

In the discus event the athletes threw a disk-shaped object for distance. The discus itself was made of stone or, later, iron, lead, or bronze.

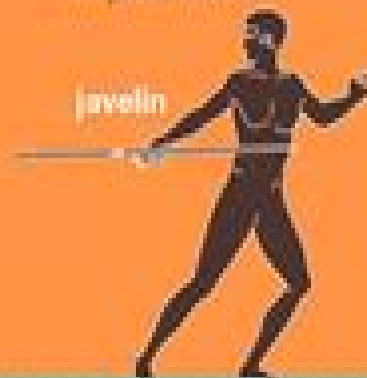

discus

To increase their distance, the athletes held weights. They swung them above their heads on takeoff and threw them behind them before landing.

long jump

The javelin was a wooden rod with one end sharpened. The athletes held a leather strap placed around the rod that helped them to throw the javelin farther.

javelin

Two- and four-horse chariot races as well as horse riding races made up the equestrian events. The owners of the chariots or horses, not the participants, won.

equestrian events

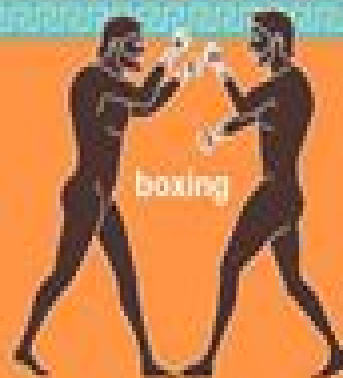

ANCIENT OLYMPIC GAMES

The Olympic Games began in Olympia, Greece, in 776 bc and took place every four years until ad 393. They were held in honor of Zeus. At the first Games, athletes competed in only one running event held on a single day. However, over the years other events were added, and the Games eventually were expanded to five days.

running events

There were four running events, all of which consisted of a predetermined number of laps in the stadium. In one race the athletes wore armor and carried a shield.

boxing

The athletes wrapped their hands and wrists in leather. Later they added metal on their knuckles. An athlete won when his opponent was knocked out or gave up.

wrestling

The athletes fought with bare hands while standing up. An athlete won after he forced his opponent's hip, shoulder, or back to the ground three times.

pankration

The pankration was a combination of wrestling and boxing. The only rules were that an athlete could not bite his opponent or gouge at his eyes or nose.

Sources For The History Of Greek Athletics

Charles H. Stocking, Susan A. Stephens

Sources For The History Of Greek Athletics:

Ancient Greek Athletics Charles H. Stocking, Susan A. Stephens, 2021-08-25 The Sourcebook of Ancient Greek Athletics offers the most comprehensive collection to date of primary sources in translation for the study of ancient Greek athletics. Because Greek athletics was such an essential feature of both Greek and Roman culture, there is an especially strong need for proper treatment and understanding of the texts and other media used to reconstruct practices and ideologies of ancient athletics. The sources in this collection are arranged chronologically from the Archaic Period to the Roman Imperial Era, with an extensive appendix discussing key themes and topics. The organization and in-depth presentation of textual sources is designed to help students, scholars, and general readers fully appreciate the broader social and cultural significance of ancient Greek athletics as it developed in different historical time periods throughout antiquity.

Sources for the History of Greek Athletics in English Translation Rachel Sargent Robinson, 1955 *Sources for the History of Greek Athletics*

Rachel Sargent Robinson, 1955 **Ancient Greek Athletics** Stephen Gaylord Miller, 2004-01-01 Presenting a survey of sports in ancient Greece, this work describes ancient sporting events and games. It considers the role of women and amateurs in ancient athletics and explores the impact of these games on art, literature, and politics.

Sources for the History of Greek Athletics, 1980 **Sources for the History of Greek Athletics** Rachel Sargent Robinson (historienne), 1955

Arete Stephen G. Miller, Stephen Gaylord Miller, 1991-01-01 From the informal games of Homer's time to the highly organized contests of the Roman world, Miller has compiled a trove of ancient sources. Plutarch on boxing, Aristotle on the pentathlon, Philostratos on clay dust as an anti-perspirant, and on the buying and selling of victories, Vitruvius on literary competitions, Xenophon on female body building. With fully twice as many texts as the highly successful first edition, this new version of *Arete* offers readers an absorbing lesson in the culture of Greek athletics from the greatest of teachers, the ancients themselves. These sources, which Miller himself has translated, provide unparalleled insights into ancient athletic practices and competitive festivals. They emphasize the fundamental role of athletics in education and shed light on such issues as the role of women in athletics and the politics and economics of the games. Ultimately, they demonstrate that the concepts of virtue, skill, pride, valor, and nobility embedded in the word *arete* and so closely associated in the modern mind with Greek athletics are only part of the story from antiquity.

Sources for the History of Greek Athletics in English Translation Rachel Sargent Robinson (historienne), *Ancient Greek Athletics* Charles H. Stocking, Susan A.

Stephens, 2021 This work presents a collection of texts in translation on ancient athletics in Greek and Roman history, including a wide range of topics from the Olympics to ancient conceptions of health and wellness.

Sources for the History of Greek Athletics Rachel Sargent Robinson, 1955 **Greek Athletics in the Roman World** Zahra

Newby, 2005-10-07 The enduring importance of Greek athletic training and competition during the period of the Roman Empire has been a neglected subject in past scholarship on the ancient world. This book examines the impact that Greek

athletics had on the Roman world approaching it through the plentiful surviving visual evidence viewed against textual and epigraphic sources It shows that the traditional picture of Roman hostility has been much exaggerated Instead Greek athletics came to exercise a profound influence upon Roman spectacle and bathing culture In the Greek east of the empire too athletics continued to thrive providing Greek cities with a crucial means of asserting their cultural identity while also accommodating Roman imperial power

Sources for the History of Greek Athletics in English Translation : with Introductions, Notes, Bibliography, and Indices ,1955 The Documentary Sources of Greek History Max Cary,1927

Sources for the History of Greek Athletes in English Translation Rachel Sargent Robinson,1955 Sources for the History of Greek Athletics Rachel Sargent Robinson,1984 **Eros and Greek Athletics** Thomas F. Scanlon,2002-02-07

Ancient Greek athletics offer us a clear window on many important aspects of ancient culture some of which have distinct parallels with modern sports and their place in our society Ancient athletics were closely connected with religion the formation of young men and women in their gender roles and the construction of sexuality Eros was from one perspective a major god of the gymnasium where homoerotic liaisons reinforced the traditional hierarchies of Greek culture But Eros in the athletic sphere was also a symbol of life affirming friendship and even of political freedom in the face of tyranny Greek athletic culture was not so much a field of dreams as a field of desire where fervent competition for honor was balanced by cooperation for common social goals Eros and Greek Athletics is the first in depth study of Greek body culture as manifest in its athletics sexuality and gender formation In this comprehensive overview Thomas F Scanlon explores when and how athletics was linked with religion upbringing gender sexuality and social values in an evolution from Homer until the Roman period Scanlon shows that males and females made different uses of the same contests that pederasty and athletic nudity were fostered by an athletic revolution beginning in the late seventh century B C and that public athletic festivals may be seen as quasi dramatic performances of the human tension between desire and death Accessibly written and full of insights that will challenge long held assumptions about ancient sport Eros and Greek Athletics will appeal to readers interested in ancient and modern sports religion sexuality and gender studies **Ancient Greece and Rome** Keith Hopwood,1995

Sir Thomas Fairfax not Oliver Cromwell was creator and commander of Parliament s New Model Army from 1645 to1650 Although Fairfax emerged as England s most successful commander of the 1640s this book challenges the orthodoxy that he was purely a military figure showing how he was not apolitical or disinterested in politics The book combines narrative and thematic approaches to explore the wider issues of popular allegiance puritan religion concepts of honour image reputation memory gender literature and Fairfax s relationship with Cromwell Black Tom delivers a groundbreaking examination of the transformative experience of the English revolution from the viewpoint of one of its leading yet most neglected participants It is the first modern academic study of Fairfax making it essential reading for university students as well as historians of the seventeenth century Its accessible style will appeal to a wider audience of those interested in the civil wars and interregnum

more generally *The Oxford Handbook of Sport and Spectacle in the Ancient World* Alison Futrell, Thomas Francis Scanlon, 2021 Examines the history of ancient sport and spectacle in Greece and Rome as well as issues of class civic contexts spaces health gender and sexuality Blends Greek and Roman topics to illuminate tensions and complementarities between different social and political contexts Authoritative scholars present novel insights and new avenues of research to give readers contemporary interpretations of Greek sport and Roman spectacle Book jacket

Athletics in Ancient Athens Donald G. Kyle, 1993-01-01

The Pentathlon of the Ancient World Frank Zarnowski, 2013-04-19 The pentathlon comprising competition in the discus javelin long jump sprint and wrestling was hailed as the ultimate test of athletic versatility and remained a staple of the ancient Greek Olympic Games Crown Games and Pan Hellenic festivals for 1 200 years Still there is little scholarly consensus over many major aspects of the event This detailed exploration of the ancient pentathlon discusses the nature of the spectacle the method of determining a victor the five sub events and the order in which they occurred It also chronicles the history of the event and its champions the recognition of ancient pentathletes and the pentathlon s 18 year modern Olympic history and its influence on its contemporary counterpart the decathlon A record book and glossary complete this fresh look at one of the ancient world s most renowned sporting competitions
