Southeast Asia Between Autocracy And Democracy Identity And Political Processes:

Southeast Asia Between Autocracy and Democracy Mikael Gravers, 1989 **Southeast Asia Between Autocracy and Democracy** **Southeast Asia** Christoph Antweiler, 2004 **Reformist Muslims in Yogyakarta Village** Hyung-Jun Kim, 2007-03-01 This study examines the religious life of reformist Muslims in a Yogyakarta village The foci of this discussion are on Muslim villagers construction with the help of the reformist paradigm of the image of the good Muslim and Muslimness on their efforts to incorporate an reformist Islamic framework to question taken for granted practices and ideas on the position of traditional practices and ideas and their relation to reformist Islam and on the interplay of villagers who show a strong commitment to reformist Islam with those who do not Another topic investigated in this study is the interactions between Muslim and Christian villagers and the impacts of Christian presence on the process by which Muslims define themselves their neighbours their religion and their religious community *Security, Arms Control, and Conflict Reduction in East Asia and the Pacific* , 1993-07-30 This is the most comprehensive bibliography to date on the vast English language literature covering the myriad aspects of peace and security issues in the East Asia Pacific region McClean contacted 150 key research institutions and publishers around the world for information about the most significant books articles dissertations and official documents on international and intra state security arms control conflict avoiding diplomacy and militarization in the area He has selectively annotated 12 645 cross referenced entries and organized them into 27 sub regional and country chapters including two particularly extensive chapters on Japan and China and two further chapters on relations between Australia New Zealand and the United States and on U S and Soviet policy **Structural Adjustment, a Development Strategy for Vietnam?** Anne Jerneck, 1992 **Third World Democratization?** Svend Erik Lindberg-Hansen, 1994 **Excerpta Indonesica** , 1991 *Kasarinlan* , 1992 *Indonesia* , 1992 **Culture, Politics, and Economic Growth** Richard Harvey Brown, 1994 *Debating Human Rights* Peter Van Ness, 2003-07-13 Human rights debates can provoke strong reactions particularly among people of different cultural backgrounds The debate over Asian values and the use of human rights diplomacy are the most obvious manifestations of divisions between Asia and the West and reflect particular world views and historical legacies In this new book scholars from the United States and several Asian countries debate fundamental issues such as Asian values peaceful evolution and cultural imperialism Provocative and challenging essays analyse the debate between East and West presenting critical perspectives on globalization and human rights diplomacy *Debating Human Rights* is an original contribution to a vital area of debate It presents a uniquely wide diversity of perspectives on controversial issues and demonstrates how scholars and activists who view the world very differently can nonetheless move these debates forward in a search for common ground **Contemporary Southeast Asia** , 1990 **The Quarterly Index Islamicus** , 1993 *Studies in Third World Societies* , 1994 *Bibliography of Asian Studies* , 1995 *Routledge Handbook of Autocratization in Southeast Asia* Netina Tan, Yuko Kasuya, 2025-07-31 The Routledge Handbook

of Autocratization in Southeast Asia examines how global and domestic forces of autocratization affect regional and local politics. It analyzes how the interactions of international and domestic factors affect actors and institutions in both democracies and autocracies in the region. Bringing together a representative slate of both local and international junior and senior scholars of different methodological backgrounds, this Handbook cross-examines regional trends and provides an insider view of the causes and effects of autocratization in a region with diverse experiences with de-colonization, state building, and economic and political developments. The 28 chapters are organized into three sections. Part I examines a range of structural, international, socio-political, technological, and ideological causal factors of autocratization. Part II offers a comparative analysis of the consequences of autocratization on key actors and democratic institutions. Part III provides a more detailed study of autocratic consolidation and pushback in each country in Southeast Asia. Taking into account structural, historical, institutional, and cultural factors, the contributors analyze how domestic actors and democratic institutions withstand the global forces of autocratization. This Handbook fills empirical gaps in the current scholarship by focusing on all nation-states in the Association of Southeast Asian Nations and Timor-Leste, varied regime types with diverse socio-religious backgrounds. It is the first authoritative reference work dedicated to Southeast Asia's autocratization and will be an indispensable reference work for academics and policymakers interested in democracy and autocracy, regime transition, and Southeast Asian politics. *Bibliographie Internationale de Science Politique*, 1992. *Ritual Fasting on West Java* Jörgen Hellman, 2006. **Trends and Transformations in World Politics** Rahman Dag, Özgür Tüfekçi, 2022-05-05. We are witnessing turbulent times which inspire both anxiety and hope. Many global trends are sweeping across a transforming world. To make these movements and changes more understandable, *Trends and Transformations in World Politics* introduces the reader to the study of world politics in a period of rapid readjustment. This book also focuses on world historical transformations as a general phenomenon, showing how the twenty-first century change in world politics fits into broader patterns of macro-historical change. To do that, the perspective of major international relations theories is utilized, and a discussion of transformation is grounded within a conceptual framework. This book will strengthen the reader's understanding of the trends and transformations in world politics. **Dictators, Democrats, and Development in Southeast Asia** Michael T. Rock, 2017. An examination of how dictators and democrats in Indonesia, Malaysia, and Thailand built and sustained pro-growth political coalitions.
