Sounds Of Poetry:

The Sounds of Poetry Robert Pinsky, 2025-08-22 The Poet Laureate's clear and entertaining account of how poetry works Poetry is a vocal which is to say a bodily art Robert Pinsky declares in *The Sounds of Poetry* The medium of poetry is the human body the column of air inside the chest shaped into signifying sounds in the larynx and the mouth In this sense poetry is as physical or bodily an art as dancing As Poet Laureate Pinsky is one of America's best spokesmen for poetry In this fascinating book he explains how poets use the technology of poetry its sounds to create works of art that are performed in us when we read them aloud He devotes brief informative chapters to accent and duration syntax and line like and unlike sounds blank and free verse He cites examples from the work of fifty different poets from Shakespeare Donne and Herbert to W C Williams Frost Elizabeth Bishop C K Williams Louise Glück and Frank Bidart This ideal introductory volume belongs in the library of every poet and student of poetry

The Sound of Poetry / The Poetry of Sound Marjorie Perloff, Craig Dworkin, 2009-10-15 Sound one of the central elements of poetry finds itself all but ignored in the current discourse on lyric forms The essays collected here by Marjorie Perloff and Craig Dworkin break that critical silence to readdress some of the fundamental connections between poetry and sound connections that go far beyond traditional metrical studies Ranging from medieval Latin lyrics to a cyborg opera sixteenth century France to twentieth century Brazil romantic ballads to the contemporary avant garde the contributors to *The Sound of Poetry* *The Poetry of Sound* explore such subjects as the translatability of lyric sound the historical and cultural roles of rhyme the role of sound repetition in novelistic prose the connections between sound poetry and music between the visual and the auditory the role of the body in performance and the impact of recording technologies on the lyric voice Along the way the essayists take on the ensemble discords of Maurice Scève's *Les Amours* Ezra Pound's use of Chinese whispers the alchemical theology of Hugo Ball's Dada performances Jean Cocteau's modernist radiophonics and an intercultural account of the poetry reading as a kind of dubbing A genuinely comparatist study *The Sound of Poetry* *The Poetry of Sound* is designed to challenge current preconceptions about what Susan Howe has called articulations of sound forms in time as they have transformed the expanded poetic field of the twenty first century

Sounds of Poetry Martina Pfeiler, 2003 *The Sounds of Poetry* Robert Pinsky, 1998 America's Poet Laureate offers a fascinating journey inside the world of poetry to explore the fundamental workings of this literary art explaining how different sounds can be used to express meaning and images 25 000 first printing **The Sounds of Poetry.
