Reaves,2016-07-13 What are the resources and teachings in Judaism Christianity and Islam that take hospitality and its call to provide protective hospitality seriously enough to inform shared action and belief on behalf of the threatened other This book argues that protective hospitality and its faith based foundations as seen in the Abrahamic traditions of Judaism Christianity and Islam merit greater theological attention and that the practice of protective hospitality in Christianity can be enhanced by better understandings of Judaism s and Islam s practices of hospitality namely their codes and etiquettes related to honor Safeguarding the Stranger draws especially on two currents in contemporary Christian theologies 1 a contextual and political theological approach informed by liberation and feminist theologies and 2 a cooperative and complementary theological approach informed by interreligious Abrahamic and hospitable approaches to dialogue This book is unique in that it seeks to contribute to academic debates within theology and religious dialogue as well as to discussions within the fields of peace studies and conflict resolution on the positive role that religions might play in contexts of conflict *Dynamic Judaism* Emanuel Goldsmith,Mel Scult,2024-10-22 Available in a new digital edition with reflowable text suitable for e readers Mordecai M Kaplan was born in a small Lithuanian town on the outskirts of Vilna on a Friday evening in June of 1881 Kaplan was raised in a predominately Jewish atmosphere which is shown by the fact that he knew his day of birth only by the Jewish calendar until he went to the New York Public Library as a young man to look up the corresponding date His family was extremely traditional and his father Israel Kaplan was a learned man Kaplan s concept of Judaism as an evolving religious civilization was widely influential in 20th century American Jewish life and his founding of the Reconstructionist Rabbinical College created a new denomination This book contains a biographical essay and excerpts from all of his major works Prophecy in Early Christianity and the Ancient Mediterranean World David E. Biblical Economic Ethics Albino Barrera, 2013-08-31 Written in non technical language accessible to non specialist readers this book is a theological synthesis of the findings of scripture scholars and ethicists on what the Bible teaches about economic life It proposes a biblical theology of economic life that addresses three questions namely What do the individual books of Sacred Scripture say about proper economic conduct How do these teachings fit within the larger theology and ethics of the books in which they are found Are there recurring themes underlying patterns or issues running across these different sections of the Bible when read together as a single canon The economic norms of the Old and New Testament exhibit both continuity and change Despite their diverse social settings and theological visions the books of the Bible nonetheless share recurring themes care for the poor generosity wariness over the idolatry of wealth the inseparability of genuine worship and upright moral conduct and the acknowledgment of an underlying divine order in economic life Contrary to most people's first impression that the Bible offers merely random economic teachings without rhyme or reason there is in fact a specific vision undergirding these scriptural norms Moreover far from being burdensome impositions of do's and don'ts this book finds that the Bible's economic norms are in fact an invitation to participate in God's providence To this end we have been granted a threefold benefaction the gift of divine friendship the gift of one another and the gift of the earth Thus biblical economic ethics is best characterized as a chronicle of how God provides for humanity through people's mutual solicitude and hard work The economic ordinances aphorisms and admonitions of the Old and New Testament turn out to be an unmerited divine invitation to participate in God's governance of the world Our economic conduct provides us with a unique opportunity to shine forth in our creation in the image and likeness of God Often extremely demanding hard and even fraught with temptations and distractions economic life nevertheless is at its core an occasion for humans to grow in holiness charity and perfection

Divine Wrath and Salvation in Matthew Anders Runesson, 2016-10-01 Judgment and the wrath of God are prominent themes in Matthew's Gospel Because judgment is announced not only on the hypocritical but also on those who reject God's messengers and because this rejection is implicitly connected with the destruction of Jerusalem the Gospel has often been read in terms of God's rejection of Israel with catastrophic results Anders Runesson sets out to show through careful study of Matthew's composition and comparison with contemporary Jewish literature that the theme of divine judgment plays very different and distinct roles regarding diverse groups of Jews including Jesus disciples and non Jews in this Gospel Runesson examines various assumptions regarding the criteria of judgment in each case and finds that Matthew does not support some of the most popular slogans in Christian theology The results and implications for our historical understanding of Christian origins and our theological estimation of Matthew's place in that story will be of vital interest to scholars and students for years to come

Prepared and Arranged by ... George D'Oyly ... and ... Richard Mant, Etc. [With Maps.] George D'OYLY, 1840 *Archetypes of Thought* Thomas Molnar, 2017-11-30 In Archetypes of Thought originally published in 1991 with the title Philosophical Grounds Thomas Molnar follows seven basic themes of Western philosophical speculation from their development in the earliest times of systematic thought through their evolution through the centuries and civilizations to the present Some of the themes are origin and its reflection guilt of being one and the multiple the temptation of mechanization and nocturnal man The book is neither a chronological treatment of issues nor a list of philosophical schools and movements Rather it reaches for the archetypes of philosophical reasoning Molnar shows the presence of modern themes in the entire history of thinking traces technology to the first stirrings of rationalism and evinces modern man's feeling of culpability Throughout the soul is

perceived as the keeper of God's and man's secret one which reflects reality and also tries to organize it according to an ontologically implanted rhythm. In his new introduction Molnar explains and re-examines his reasons for writing the book. While the themes he covers have been widely dealt with in contemporary thought, they are brought together to form an original combination of philosophical concepts. *Archetypes of Thought* is an intriguing study of the evolution of philosophical thinking. It is essential reading for both students and professionals of philosophy, history, and sociology. Homo Florens? Nadia Marais, 2023-10-09. What does it mean to flourish? Human flourishing lies at the heart of the good news of the gospel, and yet contemporary theologies know not only one way of speaking about what it means to flourish. If we embed our theological grammars of flourishing in the doctrine of salvation as the doctrine in which theological flourishing talk is arguably rooted, and from which rich fruit may be borne, there is not one but various ways in which to speak about what it means to flourish. Yet what governs our speaking? Why do we speak of flourishing as we do? The various conceptions of human flourishing that are outlined in this book—piety, joy, and comfort, being fully alive, healing, and dignity, grace, happiness, and blessing—represent a collection of attempts not only to imagine human flourishing but also to imagine ways of speaking about human flourishing. Perhaps what theology could offer to the vibrant and robust conversations on human flourishing lies exactly in the reminder to take care about how we speak about that which is truly and deeply human: our longing to flourish.
