The global spread of English and the new varieties that have emerged around the world has grown to be a vast area of study and research which intersects multiple disciplines. This Handbook provides a comprehensive and authoritative survey of World Englishes from 1600 to the present day. The chapters, all written by internationally acclaimed authorities, provide up to date discussions of the evolution of different Englishes around the globe, a comprehensive coverage of different models and approaches and some original perspectives on current challenges.

Portuguese and Luso-Asian Legacies in Southeast Asia, 1511-2011, vol. 1 Laura Jarnagin, 2003-08-01. In 1511 a Portuguese expedition under the command of Afonso de Albuquerque arrived on the shores of Malacca, taking control of the prosperous Malayan port city after a swift military campaign. Portugal, a peripheral but then technologically advanced country in southwestern Europe since the latter fifteenth century, had been in the process of establishing solid outposts all along Asia's littoral in order to participate in the

most active and profitable maritime trading routes of the day As it turned out the Portuguese presence and influence in the Malayan Peninsula and elsewhere in continental and insular Asia expanded far beyond the sphere of commerce and extended over time well into the twenty first century Five hundred years later a conference held in Singapore brought together a large group of scholars from widely different national academic and disciplinary contexts to analyse and discuss the intricate consequences of Portuguese interactions in Asia over the *longue duree* The result of these discussions is a stimulating set of case studies that as a rule combine original archival and or field research with innovative historiographical perspectives Luso Asian communities real and imagined and Luso Asian heritage material and symbolic are studied with depth and insight The range of thematic chronological and geographic areas covered in these proceeding is truly remarkable showing not only the extraordinary relevance of revisiting Luso Asian interactions in the longer term but also the surprising dynamism within an area of studies which seemed on the verge of exhaustion After all archives from all over the world from Rio de Janeiro to London from Lisbon to Rome and from Goa to Macao might still hold some secrets on the subject of Luso Asian relations when duly explored by resourceful scholars Rui M Loureiro Centro de Historia de Alem Mar Lisbon
