South Dakota Historical Collections South Dakota State Historical Society, 1968 *South Dakota Historical Collections*, 1920 **South Dakota Historical Collections**, 1989 *Forts of the West* Robert Walter Frazer, 1965 The number and variety of forts and posts together with changes of location name and designation have posed perplexing problems for students of western history Now Robert W Frazer has prepared a systematic listing of all presidios and military forts which were ever at any time and in any sense so designated The lists of posts are arranged alphabetically within the boundaries of present states Pertinent information is included for each fort date of establishment location and reason for establishment name rank and military unit of the person establishing the post origin of the post name and changes in name and location present status or date of abandonment and disposition of any existing military reservation A map for each state shows the location of the posts discussed A prime reference for historians *Forts of the West* will prove useful to readers of western history as well **The Career of Robert Dickson** Helen Delight Weaver, 1924 *South Dakota History*, 1983

Moon of Popping Trees Rex Alan Smith, 1981-01-01 The last significant clash of arms in the American Indian Wars took place on December 29 1890 on the banks of Wounded Knee Creek in South Dakota Of the 350 Teton Sioux Indians there two thirds were women and children When the smoke cleared 84 men and 62 women and children lay dead their bodies scattered along a stretch of more than a mile where they had been trying to flee Of some 500 soldiers and scouts about 30 were dead some probably from their own crossfire Wounded Knee has excited contradictory accounts and heated emotions To answer whether it was a battle or a massacre Rex Alan Smith goes further into the historical records and cultural traditions of the combatants than anyone has gone before His work results in what Alvin Josephy Jr editor of *American Heritage* calls the most definitive and unbiased account of all *Moon of Popping Trees* **Report and Historical Collections** South Dakota.

Department of History, 1928 **With Crook at the Rosebud** J. W. Vaughn, 2017-12-01 Crook always maintained that since his command occupied the field after the battle he was not defeated at the Rosebud and that if the battle had gone according to his orders it would have resulted in a real triumph for his men This view was also held by his superiors although they called it a barren victory His part in the campaign was to form a junction with the other advancing columns combining with them in returning the infractious Sioux to their reservations His immediate purpose was to find and destroy the village of Crazy Horse He accomplished none of these objectives Instead he retired from the scene permitting the forces of Crazy Horse to concentrate their strength against the troops to the north From *With Crook at the Rosebud* The 1868 Treaty of Fort Laramie gave the Sioux and Cheyenne Indian tribes control over a wide region covering Montana Wyoming Nebraska and part of the Dakotas But in the 1870s gold was discovered in the Black Hills and white settlers invaded Indian territory in desperate search for the precious mineral Clashes between miners and Indians erupted After trying other means of settling the disputes the U S government decreed that all Indians in the northwest should be living on reservations by January 1876

The Sioux and the Cheyenne refused to obey so the Bureau of Indian Affairs called in the military to enforce the order Brigadier General George Crook led the Big Horn and Yellowstone Expeditionary forces into southern Montana against rebellious Sioux But Crazy Horse leading a party of Sioux and Cheyenne defeated a portion of Crook's command at Powder River in March 1876 In his chagrin and determination for revenge Crook led his troops to the Rosebud canyon to destroy Crazy Horse's village The two powerful forces each numbering more than one thousand men met at the Rosebud River on June 17 At the end of the fierce day long battle Crook returned to his base nearly forty miles away convinced that he had won Time would prove however that the battle resulted in a stalemate Crook's force was removed from the larger campaign and he was unable to come to Custer's aid at the Little Big Horn eight days later Though the Battle of the Rosebud had a significant impact on the rest of the campaign against the Sioux it has often been eclipsed by publicity surrounding the Battle of the Little Big Horn It was not until 1956 when With Crook at the Rosebud was first published by Stackpole that the first clear history of the battle emerged

Education pamphlets ,1926 *Academic Histories of Faculty Members of Associated Collegiate Schools of Business with Bibliographies of Their Publications* ,1926 **Faculty Personnel** American Association of Collegiate Schools of Business,1926 **Custer, the Seventh Cavalry, and the Little Big Horn** Mike O'Keefe,2012-11-20 Since the shocking news first broke in 1876 of the Seventh Cavalry's disastrous defeat at the Little Big Horn fascination with the battle and with Lieutenant George Armstrong Custer has never ceased Widespread interest in the subject has spawned a vast outpouring of literature which only increases with time This two volume bibliography of Custer literature is the first to be published in some twenty five years and the most complete ever assembled Drawing on years of research Michael O Keefe has compiled entries for roughly 3 000 books and 7 000 articles and pamphlets Covering both nonfiction and fiction but not juvenile literature the bibliography focuses on events beginning with Custer's tenure at West Point during the 1850s and ending with the massacre at Wounded Knee in 1890 Included within this span are Custer's experiences in the Civil War and in Texas the 1873 Yellowstone and 1874 Black Hills expeditions the Great Sioux War of 1876-77 and the Seventh Cavalry's pursuit of the Nez Perces in 1877 The literature on Custer the Battle of the Little Big Horn and the Seventh Cavalry touches the entire American saga of exploration conflict and settlement in the West including virtually all Plains Indian tribes the frontier army railroading mining and trading Hence this bibliography will be a valuable resource for a broad audience of historians librarians collectors and Custer enthusiasts

Custer's Luck Edgar Irving Stewart,1955 This is undoubtedly a remarkable book on a period of American history about which much has been written the period of the Indian wars in the Northwest from the close of the Civil War until the Custer disaster on the Little Big Horn It presents in graphic detail and on a vast canvas the great events and the small which reached a decisive crescendo in Custer's fate Here is no savage battle incident presented in isolation from other events but a sweeping panorama of a whole ere inept hesitant and tragic To insure comprehensiveness the author describes the pertinent facts of the Grant administration the

embitterment of the Great Plains tribes and the deteriorating Civil War army The book is the record not only of the dashing Seventh Cavalry and its leader but also of the Grant Custer feud Sitting Bull the Belknap scandal Rain in the Face the battle strategy of the Indians and Custer's military rivals Particular note is taken of the effect on history of Custer's recklessness and glory seeking and of the superstitions and fatalistic determination of the Sioux and the Cheyennes The Battle of the Little Big Horn reconstructed in this account largely on Indian eyewitness testimony climaxed the long developing tragedy and provided a smashing crescendo to the vacillating policy of the United States government towards the Indians of the Great Plains A four color reproduction of an oil painting by John Hauser entitled The Challenge has been selected for the cover of Custer's Luck The original canvas is in the collection of the Thomas Gilcrease Institute of American History and Art Tulsa Oklahoma and the publishers gratefully acknowledge the cooperation of that organization in making this reproduction possible

Terrible Justice Doreen Chaky, 2014-09-12 They called themselves Dakota but the explorers and fur traders who first encountered these people in the sixteenth century referred to them as Sioux a corruption of the name their enemies called them That linguistic dissonance foreshadowed a series of bloodier conflicts between Sioux warriors and the American military in the mid nineteenth century Doreen Chaky's narrative history of this contentious time offers the first complete picture of the conflicts on the Upper Missouri in the 1850s and 1860s the period bookended by the Sioux's first major military conflicts with the U S Army and the creation of the Great Sioux Reservation Terrible Justice explores not only relations between the Sioux and their opponents but also the discord among Sioux bands themselves Moving beyond earlier historians focus on the Brul and Oglala bands Chaky examines how the northern southern and Minnesota Sioux bands all became involved in and were affected by the U S invasion In this way Terrible Justice ties Upper Missouri and Minnesota Sioux history to better known Oglala and Brul Sioux history

The Publications of the Champlain Society, 1927 Journals and Letters of Pierre Gaultier de Varennes de La Vérendrye and His Sons Pierre Gaultier de Varennes La Vérendrye (sieur de), 1927 Meriwether Lewis Kira Gale, 2015-07-01 This new full length biography of Meriwether Lewis is presented within the context of the turbulent times of the early American Republic The author discusses intrigues to seize the Floridas and Louisiana from Spain with the help of France or Britain and makes the case for General James Wilkinson assassinating General Anthony Wayne to become the commanding general of the U S Army She proposes that the deadlock in the presidential election of 1800 between Aaron Burr and Thomas Jefferson was caused by a British faction of Federalists who planned to invade Louisiana and Mexico if Burr were elected president Three parts of the conspiracy are identified a secret military base on the Ohio Cantonment Wilkinsonville where 700 U S Army troops were stationed the Philip Nolan filibuster into Texas and British naval support After Jefferson's election Lewis lived in the White House as his confidential aide In 1803 he left the White House as the leader of an elite army unit to reinforce

America's claim to the Pacific Northwest When he returned Jefferson appointed him governor of Louisiana Territory based in St Louis with orders to remove followers of Aaron Burr from positions of power and influence Within two years Meriwether Lewis was dead at the age of 35 killed by an assassin's bullets in 1809 The case is made that General Wilkinson and John Smith T a wealthy lead mine operator were the organizers of his assassination Their motive was to prevent Lewis from stopping another filibuster expedition into Mexico in 1810 This biography of Lewis offers a very different interpretation of his character and achievements supporting the idea that if he had lived Lewis was in line to become president of the United States It presents a detailed account of his activities as a loyal Jefferson supporter presidential aide leader of a continental expedition and governor of Louisiana Territory

Fort Union and the Upper Missouri Fur Trade Barton H. Barbour, 2002-09-23 In this book Barton Barbour presents the first comprehensive history of Fort Union the nineteenth century's most important and longest lived Upper Missouri River fur trading post Barbour explores the economic social legal cultural and political significance of the fort which was the brainchild of Kenneth McKenzie and Pierre Chouteau Jr and a part of John Jacob Astor's fur trade empire From 1830 to 1867 Fort Union symbolized the power of New York and St Louis and later St Paul merchants capital in the West The most lucrative post on the northern plains Fort Union affected national relations with a number of native tribes such as the Assiniboine Cree Crow Sioux and Blackfeet It also influenced American interactions with Great Britain whose powerful Hudson's Bay Company competed for Upper Missouri furs Barbour shows how Indians mixed bloods Hispanic African Anglo and other Euro Americans living at Fort Union created a system of community law that helped maintain their unique frontier society Many visiting artists and scientists produced a magnificent graphic and verbal record of events and people at the post but the old time world of fur traders and Indians collapsed during the Civil War when political winds shifted in favor of Lincoln's Republican Party In 1865 Chouteau lost his trade license and sold Fort Union to new operators who had little interest in maintaining the post's former culture Barton H Barbour is Professor of History at Boise State University and author of Jedidiah Smith No Ordinary Mountain Man also published by the University of Oklahoma Press
