook of Clinical Supervision has a multi disciplinary approach to clinical supervision and includes chapters relevant to nurses doctors psychologists psychiatrists and counsellors It will be of interest to students researchers and practitioners of clinical supervision in a range of health professions

Clinical Supervision In The Medical Profession: Structured Reflective Practice Owen, David, Shohet, Robin, 2012-10-01 Doctors reading this book will not only be convinced of the need for medical supervision for all doctors even pathologists and coroners they will also be given a handy smorgasbord of different types of medical supervision from which to choose There may not be many ways of rekindling the spark of compassion and loving kindness that made us want to become health

professionals at the start of our careers but Owen and Shohet have demonstrated that empathic supervision whether this is from fellow professionals or from peers is certainly one way of achieving this Brian Kaplan MD With a foreword by Iona Heath President of the Royal College of General Practitioners This book helps trainee and practicing doctors to develop a broader understanding of supervision Written by doctors and other medical specialists experienced in clinical supervision it gives the reader the means to enable structure and develop their reflective practice It provides practical tools to engage positively with regulatory challenges increase satisfaction at work and improve quality of care Clinical Supervision in the Medical Profession considers the reasons for clinical supervision and how it can support doctors and even transform how they engage with challenging issues The authors outline a range of ways that they have put clinical supervision into practice and how it has benefitted their work Contributors Christine Dunkley Helen Halpern Anita Houghton Sue Morrison David Owen Patricia Ridsdale Paul Sackin John Salinsky Robin Shohet Maggie Stanton Guy Undrill and Sonya Wallbank
