Nuggets to Neutrinos Steven T. Mitchell, 2009-11-24 Very few mines in the world ever produced gold continuously for more than one hundred years The Homestake Mine was one that did producing 40 million ounces of gold from 1876 through 2001 when the quest for the yellow metal was brought to an end for good Over the next few years after the mine was shut down tens of thousands of ounces in additional gold were recovered as mine facilities were systematically decommissioned and the mill site was reclaimed and converted to an open air museum For more than 125 years the Homestake Mine helped support the livelihoods of countless numbers of people who were directly or indirectly affiliated with the mine Sadly some of these people lost their lives or were physically impaired while working at the mine or in support of the mine Fortunately a lasting legacy evolved from the dedication loyalty and perseverance of each of these people and every other person who was ever associated with the mine This living legacy continues to evolve with the transformation of the mine into a deep underground science and engineering laboratory The Homestake legacy began to unfold in August and September 1875 when the Bryant Blanchard Smith Gay and Lardner parties discovered rich gold placers in Deadwood Gulch What they found was mostly Homestake gold weathered and worn to nuggets and dust Fred and Moses Manuel along with their partners Henry C Hank Harney and Alexander Alf Engh were latecomers to Deadwood Gulch arriving in February 1876 For the most part these four men were more interested in finding the source of the placer gold or the lode gold Their prowess and diligence paid off On April 9 1876 Moses Manuel and Hank Harney discovered a rich quartz outcrop upon which all four men located the Homestake lode claim The Black Hills was still a part of the Great Sioux Reservation then pursuant to the Fort Laramie treaties of 1851 and 1868 The Teton Sioux also known as the Lakota probably weren't the first American Indians to have a presence in and around the Black Hills Notwithstanding the Fort Laramie treaties specified the boundaries for the Great Sioux Reservation and the Black Hills were included within that description It wasn't until the Manypenny Agreement was signed on September 26 1876 and ratified by Congress on February 28 1877 that the boundaries of the Great Sioux Reservation were modified thereby excluding the Black Hills from the reservation and allowing the miners to have a legal presence in the Black Hills Toward the latter part of 1877 the California capitalists George Hearst J B Haggin and Lloyd Tevis acquired the Homestake and Golden Terry mining claims from the Manuel brothers Harney and Engh From that point forward the California capitalists and their various other investment partners engaged themselves to try and acquire most all of the mining claims along the Homestake Belt providing there was good ore and the price was right Their acquisition strategies included such methods as outright force costly court battles litigated by the best lawyers acquisition and control of

precious water rights through separate companies fair land purchases creation or consolidation of mining companies and acquisition and control of competing companies through accumulation of company stock In other cases the Homestake capitalists prevailed by simply waiting until the other operators went broke or some other opportunity presented itself to allow acquisition at a bargain price Aided by their money skill and shrewdness the Homestake capitalists were very successful in fulfilling their passions and paving the roadway for future generations at the Homestake Mine South Dakota Jeff Savage,2003 Discusses the land and climate economy government and history of the Mount Rushmore State Includes Internet links to Web sites related to South Dakota **Children's Books in Print, 2007** ,2006 *A Look at the Bill of Rights* Amy Graham,2007-08-01 A history of how and why the Bill of Rights was developed goes on to explain each of the ten amendments that comprise it and how each of them was further defended or challenged in a court of law **Forthcoming Books** Rose Army,2004 **Seven Wonders of the Natural World** Amy Graham,2005 The seven wonders of the world have been a fascinating topic for readers and scholars since ancient times These places are or were breathtaking structures that inspire study and debate From the ancient ruins of the Temple of Zeus to modern skyscrapers such as Toronto s CN Tower to natural wonders like Victoria Falls in Africa students will be awed by the beauty and magnificence of these places Book jacket **El-Hi Textbooks & Serials in Print, 2005** ,2005 **Montana** Judy Alter,2003 Discusses the land and climate economy government and history of the Treasure State **The Indian Wars** Judy Alter,2002 Discusses the wars of expansion of white settlements into the homelands of various Indian tribes and the destruction of great nations of people Includes Internet links to Web sites source documents and photographs related to the war **Wyoming** Stephen Feinstein,2003 Presents information on the history geography economy and government of Wyoming Includes Internet links to web sites **Nebraska** Kelly J.
