South Africa The Terrorism Of Torture:

Political Violence and the Struggle in South Africa Andre du Toit, N. Chabani Manganyi, 2016-07-27 This book provides a unique perspective at once scholarly and fully engaged on the political violence in South Africa during The Time of the Comrades in the mid 1980s The work of a group of social scientists and professionals whose own work and thinking have been profoundly affected by the political crisis of that time it provides an in depth research and analysis as well as critical reflections on the difficult political and theoretical issues raised by political violence and the struggle in South Africa

South Africa - the Terrorism of Torture Hilda Bernstein, 1972 An analysis of political trials and the use of torture in South Africa today Cover

Why Not Torture Terrorists? Yuval Ginbar, 2008-03-27 The book addresses a dilemma at the heart of the War on Terror is it ever justifiable to torture terrorists in order to save the lives of innocent civilians the so called ticking bomb scenario The book first analyzes the ticking bomb dilemma as a pure moral one facing the individual would be torturer A never say never utilitarian position is pitted against a minimal absolutist view that some acts are never justifiable and that torture is one such act It then looks at the issues that arise once a state has decided to sanction torture in extreme situations when how and whom to torture the institutionalization of torture its effects on society and its efficacy in combatting terrorism in the shorter and longer runs Four models of legalized torture are next examined including current ones in Israel and the USA and the idea of torture warrants Finally related legal issues are analyzed among them the lawfulness of coercive interrogation under international law and attempts to allow torture only after the fact for instance by applying the criminal law defence of necessity A minimal absolutist view under which torture whether by private individuals or by state officials must be prohibited absolutely in law policy and practice and allowing no exceptions for ticking bomb situations is defended throughout

Confronting Torture Scott A. Anderson, Martha Nussbaum, 2018-04-23 Torture has lately become front page news featured in popular movies and TV shows and a topic of intense public debate It grips our imagination in part because torturing someone seems to be an unthinkable breach of humanity theirs and ours And yet when confronted with horrendous events in war or the prospect of catastrophic damage to one's own country many come to wonder whether we can really afford to abstain entirely from torture Before trying to tackle this dilemma though we need to see torture as a multifaceted problem with a long history and numerous ethical and legal aspects Confronting Torture offers a multidisciplinary investigation of this wrenching topic Editors Scott A Anderson and Martha C Nussbaum bring together a diversity of scholars to grapple with many of torture's complexities including How should we understand the impetus to use torture Why does torture stand out as a particularly heinous means of war fighting Are there any sound justifications for the use of torture How does torture affect the societies that employ it And how can we develop ethical or political bulwarks to prevent its use The essays here resist the temptation to oversimplify torture drawing together work from scholars in psychology history sociology law and philosophy deepening and broadening our grasp of the subject Now more than ever

torture is something we must think about this important book offers a diversity of timely constructive responses on this resurgent and controversial subject

Dance in Chains Padraic Kenney, 2017-10-02 States around the world imprison people for their beliefs or politically motivated actions Oppositional movements of all stripes celebrate their comrades behind bars Yet they are more than symbols of repression and human rights *Dance in Chains* examines the experiences of political prisoners themselves in order to understand who they are what they do and why it matters This is the first book to trace the history of modern political imprisonment from its origins in the mid nineteenth century The letters diaries and memoirs of political prisoners as well as the records of regime policies relate the contest in the prison cell to political conflicts between regime and opposition Padraic Kenney draws on examples from regimes ranging from communist and fascist to colonial and democratic including Ireland the United Kingdom Poland and South Africa They include the Fenian Brotherhood imprisoned in England and Ireland in the 1860s and their successors during the Irish War of Independence and the Northern Ireland Troubles Afrikaners suspected of treason during the Boer War socialists fighting for Polish freedom in the Russian Empire and then Communists denouncing bourgeois rule in newly independent Poland the opponents of apartheid South Africa and stalinist Poland and those imprisoned by the United States in Guantanamo Bay detention camp today Some prisons are well known in others inmates suffered in obscurity Through self organization education and actions ranging from solitary non cooperation to mass hunger strikes these prisoners transform their incarceration and counter states efforts to control them While considering the international movements that have sought to publicize the plight of political prisoners *Dance in Chains* examines the actions of the prisoners themselves to find universal answers to questions about the meaning and purpose of their imprisonment

Torturing Terrorists Philip N.S. Rumney, 2014-11-13 This book considers the theoretical policy and empirical arguments relevant to the debate concerning the legalisation of interrogational torture *Torturing Terrorists* examines as part of a consequentialist analysis the nature and impact of torture and the implications of its legal regulation on individuals institutions and wider society In making an argument against the use of torture the book engages in a wide ranging interdisciplinary analysis of the arguments and claims that are put forward by the proponents and opponents of legalised torture This book examines the ticking bomb hypothetical and explains how the component parts of the hypothetical are expansively interpreted in theory and practice It also considers the effectiveness of torture in producing ticking bomb and infrastructure intelligence and examines the use of interrogational torture and coercion by state officials in Northern Ireland Algeria Israel and as part of the CIA's High Value Detainee interrogation programme As part of an empirical slippery slope argument this book examines the difficulties in drafting the text of a torture statute the difficulties of controlling the use of interrogational torture and problems such a law could create for state officials and wider society Finally it critically evaluates suggestions that debating

the legalisation of torture is dangerous and should be avoided The book will be of interest to students and academics of criminology law sociology and philosophy as well as the general reader *Transnational Feminist Perspectives on Terror in Literature and Culture* Basuli Deb,2014-11-13 This book offers a transnational feminist response to the gender politics of torture and terror from the viewpoint of populations of color who have come to be associated with acts of terror Using the War on Terror in Afghanistan and Iraq this book revisits other such racialized wars in Palestine Guatemala India Algeria and South Africa It draws widely on postcolonial literature photography films music interdisciplinary arts media new media and activism joining the larger conversation about human rights by addressing the problem of a pervasive public misunderstanding of terrorism conditioned by a foreign and domestic policy perspective Deb provides an alternative understanding of terrorism as revolutionary dissent against injustice through a postcolonial transnational lens The volume brings counter terror narratives into dialogue with ideologies of gender race ethnicity nationality class and religion addressing the situation of women as both perpetrators and targets of torture and the possibilities of a dialogue between feminist and queer politics to confront securitized regimes of torture This book explores the relationship in which social and cultural texts stand with respect to legacies of colonialism and neo imperialism in a world of transnational feminist solidarities against postcolonial wars on terror **Palgrave Handbook of Terrorism in Africa** Rohan Gunaratna,C. Nna-Emeka Okereke,2025-07-12 This book offers a comprehensive exploration of Africa s emergence as an epicentre for global terrorism delving into the critical factors shaping security threats and vulnerabilities across the continent With a rich historical and empirical foundation the book presents a nuanced understanding of the complex dynamics of terrorism serving as a pivotal resource for effective counterterrorism and peacebuilding initiatives A distinguishing feature of this book lies in its meticulous country specific and regional analysis of terrorism unravelling the intricate interplay of internal and external forces that contribute to the genesis and perpetuation of terrorist activities in Africa By examining the evolution of terrorism over the past three decades the book sheds light on key milestones such as the adoption of the Organisation of African Unity s Convention on the Prevention and Combating of Terrorism in Africa the aftermath of the September 11 2001 attacks the ramifications of the Arab Spring and the impact of the rise of the Islamic State on the African continent Contributed by experts from various African countries the book provides a comprehensive overview of the nature dynamics and persistent challenges posed by terrorism It underscores the intricate linkages at the national regional and international levels that fuel and sustain terrorism offering crucial insights for policymakers and scholars alike With its in depth analysis and diverse perspectives this book stands as an important resource for comprehending and addressing the multifaceted dimensions of terrorism in Africa **International Handbook of War, Torture, and Terrorism** Kathleen Malley-Morrison,Sherri McCarthy,Denise Hines,2012-12-15 Armed conflict on domestic or foreign soil impacts people s daily lives and shapes policy around the world Millions live with the threat of terrorism whether from random sources or known enemies And the

acceptability of torture is debated by politicians and public alike The International Handbook of War Torture and Terrorism synthesizes historical backgrounds current trends and findings from the Personal and Institutional Rights to Aggression and Peace Survey PAIRTAPS administered in forty countries over nine global regions Contributors examine the social cognitive and emotional roots of people's thinking on war and national security issues particularly concerning the role of governments in declaring war invading other countries or torturing prisoners By focusing on the cultural traditions and colonial histories of broad regions rather than of individual nations the book demonstrates how context shapes ordinary citizens' views on what is justifiable during times of war as well as more nebulous concepts of patriotism and security The Handbook Introduces the PAIRTAPS and explains the methodology for analyzing responses Defines war related concepts from the unique perspectives of Western Europe U K U S Middle East Gulf States Russia Balkans Africa Latin America South Southeast Asia and East Asia Provides an integrative summary of definitions and points of view Situates results in terms of social engagement disengagement theory Considers implications for peace and reconciliation As a reflection of the changing global landscape the International Handbook of War Torture and Terrorism deserves to be read by a wide range of researchers in peace psychology political science sociology and anthropology

Violence, Torture and Memory in Sri Lanka Dhana

Hughes, 2013-07-31 Drawing on original ethnographic field research conducted primarily with former guerrilla insurgents in southern and central Sri Lanka this book analyses the memories and narratives of people who have perpetrated political violence It explores how violence is negotiated and lived with in the aftermath and its implications for the self and social relationships from the perspectives of those who have inflicted it The book sheds ethnographic light on a largely overlooked and little understood conflict that took place within the majority Sinhala community in the late 1980s known locally as the Terror Bheeshanaya It illuminates the ways in which the ethical charge carried by violence seeps into the fabric of life in the aftermath and discusses that for those who have perpetrated violence the mediation of its memory is ethically tendentious and steeped in the moral carrying important implications for notions of the self and for the negotiation of sociality in the present Providing an important understanding of the motivations meanings and consequences of violence the book is of interest to students and scholars of South Asia Political Science Trauma Studies and War Studies

Torture and Democracy

Darius M. Rejali, 2007 This is the most comprehensive and most comprehensively chilling study of modern torture yet written Darius Rejali one of the world's leading experts on torture takes the reader from the late nineteenth century to the aftermath of Abu Ghraib from slavery and the electric chair to electro-torture in American inner cities and from French and British colonial prison cells and the Spanish American War to the fields of Vietnam the wars of the Middle East and the new democracies of Latin America and Europe As Rejali traces the development and application of one torture technique after another in these settings he reaches startling conclusions As the twentieth century progressed he argues democracies not only tortured but set the international pace for torture Dictatorships may have tortured more and more indiscriminately but

the United States Britain and France pioneered and exported techniques that have become the lingua franca of modern torture methods that leave no marks Under the watchful eyes of reporters and human rights activists low level authorities in the world s oldest democracies were the first to learn that to scar a victim was to advertise iniquity and invite scandal Long before the CIA even existed police and soldiers turned instead to clean techniques such as torture by electricity ice water noise drugs and stress positions As democracy and human rights spread after World War II so too did these methods Rejali makes this troubling case in fluid arresting prose and on the basis of unprecedented research conducted in multiple languages and on several continents begun years before most of us had ever heard of Osama bin Laden or Abu Ghraib The author of a major study of Iranian torture Rejali also tackles the controversial question of whether torture really works answering the new apologists for torture point by point A brave and disturbing book this is the benchmark against which all future studies of modern torture will be measured

Foucault in an Age of Terror S. Morton,S. Bygrave,2008-05-29 This book focuses on the relationship between literary culture power society and war It assesses the critical importance of Michel Foucault s lecture series Society Must Be Defended for contemporary debates about war and terror in literary and cultural studies as well as social and political thought

Counter-Terrorism Ana Salinas de Frías,Katja Samuel,Nigel White,Nigel D. White,2012-01-19 The response of governments to terrorism is one of the most controversial issues of the twenty first century Balancing the desire to achieve security with the safeguarding of human rights has proved to be highly contentious This book analyzes the international rule of law framework in which counter terrorism responses occur namely those of international human rights humanitarian criminal and refugee law It focuses on some of the most pressing emerging and or under researched issues and tensions including the policy choices associated with meeting security imperatives the tensions between the criminal justice approach to counter terrorism and the military approach the identification of lacunae within existing legal frameworks and tensions between executive judicial and legislative responses It addresses a wide range of issues such as an analysis of key legal principles emergency and executive measures radicalization governmental impunity classification administration and treatment of battlefield detainees extrajudicial and targeted killings forms of and treatment in detention non refoulement diplomatic assurances interrogation versus torture extraordinary rendition discrimination reparations for victims of terrorist attacks and security responses mis use of military and immigration tribunals judicial and institutional developed and emerging rule of law norms on terrorism non judicial oversight by means of democratic accountability significance of rule of law principles to non legal counter terrorist policy and the identification and analysis of best practices Drawing together an impressive spectrum of legal and non legal national and institutional practitioner policy and academic expertise this book is an unmissable reference work on all aspects of counter terrorism policy

Teaching for Change L. Juliana Claassens,2019-03-13 Contributors from various theological higher education institutions in South Africa and beyond come together to reflect on the best pedagogical practices to teach on often complex issues of gender sexual

orientation race and class and on how they impact on health in our classrooms in our churches and in the communities where we live and work **Enlarging the Scope of Peace Psychology** Mohamed Seedat, Shahnaaz Suffla, Daniel J.

Christie, 2016-12-06 With the major goal of building an inclusive international community that promotes peace related research and action this volume reflects on local national and global peace engagement and works towards transdisciplinary understandings of the role of psychology in peace conflict and violence Drawn primarily from 14th Biennial International Symposium on the Contributions of Psychology the chapters focus on peacemaking or the pursuit of harmony in human relations and peacebuilding or equity in human relations with a special emphasis on voices from typically underrepresented areas in psychology such as the Global South In order to move beyond a Western centered idea of peace psychology the volume is divided into two major parts The first half of the volume puts an emphasis on peace psychology research and praxis in a number of geohistorical contexts including Malaysia Northern Ireland Thailand and Kashmir that bear on conflict harmony and equity in human relations Chapters in the second half of the volume fulfill the mandate of Biennial Symposia namely to create more equity in the production of peace theory and praxis by bringing forward the voices of scholars and change agents that are often unheard in peace discourses including a number of scholars and chapters from South Africa Additionally throughout the chapters the authors and editors of the volume emphasize emancipatory agendas as an important alternative to militarism and state sponsored violence With the aim of bringing forward voices from cultures and situations that are typically not included or highly visible in peace discourses *Enlarging the Scope of Peace Psychology* in *Invited and Invented Spaces African and World Regional Contributions* is a thought provoking timely and informative work Psychologists anthropologists sociologists political scientists activists public policy makers and all those interested in promoting peace and justice are sure to find this an invaluable and illuminating resource FIRE & a SHE S—IRON & CLAY Celia-Joy

Martins, 2015-03-21 It was the year of the Lord 1685 With only the clothes they were dressed in their Bibles hidden in loaves of hollowed bread they fled before the French Catholic authorities Die or be Catholic were shouted by the heartless dragonnades with emphasis on the die And when the second word followed the Protestant Huguenot victims were already struck dying brutally slaughtered in the name of Catholic Christianity This terror swept through Paris continued through the rest of France after King Louis XIV revoked the Edict of Nantes proclaimed by his grandfather King Henry the Great of France This bloody highway in the name of Christianity took thousands of Huguenots lives and hundreds of thousands fled their country of birth to find refuge in America other parts of Europe and also South Africa In South Africa they started anew with their God of Israel and their Bibles and the home and the freedom to serve their God they so longed for and found would become a nightmare again With their blood they paid for freedom twice and today they are still dying slaughtered by the criminal elements that rule in South Africa unfortunately in the entire Africa Targeting Terrorists Professor Avery Plaw, 2013-03-28 *Targeting Terrorists A License to Kill* examines the political history and ethics of targeted killing Avery Plaw

s analysis addresses the questions of moral political and legal justification in the context of the current war on terror and of legitimate illegitimate forms of counter terrorism more generally Given the increasing number of terrorist targetings conducted around the world today and the virtual absence of a sustained public and scholarly debate over the practice this study makes a crucial contribution to the examination of an increasingly important and troubling subject Incorporating insights and arguments from a range of disciplines and approaches and offering an excellent balance between theory and case studies this book is highly relevant for courses on ethics politics international relations and international law

Gender, National Security, and Counter-Terrorism Margaret L. Satterthwaite, Jayne Huckerby, 2013-02-15 In the name of fighting terrorism countries have been invaded wars have been waged people have been detained rendered and tortured and campaigns for hearts and minds have been unleashed Human rights analyses of the counter terrorism measures implemented in the aftermath of 11 September 2001 have assumed that men suffer the most both numerically and in terms of the nature of rights violations endured This assumption has obscured the ways that women men and sexual minorities experience counter terrorism By integrating gender into a human rights analysis of counter terrorism and human rights into a gendered analysis of counter terrorism this volume aims to reverse this trend Through this variegated human rights lens the authors in this volume identify the spectrum and nature of rights violations arising in the context of gendered counter terrorism and national security practices Introduced with a foreword by Martin Scheinin former UN Special Rapporteur on Human Rights and Counter Terrorism the volume examines a wide range of gendered impacts of counter terrorism measures that have not been theorized in the leading texts on terrorism counter terrorism national security and human rights *Gender National Security and Counter Terrorism* will be of particular interest to scholars and students in the disciplines of Law Security Studies and Gender Studies *AF Press Clips* ,1976-06
