**Mao and the Sino-Soviet Split, 1959-1973** Danhui Li, Yafeng Xia, 2018-09-15 In the twenty first century students of Cold War history are fortunate to have the fruits of several major works on the Sino Soviet split by European and American scholars What is lacking in English literature however is a book based on international documentation especially Chinese archival documents that tell the story from the Chinese perspective Based on archival materials from several countries particularly China and more than twenty years of research on the subject two prominent Chinese historians Danhui Li and Yafeng Xia offer a comprehensive look at the Sino Soviet split from 1959 when visible cracks appeared in the Sino Soviet alliance to 1973 when China s foreign policy changed from an alliance with the Soviet Union to oppose the United States to aligning with the United States to oppose the Soviet Union **Mao and the Sino Soviet Split 1959 1973 A New History** is a reevaluation of the history of the Sino Soviet split and offers the first comprehensive account of it from a Chinese perspective This book together with its prequel **Mao and the Sino Soviet Partnership 1945 1959 A New History** is important because any changes in Sino Soviet relations at the time affected and to a great extent determined the fate of the socialist bloc More importantly it directly impacted and transformed the international political situation during the Cold War These two books promise to be a reevaluation of the history of the Sino Soviet alliance from its birth to its demise These fascinating books will be a crucial resource for all those interested in the topic and will stand as the definitive work on the Sino Soviet alliance for years to come

**The Oxford Handbook of the History of Communism S. A.**

Smith,2014-01-09 The impact of Communism on the twentieth century was massive equal to that of the two world wars Until the fall of the Soviet Union in 1991 historians knew relatively little about the secretive world of communist states and parties Since then the opening of state party and diplomatic archives of the former Eastern Bloc has released a flood of new documentation The thirty five essays in this Handbook written by an international team of scholars draw on this new material to offer a global history of communism in the twentieth century In contrast to many histories that concentrate on the Soviet Union The Oxford Handbook of the History of Communism is genuinely global in its coverage paying particular attention to the Chinese Revolution It is global too in the sense that the essays seek to integrate history from above and from below to trace the complex mediations between state and society and to explore the social and cultural as well as the political and economic realities that shaped the lives of citizens fated to live under communist rule The essays reflect on the similarities and differences between communist states in order to situate them in their socio political and cultural contexts and to capture their changing nature over time Where appropriate they also reflect on how the fortunes of international communism were shaped by the wider economic political and cultural forces of the capitalist world The Handbook provides an informative introduction for those new to the field and a comprehensive overview of the current state of scholarship for those seeking to deepen their understanding

**Shadow of Liberation** Vishnu Padayachee,Robert Van Niekerk,2019-10-01  
Shadow of Liberation explores the intricate twists turns contestations and compromises of ANC economic and social policymaking with a focus on the transition era of the 1990 s and the early years of democracy With the damning revelations by the Zondo Commission of Inquiry into State Capture on the massive corruption of the South African body politic the timing of this book could not be more relevant South Africans need to confront the economic and social policy choices that the liberation movement made and to see how these decisions may have facilitated the conditions for corruption to emerge and flourish Answers are needed Padayachee and van Niekerk focus their attention on the primary question of how and why the ANC given its historical anti inequality re distributive stance come in the 1990s to such a dramatic turn around and move towards an essentially market dominated approach Were they pushed or did they go willingly What role if any did Western governments and international financial institutions play And what of the role of the late apartheid state and South African business Did leaders and comrades sell out the ANC s emancipatory policy vision Shadow of Liberation tries to provide answers to these questions drawing on the best available primary archival evidence as well as extensive interviews with key protagonists across the political non government and business spectrum The authors argue that the ANC s emancipatory policy agenda was broadly to establish a social democratic welfare state upholding rights of social citizenship However its economic policy framework to realise this emancipatory mission was either non existent or egregiously misguided

Pampallis,1991 **Union List of Serials in New Zealand Libraries** National Library of New Zealand,1969 Lesotho and the Struggle for Azania: 1780-1966 Bernard Leeman,1985 **Soviet Strategy Toward Southern Africa** Daniel R. Kempton,1989-05-15 This study is the first significant work to examine Soviet involvement with national liberation movements NLMs in Africa as a separate subcategory of Soviet foreign policy in the developing world The text compares and contrasts actual Soviet behavior with declared policy Daniel R Kempton presents three case studies the African National Congress ANC in South Africa The Movimento Popular de Libertacao de Angola MPLA and the Zimbabwe African People s Union ZAPU These cases trace the development of the Soviet Union s ties to the national liberation movements the amount and types of assistance provided and the impact of the relationship on the national liberation movements General analysts of international relations analysts of Soviet foreign policy and Africanists will find this a valuable resource The author contends that during the 1960s and 1970s the Soviet Union pursued a common strategy toward all three national liberation movements Although the strategy was applied flexibly to take into account the idiosyncracies of the individual liberation struggles in each case the Soviet Union pushed the national liberation movement to adopt the Soviet political model The Soviet view was that the adoption of this model would eventually lead to the development of relatively more stable and dependable allies Since 1980 however in each case there is significant evidence that the Soviet Union has altered markedly if not abandoned its previous strategy **Human Rights and the South African Legal Order** John Dugard,2015-03-08 As an Advocate of the Supreme Court John Dugard observes the South African legal order daily in operation In this book he provides a thorough description and probing analysis of the workings of the system He places South Africa s legal order in a comparative context examining the climate of legal opinion crucial judicial decisions and their significance in relation to contemporary thought and practice in England America and elsewhere He also considers South Africa s laws in the light of its history politics and culture Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **White Mineworkers on Zambia's Copperbelt, 1926-1974** Duncan Money,2021-12-06 Life and work on the Zambian Copperbelt a concentrated industrialised mining region along the border with DR Congo has been a perennial subject for Africanist historians In this book Duncan Money for the first time focusses on the white mineworkers who monopolised skilled jobs on the mines from the 1920s to the 1960s and became one of the most affluent groups of workers on the planet Money argues that this group was a highly mobile global workforce which constituted and saw itself as a racialised working class For much of the twentieth century this white working class moved between mining and industrial centres across and beyond the British Empire and

their actions and forms of organisation were strongly influenced by their international connections and by their mobility. These transnational connections and the white working class militancy they produced played a crucial role in shaping social categories of race and class on the Copperbelt and determining the evolution of a region which quickly became one of the world's largest sources of copper. [Bibliographies on South African Political History: Register of private document collections on the political history of South Africa since 1902](#) O. Geysers, P. W. Coetzee, J. H. Le Roux, 1979 These three volumes contain a guide to archives and an extensive bibliography on South African and Namibian history with special emphasis on political history in the 20th century. The register of document collections vol 1 gives the contents of private collections of several administrators and colonial politicians involved in Namibian affairs and there are separate chapters on Namibia in vol 2 256 items p 663-83 and in vol 3 658 items p 545-64. The sections on Namibia provide an unannotated list of books, theses, articles and documents, some of which are not easily available outside South Africa. The bibliographies are linked to the Institute for Contemporary History, University of the Orange Free State. INHC has one of South Africa's best collections of primary source material on contemporary political history including the archives of the Namibian branch of the National Party. It has also an extensive press clipping system and more than 20 000 articles and reports are selected each month from 33 South African newspapers and professional journals. Eriksen Moorsom, 1989

[Black Power in South Africa](#) Gail M. Gerhart, 2023-04-28 This book better than any I have seen provides an understanding of the politics and ideology of orthodox African nationalism or Black Power in South Africa since World War II from the Youth League of the African Student National Congress (ANC) of the late 1940s to the South African Student Organization (SASO) and the Black Consciousness Movement of the 1970s. Perspective Clarifies some of the main issues that have divided the black leadership and rescues the work of some pioneering nationalist theorists. It's an absorbing piece of history. New York Times Informative and well researched. She ably explores the nuances of the two main movements until 1960 and explains why blacks were so receptive to black consciousness in the late Sixties. New York Review. This book better than any I have seen provides an understanding of the politics and ideology of orthodox African nationalism or Black Power in South Africa since World War II from the Youth League of the African Student National Congress (ANC)

[The Devils are Among Us](#) Denis Herbstein, John A. Evenson, 1989 [#Journalism | #Joernalistiek4.0](#) Lizette Rabe, 2018-02-28 Stellenbosch University's Department of Journalism celebrates its 40th anniversary with this publication reflecting on the four decades between 1978 and 2018 and all that happened behind 26 Crozier Street's front door. But in essence it celebrates a lot more. It is an assessment of the importance of the media's essential role in a democracy. This collection of essays therefore is a celebration of the inalienable right of freedom of expression, especially in the form of media freedom
