Soustraitance Et Transport:

Sous-traitance et transport Laurent Guignard, 2001 La sous traitance est omniprésente en matière de transport dans chacun des modes Elle y reste cependant une réalité mal connue voire insaisissable Il est vrai que l'approche doctrinale traditionnelle ne porte guère à l'étudier Dans cette approche en effet tout transporteur qui sous traite est ipso facto commissionnaire de transport or le commissionnaire ne sous traite pas lorsqu'il s'adresse à un transporteur il exécute sa mission Le présent ouvrage le premier sur le sujet part du postulat inverse la commission de transport n'est rien d'autre qu'un statut spécial du sous traiteur et le transporteur peut sous traiter en tant que tel au regard du droit privé La grille de lecture ainsi proposée permet d'claircir la question des rapports entre transport et commission de transport qui est l'une des plus anciennes et difficiles du droit des transports Elle permet également de rapprocher les solutions du droit français de celles retenues dans les conventions internationales en matière de transport qui pourtant ignorent le contrat de commission Ces enseignements n'intéressent pas seulement les spécialistes de la matière Dans tous les cas en effet la solution consiste à refouler l'application entre eux du droit commun de la responsabilité civile délictuelle La sous traitance des opérations de transport est juridiquement neutre en ce sens que le régime de responsabilité de l'opérateur est toujours le même qu'il traite en direct avec le client comme commissionnaire ou comme transporteur ou qu'il intervienne comme sous traitant Il y a à l'exemple de solution alternative celle retenue en droit commun Ce particularisme ne doit pas faire illusion Si le droit des transports règle depuis longtemps le problème de la responsabilité il a attendu 1998 pour s'attaquer en transport routier de marchandises où les problèmes sont les plus aigus celui du paiement du sous traitant et 2001 pour y doter la sous traitance d'un contrat type Il reste à agir aujourd'hui par des requalifications judiciaires péroriques de faux contrats de sous traitance en contrats de travail ou de location avec délit de marchandage La sous traitance n'est donc pas encore maîtrisée dans le domaine des transports Au moins sa théorie générale est elle désormais faite
