

South Carolina Women

Elizabeth Anne Payne

South Carolina Women:

South Carolina Women Marjorie Julian Spruill, Valinda W. Littlefield, Joan Marie Johnson, 2012-06-01 Covering an era from the early twentieth century to the present this volume features twenty seven South Carolina women of varied backgrounds whose stories reflect the ever widening array of activities and occupations in which women were engaged in a transformative era that included depression world wars and dramatic changes in the role of women Some striking revelations emerge from these biographical portraits in particular the breadth of interracial cooperation between women in the decades preceding the civil rights movement and ways that women carved out diverse career opportunities sometimes by breaking down formidable occupational barriers Some women in the volume proceeded cautiously working within the norms of their day to promote reform even as traditional ideas about race and gender held powerful sway Others spoke out more directly and forcefully and demanded change Most of the women featured in these essays were leaders within their respective communities and the state Many of them such as Wil Lou Gray Hilla Sheriff and Ruby Forsythe dedicated themselves to improving the quality of education and health care for South Carolinians Septima Clark Alice Spearman Wright Modjeska Simkins and many others sought to improve conditions and obtain social justice for African Americans Others including Victoria Eslinger and Tootsie Holland were devoted to the cause of women s rights Louise Smith Mary Elizabeth Massey and Mary Blackwell Butler entered traditionally male dominated fields while Polly Woodham and Mary Jane Manigault created their own small businesses A few including Mary Gordon Ellis Dolly Hamby and Harriet Keyserling exercised political influence Familiar figures like Jean Toal current chief justice of the South Carolina Supreme Court are included but readers also learn about lesser known women such as Julia and Alice Delk sisters employed in the Charleston Naval Yard during World War II

South Carolina Women Joan Marie Johnson, Marjorie Julian Spruill, Valinda W. Littlefield, 2009-05-25 [South Carolina Women](#) Marjorie Julian Spruill, 2010-01-25 The biographical essays in this volume provide new insights into the various ways that South Carolina women asserted themselves in their state and illuminate the tension between tradition and change that defined the South from the Civil War through the Progressive Era As old rules including gender conventions that severely constrained southern women were dramatically bent if not broken these women carved out new roles for themselves and others The volume begins with a profile of Laura Towne and Ellen Murray who founded the Penn School on St Helena Island for former slaves Subsequent essays look at such women as the five Rollin sisters members of a prominent black family who became passionate advocates for women s rights during Reconstruction writer Josephine Pinckney who helped preserve African American spirituals and explored conflicts between the New and Old South in her essays and novels and Dr Matilda Evans the first African American woman licensed to practice medicine in the state Intractable racial attitudes often caused women to follow separate but parallel paths as with Louisa B Poppenheim and Marion B Wilkinson Poppenheim who was white and Wilkinson who was black were both driving forces in the women s club movement Both saw clubs as a way not only

to help women and children but also to showcase these positive changes to the wider nation Yet the two women worked separately as did the white and black state federations of women s clubs Often mixing deference with daring these women helped shape their society through such avenues as education religion politics community organizing history the arts science and medicine Women in the mid and late twentieth century would build on their accomplishments South Carolina Women Marjorie Julian Spruill, Valinda W. Littlefield, 101 Women Who Shaped South Carolina Valinda W. Littlefield, 2020-12-30 Prior to the twenty first century most historical writing about women in South Carolina focused on elite White women even though working class women of diverse backgrounds were actively engaged in the social economic and political battles of the state Although often unrecognized publicly they influenced cultural and political landscapes both within and outside of the state s borders through their careers writing art music and activism Despite significant cultural social and political barriers these brave and determined women affected sweeping change that advanced the position of women as well as their communities The entries in 101 Women Who Shaped South Carolina which include many from the landmark text The South Carolina Encyclopedia offer a concise and approachable history of the state while recognizing the sacrifice persistence and sheer grit of its heroines and history makers A foreword is provided by Walter Edgar Neuffer Professor of Southern Studies Emeritus and Distinguished Professor Emeritus of History at the University of South Carolina **South Carolina Women in the Confederacy** United Daughters of the Confederacy. South Carolina Division, United daughters of the confederacy, 1903 **SOUTH CAROLINA WOMEN IN THE CO** United Daughters of the Confederacy Sou, Sallie Enders Conner, Thomas Mrs Taylor, 2016-08-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Women's Life and Work in the Southern Colonies** Julia Cherry Spruill, 1998 A seminal work exploring the daily life and status of southern women in colonial America describes the domestic occupation social life education and role in government of women of varied classes **Confederate South Carolina** Karen Stokes, 2015-01-19 The Civil War never left South Carolina from its beginning at Fort Sumter in 1861 through the destructive harrowing days of Sherman s march through the state in 1865 Included here are the stories of Confederate civilians and soldiers who remained

true to their cause throughout the perilous struggle An English aristocrat risked his life to run the blockade and become one of the defenders of Charleston The Haskells of Abbeville sent seven sons into Confederate service Many South Carolina women made heart rending sacrifices including a disabled woman from Laurens County whose heroic efforts preserved Mount Vernon the home of George Washington from wartime ravages Author Karen Stokes details the lives of men and women whose destinies intertwined with a tragic era in Palmetto State history Notable American Women, 1607-1950 Radcliffe College,1971 Vol 1 A F Vol 2 G O Vol 3 P Z modern period

The U.S. Women's Jury Movements and Strategic Adaptation Holly J. McCammon,2012-04-30 When women won the vote in the United States in 1920 they were still routinely barred from serving as jurors but some began vigorous campaigns for a place in the jury box This book tells the story of how women mobilized in fifteen states to change jury laws so that women could gain this additional right of citizenship Some campaigns quickly succeeded others took substantially longer The book reveals that when women strategically adapted their tactics to the broader political environment they were able to speed up the pace of jury reform while less strategic movements took longer A comparison of the more strategic women s jury movements with those that were less strategic shows that the former built coalitions with other women s groups took advantage of political opportunities had past experience in seeking legal reforms and confronted tensions and even conflict within their ranks in ways that bolstered their action

South Carolina Women Benjamin F. Hornsby,South Carolina. Department of Archives and History. Public Programs Division,1995-10-01 Significant dates and achievements of South Carolina women from 1540 to 1995

Southern Women at the Seven Sister Colleges Joan Marie Johnson,2010 From the end of Reconstruction and into the New South era more than one thousand white southern women attended one of the Seven Sister colleges Vassar Wellesley Smith Mount Holyoke Bryn Mawr Radcliffe and Barnard Joan Marie Johnson looks at how such educations in the North at some of the country s best schools influenced southern women to challenge their traditional gender roles and become active in woman suffrage and other social reforms of the Progressive Era South Attending one of the Seven Sister colleges Johnson argues could transform a southern woman indoctrinated in notions of domesticity and dependence into someone with newfound confidence and leadership skills Many southern students at northern schools imported the values they imbibed at college returning home to found schools of their own women s clubs and woman suffrage associations At the same time during college and after graduation southern women maintained a complicated relationship to home nurturing their regional identity and remaining loyal to the ideals of the Confederacy Johnson explores why students sought a classical liberal arts education how they prepared for entrance examinations and how they felt as southerners on northern campuses She draws on personal writings information gleaned from college publications and records and data on the women s decisions about marriage work children and other life altering concerns In their time the women studied in this book would eventually make up a disproportionately high percentage of the elite southern female leadership This collective biography

highlights the important part they played in forging new roles for women especially in social reform education and suffrage

Exploring South Carolina Through Project-Based Learning Carole Marsh, 2016-04-01 Exploring South Carolina through Project Based Learning includes 50 well thought out projects designed for grades 3-5. In assigning your students projects that dig into South Carolina's geography, history, government, economy, current events, and famous people, you will deepen their appreciation and understanding of South Carolina while simultaneously improving their analytical skills and ability to recognize patterns and big picture themes. Project based learning today is much different than the craft-heavy classroom activities popular in the past. Inquiry, planning, research, collaboration, and analysis are key components of project based learning activities today. However, that doesn't mean creativity, individual expression, and fun are out. They definitely aren't. Each project is designed to help students gain important knowledge and skills that are derived from standards and key concepts at the heart of academic subject areas. Students are asked to analyze and solve problems, to gather and interpret data, to develop and evaluate solutions to support their answers with evidence, to think critically in a sustained way, and to use their newfound knowledge to formulate new questions worthy of exploring. While some projects are more complex and take longer than others, they all are set up in the same structure. Each begins with the central project, driving questions, proceeds through research and supportive questions, has the student choose a presentation option, and ends with a broader view inquiry. Rubrics for reflection and assessments are included, too. This consistent framework will make it easier for you to assign projects and for your students to follow along and consistently meet expectations. Encourage your students to take charge of their projects as much as possible. As a teacher, you can act as a facilitator and guide. The projects are structured such that students can often work through the process on their own or through cooperation with their classmates. South Carolina Survivor: A Classroom Challenge! Carole Marsh, 2011-03-01 The Survivor GameBook is reproducible and allows kids to learn about their state through timed activities, prize suggestions, and an official survivor certificate. The book includes timed multiple choice questions, fill in the blank questions, choose the appropriate dates, and matching that are challenging and fun to answer. This book covers fascinating state facts and meets state standards. South Carolina's Civil War W. Scott Poole, 2005 W. Scott Poole teaches South Carolina history at the College of Charleston. Palmetto Women Ron Chepesiuk, Gina Price White, 1999 Women have played a prominent role in shaping South Carolina's history through active participation in many aspects of the state's development, from securing state appropriations for public libraries to helping to establish the South Carolina Board of Social Services. While many of their achievements have been documented by various organizations, a number of these irreplaceable records have been lost or discarded. Winthrop University, for years one of the largest women's colleges in the nation, strives to preserve these important documents that tell the story of South Carolina women and the contributions they have made. The images in this volume are from the extensive collection of the Winthrop University Archives, which includes the records of the university and state women's organizations, as well as numerous

personal letters scrapbooks and diaries Within these pages you will discover the impact that women have made on education politics religion sports business and the arts and learn first hand about their lives and individual accomplishments **The South Carolina Encyclopedia** Walter B. Edgar,2006 With nearly 2 000 entries and 520 illustrations this comprehensive reference surveys the history and culture of the Palmetto State from A to Z mountains to coast and prehistory to the present

Writing Women's History Elizabeth Anne Payne,2011-09-13 Contributions by Laura F Edwards Crystal Feimster Glenda E Gilmore Jacquelyn Dowd Hall Darlene Clark Hine Mary Kelley Markeeva Morgan Anne Firor Scott Laurel Thatcher Ulrich and Deborah Gray White Anne Firor Scott s *The Southern Lady From Pedestal to Politics 1830 1930* stirred a keen interest among historians in both the approach and message of her book Using women s diaries letters and other personal documents Scott brought to life southern women as wives and mothers as members of their communities and churches and as sometimes sassy but rarely passive agents She brilliantly demonstrated that the familiar dichotomies of the personal versus the public the private versus the civic which had dominated traditional scholarship about men could not be made to fit women s lives In doing so she helped to open up vast terrains of women s experiences for historical scholarship This volume based on papers presented at the University of Mississippi s annual Chancellor Porter L Fortune Symposium in Southern History brings together essays by scholars at the forefront of contemporary scholarship on American women s history Each regards *The Southern Lady* as having shaped her historical perspective and inspired her choice of topics in important ways These essays together demonstrate that the power of imagination and scholarly courage manifested in Scott s and other early American women historians work has blossomed into a gracious plentitude **Bringing Human Rights Home** Catherine Albisa,Martha F. Davis,Cynthia Soohoo,2007-12-30 This three volume set chronicles the history of human rights in the United States from the perspective of domestic social justice activism First the set examines the political forces and historic events that resulted in the U S s failure to embrace human rights principles at home while actively albeit selectively championing and promoting human rights abroad It then considers the current explosion of human rights activism around issues within the United States and the way human rights is transforming domestic social justice work The first volume provides a historical perspective on the United States ambivalent relationship with the international human rights movement It examines the implications of recognizing domestic rights violations as a matter of international concern and the relationship between international and domestic law It also addresses the role the Cold War and Southern opposition to international scrutiny of its Jim Crow policies and segregation played in shaping U S attitudes toward human rights generally and social and economic rights in particular These factors forced social justice organizations to largely abandon employing a human rights framework in their domestic work and had a lasting impact on U S perspectives about fundamental rights and the role of government The set also chronicles current domestic human rights work Volumes two and three consider why domestic activists currently are using human rights and the tactical advantages and practical challenges posed by such strategies

These volumes cover everything from globalization to terrorism and the erosion of civil rights protections that led to a renewed interest in human rights human rights versus civil rights strategies and the different ways human rights can support social activism

Fuel your quest for knowledge with is thought-provoking masterpiece, Dive into the World of **South Carolina Women** .
