A Poet's Truth Bruce Allen Dick,2022-02-22 Among students and aficionados of contemporary literature the work of Latina and Latino poets holds a particular fascination Through works imbued with fire and passion these writers have kindled new enthusiasm in their compatriots and admiration in non Latino readers This book brings together recent interviews with fifteen Latino a poets a cross section of Chicano Puerto Rican and Cuban voices who discuss not only their work but also related issues that help define their place in American literature Each talks at length

about the craft of his or her poetry both the influences and the process behind it and takes a stand on social and political issues affecting Latinos across the United States The interviews feature both established writers published as early as the 1960s and emerging artists each of whom has enjoyed success in other literary forms also As Bruce Dick s insightful questions reveal the key threads linking these writers are their connections to their families and communities and their concern for civil rights believing like Chicana writer Pat Mora that the work of the poet is for the people The interviews also reveal diversity among and within the three communities from Victor Hern ndez Cruz who traces Latino collective identity to Africa and claims that all Latinos are swimming in olive oil to Cuban writer Gustavo Perez Firmat who considers nationality more important than ethnicity and says that the term Latino erases his nationality The dialogues also offer new insights on the place of Chicano a writings in the U S Mexico borderlands on the Puerto Rican Nuyorican establishment and on the anti Castro stand of Cuban born poets As these writers answer questions about their work background ethnic identity and political ideology they provide a wealth of biographical intellectual and literary material collected here for the first time A Poet s Truth is a provocative and revealing book that not only conveys the fire of these writers passions but also sheds important light on a whole literary movement Interviews with Miguel Algar n Mart n Espada Sandra Mar a Esteves Victor Hern ndez Cruz Carolina Hospital and Carlos Medina Demetria Mart nez Pat Mora Judith Ortiz Cofer Ricardo Pau Llosa Gustavo P rez Firmat Leroy Quintana Aleida Rodr guez Luis Rodr guez Benjamin Alire S enz Virgil Su rez the Classroom Colin Macfarlane, 2013-10-15 Write Out of the Classroom is a ground breaking highly practical book which provides teachers and creative writing tutors with great ways of tapping into the huge inspirational and educational potential of the richly diverse world beyond the classroom walls Effective learning occurs when the process feels exciting inspiring and real and there is nothing more stimulating and real than the real world itself Working with groups in interesting and evocative settings can generate exceptional participant involvement Well led locational brainstorming in such places increases vocabulary and produces an astonishing freshness of observation ideas language plot and metaphor Teachers commonly notice a quantum leap in writing quality arising from these sessions Based on the author's extensive experience in developing and leading out of classroom intelligent observation and writing workshops this unique book steers educators through the subtleties of guiding thoughtful data collection sessions in varied environments selecting appropriate and motivational places and forms of writing and running sessions linked to specific creative and factual writing tasks The book covers the following areas and techniques and how they relate to out of classroom work planning outings and choosing locations leading language and ideas brainstorm sessions descriptive poetry inspired by outdoor settings reflective haikus cinquains and minimalist poetry creating stunning plots and storylines collective story writing fictitious diary forms descriptive travel writing understanding poetry s mechanics and sound patterns assisting students with editing This detailed practical book also contains examples of remarkable student creative writing produced through these techniques as well as

The Oxford Handbook of Sound and Imagination Mark Grimshaw, Mark Grimshaw-Aagaard, Mads Hansen, Martin Knakkergaard, 2019 In this two volume Handbook contributors address the tendency to discuss musical imagination through terms like compositional creativity or performance technique correcting the current bias towards visual imagination to instead highlight the many forms of sonic and musical imagination The Oxford Handbook of Sound and Imagination, Volume 1 Mark Grimshaw-Aagaard, Mads Walther-Hansen, Martin Knakkergaard, 2019-07-26 Whether social cultural or individual the act of imagination always derives from a pre existing context For example we can conjure an alien's scream from previously heard wildlife recordings or mentally rehearse a piece of music while waiting for a train This process is no less true for the role of imagination in sonic events and artifacts Many existing works on sonic imagination tend to discuss musical imagination through terms like compositional creativity or performance technique In this two volume Handbook contributors shift the focus of imagination away from the visual by addressing the topic of sonic imagination and expanding the field beyond musical compositional creativity and performance technique into other aural arenas where the imagination holds similar power Topics covered include auditory imagery and the neurology of sonic imagination aural hallucination and illusion use of metaphor in the recording studio the projection of acoustic imagination in architectural design and the design of sound artifacts for cinema and computer games **Close Listening** Charles Bernstein, 1998-04-30 Close Listening brings together seventeen strikingly original essays especially written for this volume on the poetry reading the sound of poetry and the visual performance of poetry While the performance of poetry is as old as poetry itself critical attention to modern and postmodern poetry performance has been surprisingly slight This volume featuring work by critics and poets such as Marjorie Perloff Susan Stewart Johanna Drucker Dennis Tedlock and Susan Howe is the first comprehensive introduction to the ways in which twentieth century poetry has been practiced as a performance art From the performance styles of individual poets and types of poetry to the relation of sound to meaning from historical and social approaches to poetry readings to new imaginations of prosody the entries gathered here investigate a compelling range of topics for anyone
