South Africa's Security Dilemmas:

South Africa's Security Dilemmas Christopher Coker, 1987-08-10 This book looks at South Africa's military future. It specifically examines the military problems which South Africa will face over the next decade. According to the author, South Africa is a colossus with feet of clay. He points out that South Africa will have problems because of service morale deficiency of equipment and performance of the defense sector. He also discusses how the West has taken for granted South Africa's alignment with the Western World and its ramifications. Finally, Coker shows that South Africa's security dilemmas are largely of its own making. He concludes that choices between roles have been avoided for far too long and some hard decisions will have to be made.

African Security Issues Bruce E. Arlinghaus, 2019-08-16 As African nations emerge more fully from the immediate postindependence era, there is a pressing need to examine their security concerns from both African and global perspectives. Issues of strategic access and resources, superpower and regional conflict, economic growth and internal stability, and the role of African nations as a significant bloc.

Security and Politics in South Africa Peter C. J. Vale, 2003 Exploring how the region is changing today as transnational solidarity and a single regional economy remove the distinctions between national and international politics, he

asks whether South African domination can finally be overcome and considers what sort of cosmopolitan political arrangement will be appropriate for southern Africa in the new century **BOOK JACKET ICCWS 2019 14th**

Disarmament and Defence Industrial Adjustment in South Africa Peter G. Batchelor, Susan Willett, 1998 Peter Batchelor and Susan Willett analyse the response of the South African defence industry to drastic cuts in military expenditure and the demilitarization of society since the end of the cold war and apartheid and the stabilization of the regional security situation The new ANC led government is seeking to use the resources released the peace dividend to restructure and revitalize the country's industrial base and to support reconstruction development and redistribution A lively debate on the country's security needs and strategic doctrine is under way As in other countries strategies of industrial diversification and conversion have met with limited success In the absence hitherto of any coherent government policy on defence industrial adjustment significant skills and technologies have been lost or wasted This book provides a historical analysis of South Africa's unique opportunity to develop new and innovative policies on defence and security matters the arms industry and arms exports and makes a valuable contribution to the international debate on the relationship between disarmament and development **Values, Interests and Power: South African foreign policy in uncertain times** Daniel D.

Bradlow, Elizabeth Sidiropoulos, 2020-01-01 About the publication South Africa's foreign policy makers are facing a substantial challenge From the advent of the democratic era in 1994 through to the early 2000s South Africa was a highly respected actor in international affairs with a number of impressive accomplishments in the areas of global governance peacekeeping and international norm entrepreneurship However since that time the country's international standing has declined The value based and innovative foreign policy that earned the early post apartheid South African government such great international respect has been replaced by a more transactional and tactically driven approach to international affairs The country's position as Africa's leading economy and voice in international affairs is increasingly being challenged by other African states This book explores how South Africa can develop a foreign policy strategy that is appropriate to the uncertain times in which we live and that both helps the country address its overwhelming domestic challenges of poverty inequality and unemployment and regain its former high international reputation The contributors to this book offer analyses and proposals for developing such a strategy within the context of the country's constitutional order and institutional constraints and that addresses the diverse and complex global and regional aspects of the country's international relations

Endorsements In this valuable book which should be on every diplomat's bookshelf some of SA's foremost experts offer the government frank and compelling advice on how to conduct a much better foreign policy over the next decade The authors challenge Pretoria to muster all the country's assets and skills and not just those of the ruling party to pursue only the most important foreign policy goals And to be guided always by the lodestar of the Constitution Peter Fabricius Foreign Policy

Analyst former Foreign Affairs Editor at Independent Newspapers In this one of a kind book of twelve chapters by emerging and experienced scholars the authors probe into factors shaping South African foreign policy lessons learned and the future strategy of the country's foreign policy in an ever changing world A compelling read for policy makers and scholars

Ambassador Prof Iqbal Jhazbhay University of South Africa Member of the ANC's N E C International Relations Sub Committee its breadth will engage newcomers its insights will be useful to scholars and practitioners alike Professor Amrita Narlikar President German Institute for Global and Area Studies GIGA This book offers compelling insights on South Africa's foreign policy These varied pieces provide textured and critical perspectives that may help open up an avenue to re imagine South Africa's foreign policy afresh in the post Zuma years It is a compendium that should appeal to scholars of international relations practitioners of foreign policy and the broader policy community Professor Mzukiso Qobo Head School of Governance University of the Witwatersrand This nuanced and richly detailed volume offers the reader superb analyses of South Africa's foreign policy The authors contributions present both theoretical considerations and specific policy recommendations which make the book highly useful for both scholars and policy makers Each chapter is thus certain to significantly contribute to promoting the public debate about South Africa's place in the world Professor Oliver Stuenkel Funda o Getulio Vargas FGV Table of Contents ACKNOWLEDGMENTS CONTRIBUTORS

Contemporary Security Issues in Africa William A. Taylor, 2018-12-07 As a comprehensive resource for readers interested in contemporary security issues in Africa this compelling book details the impact of complex challenges in Africa and explains why addressing them grows increasingly important Presenting both general overviews and specific case studies this book introduces contemporary security issues in Africa home to more than thirty of the fifty most fragile nations in the world It covers the past three decades of conflict on the continent focusing on such topics as weak and failing states ethnic conflict and civil wars natural resources and

environmental security political violence and terrorism piracy and maritime security food security and poverty international responses and future prospects The core of the book comprises detailed analysis of the nexus between culture politics and security in Africa while the volume as a whole examines key regional and transnational security issues affecting Africa and their implications at the state regional and international levels The book explores the dynamic role that African nations play in influencing international security and investigates and articulates factors heightening the importance of Africa's role in international affairs

Routledge Handbook of African Security James J. Hentz, 2013-08-22 This new Handbook examines the issues challenges and debates surrounding the problem of security in Africa Africa is home to most of the world's current conflicts and security is a key issue However African security can only be understood by employing different levels of analysis the individual human security the state national state security and the region regional international security Each of these levels provides analytical tools for understanding what could be called the African security predicament and these debates are animated by the new security issues immigration small arms transfers gangs and domestic crime HIV AIDS transnational crime poverty and environmental degradation African security therefore not only presents concrete challenges for international security but provides a real world context for challenging conventional conceptions of security Drawing together contributions from a wide range of key thinkers in the field the Routledge Handbook of African Security engages with these debates and is organized into four parts Part I The African security predicament in the twenty first century Part II Understanding conflict in Africa Part III Regionalism and Africa Part IV External influences This Handbook will be of great interest to students of African politics human security global security war and conflict studies peacebuilding and IR in general

Post-Cold War Security Issues in the Asia-Pacific Region Colin McInnes, Mark Rolls, 2013-07-23 The Asia Pacific region presents a challenge to international security in the post Cold War era Doubts as to the US military commitment concern with Japan's security aspirations build up of military capabilities and the nuclear ambitions of North Korea have further heightened tension

Globalising the Regional, Regionalising the Global: Volume 35, Review of International Studies Rick Fawn, 2009-04-30 A collection of leading international scholars examine the concept of regions from a range of perspectives and assess leading contemporary examples

Africa After the Cold War Adebayo Oyeibade, Abiodun Alao, 1998 Although it is widely recognised that Africa's security problems are acute it has never been a subject of much intellectual inquiry This lack of scholarly discourse on the many dimensions of the problems of African security is the major consideration of this book The approach to the questions of security differ markedly from the traditional approach that gives primacy to the threat of military aggression as sole factor in state security A departure must be made from this dominant preoccupation in a new global order that has seen profound changes

Region-Building in Southern Africa Chris Saunders, Gwinyayi Albert Dzinesa, Dawn Nagar, 2013-07-04 How successful have Southern African states been in dealing with the major issues that have faced the region in recent years What could be done to produce more cohesive and

effective region building in Southern Africa In this original and wide ranging volume which draws on an interdisciplinary team of mainly African and African based specialists the key political socio economic and security challenges facing Southern Africa today are addressed These include the various issues confronting the Southern African Development Community SADC and its institutions such as HIV AIDS migration and xenophobia land grabbing and climate change and the role of the main external actors involved with the region including the United Nations the European Union the United States and China The book also looks at the Southern African Customs Union and Southern African Development Finance Institutions including the Development Bank of Southern Africa and Industrial Development Corporation and issues of gender and peacebuilding In doing so the book goes to the heart of analyzing the effectiveness of SADC and other regional organisation suggesting how region building in Southern Africa may be compared with similar attempts elsewhere in Africa and other parts of the world

Contemporary Issues and U.S. National Security Interests in Africa South of the Sahara, 1985 *Security Sector Reform in Constitutional Transitions* Zoltan Barany, Sumit Bisarya, Sujit Choudhry, Richard Stacey, 2019 The proposed collection will examine the central role of security sector reform in constitutional transitions focusing on emerging democracies Neglected as a topic in the constitutional law literature the volume will be the first to offer a sustained analysis of the legal aspects of security reform **The Economics of Regional Security** Jurgen Brauer, Keith Hartley, 2013-03-07 This important book explores the threats and challenges to regional security for Nato in the Mediterranean and in the sub Saharan countries namely southern Africa Written and edited by leading researchers the volume s significance lies in its demonstration of how concepts from economics and other social science disciplines can be applied to important issues of defence conflict and peace at the regional level **Cross Border Security in the Southern African Region** Innocent Moyo, 2024-07-29 This book provides a sophisticated analysis of cross border challenges and problems in the southern African region It advances explanations that transcend the state centric narrative that has nationalised cross border security It provides insights from non state actors such as informal cross border traders ICBTs informal cross border transporters undocumented migrants and cross border communities It argues that security needs to be understood beyond a state centric paradigm by focusing on the political economic environmental and societal threats at macro meso and micro levels The book suggests that at the core of cross border security challenges in the Southern African region is a post colonial governmentality This drives the nationalisation of cross border security as though it is the only security leading to nation states in turn depoliticising and invisibilising the security and livelihoods of ordinary people even when nation states claim to be protecting the same The book will be a useful resource for students scholars and researchers of African Studies Border Studies Human Geography Migration Studies Development Studies International Studies International Relations Political Science and Security Studies **Common Security and Civil Society in Africa** Lennart Wohlgemuth, 1999 This book is the outcome of a conference on common security and civil society in Africa The contributions seek to go beyond the war of images to

imagine a different and more secure future They are concerned with five different themes economic and social change prevention of violent conflicts the causes of conflict political security and the international politics of development partnership

Toward Peace Security Southern Harvey Glickman, 2022-02-22 First Published in 1990 This volume originates with a conference at Haverford College April 28 30 1989 On that weekend an international group of scholars inside and outside governments from Africa and elsewhere assembled to address the theme Toward Peace and Security in Southern Africa The conference was based on a sense of urgency concerning the continuing plight of the region reflected in the renewed state of emergency in South Africa and the declining economies in southern Africa as well as paradoxically a sense of impending opportunity for South Africa and the region as manifested in the Angola Namibia accords recently negotiated

Routledge Handbook of Democracy and Security Leonard Weinberg, Elizabeth Francis, Eliot Assoudeh, 2020-12-22 This handbook explores how democracies around the world seek to balance democratic values with the requirement to protect their citizens from the threat of politically motivated violence Over the past few decades the majority of the world's democracies have had to confront serious security threats and in many instances these challenges have not come from rival states but from violent groups This volume offers readers an overview of how some democracies have responded to such threats It examines the extent to which authorities have felt compelled to modify laws to evade what would ordinarily be regarded as protected rights such as personal privacy freedom of movement and freedom of speech Grounded in historical analysis each of the sections addresses past and emerging security threats legal and legislative responses to them successful and unsuccessful efforts to reconcile democracy and security and a range of theoretical questions The case studies provided vary in terms of the durability of their democratic systems level of economic development and the severity of the threats with which they have been confronted The volume is divided into three thematic parts Strong democracies United States Great Britain France Germany Italy Spain Australia New Zealand and Israel Challenged democracies India South Africa Brazil Argentina and Romania Fragile democracies the Philippines and Nigeria This book will be of much interest to students of democracy security studies political philosophy Asian politics Middle Eastern politics African politics West European politics and IR in general
