## **Southern Cone Model The Political Economy Of Regional Capitalist Development In Latin America:**

**The Southern Cone Model** Nicola Phillips, 2004-08-02 This book provides an innovative and in depth account of the contemporary political economy of capitalist development in the Southern Cone countries of Latin America Argentina Brazil Chile Paraguay and Uruguay

**Brazil and Latin America** José Briceño-Ruiz, Andrés Rivarola Puntigliano, 2017-08-28 Brazil and Latin America Between the Separation and Integration Paths challenges the separatist bias in the vision of Brazilian relations with its Latin American neighbors By exploring the parallel existence of a path of integration the focus of this study is on those forces which have intended to forge different forms of alignment integration and sometimes rightward union between Brazil and different Latin American countries The authors analyze the ideas and projects inherent in the mindset of elites even before independence They show that the path of integration has been more influential than is generally known Ultimately this book demonstrates the complexity around policy making debates on foreign policy and the history of shaping the Brazilian self

**Globalization, Regionalization and Business** M. Schelhase, 2008-10-01 The book provides new insight into the role of organised business interests It supports the concept of political economy and demonstrates how it transcends the limitations of CPE or IPE to form a coherent whole The book maps the conflict convergence and influence of organized business interests in the context of regional integration

**The Political Economy of Space in the Americas** Alejandra Roncallo, 2013-07-31 This book presents a novel and cutting edge interpretation of the evolving political economy of the Americas Through a combination of qualitative research and theory it considers the reconstruction of American led hegemony in the Americas since the 1982 debt crisis and presents an examination of the new Pax Americana Drawing on the Gramscian concept of hegemony as understood by Robert Cox and Henri Lefebvre this book argues that since the 1982 debt crisis there has been a reconstruction of American led hegemony under the signature of neo liberalism and that it has taken place in the last four ten year developmental planning stages market reforms in the 1980s good governance in the 1990s poverty reduction in the new millennium and currently the disembedding of security Each evolutionary stage was constructed to secure the continuing motion of capitalist accumulation on a world scale Moving from the global to the local scale the book includes two detailed case studies on mining extraction in Bolivia to show how subaltern groups actually experienced and negotiated the transition from the old to the new Pax Americanas at the level of everyday life and what conflicts arose The book ends with a chapter on President Evo Morales and the re foundation of Bolivia as an indigenous nation The Political Economy of Space in the Americas will be of interest to students and scholars of political economy and Latin American politics

**State-permeated Capitalism in Large Emerging Economies** Andreas Nölke, Tobias ten Brink, Christian May, Simone Claar, 2019-08-30 This book systematically analyzes the economic dynamics of large emerging economies from an extended Comparative Capitalisms perspective Coining the phrase state permeated capitalism the authors shift the focus of research from economic policy alone towards the real world of corporate and state behaviour On

the basis of four empirical case studies Brazil India China South Africa the main drivers for robust economic growth in these countries from the 2000s until the 2010s are revealed These are found in particular in mutual institutional compatibilities of state permeated capitalism in their large domestic markets and beneficial global economic constellations Differences in their institutional arrangements are explored to explain why China and India have been more economically successful than Brazil and South Africa The authors highlight substantial challenges for the stability of state permeated capitalism and assess the potential future growth sustainability and likely pitfalls for these large emerging economies Opening further avenues for empirical and theoretical research this book raises questions for the future of the global economic order and should appeal to academics graduate students and advanced undergraduates in politics economics economic sociology and development studies It should also prove a worthwhile and provocative read for development practitioners and policy makers     Global Governance and Japan Glenn D. Hook,Hugo Dobson,2007-08-07 Leading specialists from Europe and Japan examine the institutional mechanisms of governance at the global level and provide concrete evidence of the role Japan plays in these institutions An excellent introduction to the concept of global governance the volume analyzes how global governance actually works through the global institutional mechanisms of governance It provides an up to date and contemporary analysis of the six most important global institutions namely the Group of 7 8 the Organisation for Economic Cooperation and Development the World Bank the International Monetary Fund the World Trade Organization the United Nations Written clearly and concisely the book provides a thorough and accessible discussion on Japan s role within these institutions and uses supporting case studies to ask whether Japan is reactively or proactively involved in trying to shape these institutions in order to promote its own interests As such it will be a valuable resource for undergraduates and scholars with an interest in global governance Japanese politics and political economy     *Negotiating Trade Liberalization in Argentina and Chile* Andrea C. Bianculli,2016-12-08 How do international negotiations affect domestic politics Starting in the 1990s countries throughout Latin America embarked on many and simultaneous negotiations On the shifting ground of widening and deepening trade agendas and diverse arenas what factors determined trade politics This book examines the domestic political dynamics triggered by South South North South and multilateral agendas in Argentina and Chile between 1990 and 2005 Using a much needed cross negotiation and cross country comparative perspectives and through detailed empirical analyses of several key negotiations it proposes an explanation that emphasizes the interplay between international negotiations and domestic trade politics taken as the result of the complex and dynamic interdependencies and interrelations between state and society Informed by interviews with public officials businesses and civil society the analysis reveals that variation in the depth of agendas the distributional effects and the uncertainty of political outcomes all have important consequences for domestic preference formation collective action strategies and types of relationships Given this the variety of negotiations when considered separately and comparatively show that South South North South and multilateral processes

promote different patterns of trade politics In sum although national specificities and historical legacies are important the book argues that trade policy comes first in creating domestic politics in Latin America

**From Pinochet to the 'Third Way'** Marcus Taylor,2006-06-20 This is a comprehensive analysis of three decades of neoliberal policies in Chile from the Pinochet dictatorship until today Chile is often described as a model of neoliberal development policy Marcus Taylor questions this description Examining the contradictions of neoliberalism he demonstrates how it has created a society that is deeply ridden with inequalities Taylor shows how the tensions that arose from this social inequality led to the emergence of a Third Way neoliberalism in the post dictatorship period Taylor argues that this new development paradigm has failed This is a result of the inability of Third Way neoliberalism to transform social relationships and institutions The nature of this failure affects the direction of popular movements for social change in Latin America during a time of renewed social and political upheaval

**Global Citizenship and the Legacy of Empire** April Biccum,2012-08-06 This book investigates the parallels between mainstream development discourse and colonial discourse as theorized in the work of Homi Bhabha Gayatri Spivak and Edward Said Aiming to repoliticize post colonial theory by applying its understandings to contemporary political discourses author April Biccum critically examines the ways in which development in its current form has recently begun to be promoted among the metropolitan public Biccum contends that what has begun is a sustained marketing campaign for development that is a repetition augmentation and ultimately much greater success of the work of the Empire Marketing Board of 1926 Demonstrating how this marketing campaign for development attempts to facilitate support for neo liberal globalization Biccum contends that this theatre of legitimation is emerging in response to growing critical voices and counter hegemonic activity on the international stage Featuring in depth analyses of the UK cultural values DfID the commemoration of the slave trade and campaigns including Live8 and Make Poverty History this book will be of interest to students and scholars of postcolonial studies development studies and international political economy It will also offer insights valuable to a wider range of subjects including critical theory and globalization studies

**Capitalism in Crisis?** Alexandra Vasileva-Dienes,2021-05-11 Worrisome recent economic downturns in Brazil Russia and even China occurred against the backdrop of domestic issues pertaining to patrimonialism corruption and informality Some economies of the European periphery also suffered from similar domestic issues and plunged into recession due to economic crisis and austerity policies implemented in its wake This book theorises and analyses the evolving nature of capitalism in emerging economies the BRICs and the European periphery in the face of pressures from globalisation and economic crises The volume seeks to make sense of these crises and their impact using the framework of comparative capitalism while testing its applicability beyond the advanced industrialised countries for which it was developed The authors draw on late Uwe Becker s open qualitative approach systematically integrating the state into the analysis and paying close attention to the role of changing ideas character of international integration leadership and informality The contributors analyse different responses to crises by the

BRICs and countries of the Southern European periphery as well as respective dimensions of state business interaction The findings contribute to theorising varieties of capitalism beyond the OECD world and to developing a dynamic theory of capitalist change in the face of pressures from globalisation and economic crises The chapters in this book were originally published as a special issue of Contemporary Politics

**Beyond States and Markets** Isabella Bakker, Rachel Silvey, 2012-08-21 Seeking to extend our understanding of the contemporary global political economy this book provides an important and original introduction to the current theoretical debates about social reproduction and argues for the necessity of linking social reproduction to specific contexts of power and production It illustrates the analytic value of the concept of social reproduction through a series of case studies that examine the implications of how labor power is reproduced and how lives outside of work are lived The issues examined in countries including the Ukraine Chile Spain Nepal India and Indonesia consist of Human trafficking and sex work Women and work Migration labor and gender inequality Micro credit programs and investing in women Health biological reproduction and assisted reproductive technologies The book lends a unique perspective to the understandings of transformation in the global political economy precisely because of its simultaneous focus on the caring and provisioning of the everyday and its relationships to policies and decisions made at the national and international levels of both formal and informal institutions With its multi disciplinary approach this book will be

indispensable to students and scholars of International Political Economy Development Studies Gender or Women s Studies International Studies Globalization and International Relations

**Globalization, Governmentality and Global Politics** Ronnie Lipschutz, James K. Rowe, 2006-03-07 Globalization is moving fast impacting on the life of all nations with accelerating force In this new study Ronnie Lipschutz shows how it is being handled by specific groups seeking positive outcomes for the people and causes they represent Globalization Governmentality and Global Politics details how the widespread failure of states and corporations to regulate the impact of increased globalization has given rise to non governmental organizations and movements aiming to influence corporations regarding social responsibilities and address key issues such as human rights environmental destruction unhealthy working conditions and child labour Assessing the effectiveness of these efforts it examines both the new movements and the issues they are tackling With three key case studies on the clothing industry sustainable forestry and corporate social responsibility it explores the tensions between politics and management examining the theoretical implications of regulation for politics citizenship and the state Finally it takes a fresh look at what is to be done calling for a return to politics centred on the direct participation of the individual in the social choices that affect quality of life working conditions and the global future

**Venezuela, ALBA, and the Limits of Postneoliberal Regionalism in Latin America and the Caribbean** Asa K. Cusack, 2018-07-13 This book provides a comprehensive analysis of the implementation functioning and impact of the Bolivarian Alliance for the Peoples of Our America ALBA cornerstone of Venezuelan foreign policy and standard bearer of postneoliberal regionalism during the Left Turn in Latin

America and the Caribbean 1998 2016 It reveals that cooperation via ALBA's regionalised social missions state multinationals development bank People's Trade Agreement SUCRE virtual currency and Petrocaribe soft loan scheme has often been hampered by complexity and conflict between the national political economies of Ecuador Dominica St Vincent and the Grenadines Antigua and Barbuda and especially Venezuela Shared commitments to endogenous development autonomy within multipolarity and novel sources of legitimacy are undermined by serious deficiencies in control and accountability which stem largely from the defining influence of Venezuela's dysfunctional economy and governance This dual dependency on Venezuela leaves the future of ALBA hanging in the balance

**The Ashgate Research Companion to Regionalisms** J. Andrew Grant, 2016-03-23 EU studies increasingly recognize the salience of new regional insights Hence this collection of original essays provides a broad overview of regionalism together with detailed analyses on the construction activities and implications of both established and emerging examples of formal political and economic organizations as well as informal regional entities and networks Aimed at scholars and students interested in the continuing growth of regionalism The Ashgate Research Companion to Regionalisms is a key resource to understanding the major debates in the field Organized into three main sections this volume deals with a wide range of issues covering the following important research areas Section one covers theoretical and methodological approaches to the study of established and formal regionalism emerging and informal regionalism inter regionalism and levels of regionalism Section two provides detailed case studies of established and formal regionalisms EU NAFTA ASEAN SAARC OAS MERCOSUR AU ECOWAS and SADC Section three offers case studies that investigate emerging and informal regionalisms in Oceania the Arab League BRICSAM and the Commonwealth's as well as thought provoking chapters on micro regional processes evident in spatial development initiatives transnational gangs transfrontier conservation areas and the migration conflict nexus in natural resource sectors With the study of regionalism becoming an increasingly important part of politics international relations development and global studies courses this comprehensive volume is a valuable addition for classroom use

Images of Gramsci Andreas Bieler, Adam Morton, 2014-06-03 A comprehensive reassessment of the relevance of Gramsci's theory and practice at the beginning of the twenty first century Whilst commentaries on Antonio Gramsci and arguments surrounding his political and intellectual legacy have proliferated little attention has been hitherto directed to linking the connections and contentions between Political Theory and International Political Economy This volume brings together leading authorities engaged in common debates to produce for the first time a major collection that clarifies addresses and lays bare the manifest connections and contentions within political and international theory surrounding the legacy of Antonio Gramsci In Part I scholars examine various approaches to Gramsci's thought including his methodological principles the specific conception of civil society he offers his writings on war and cultural struggle the spatial dimension of his thinking and his philosophy of history Part II focuses on very new developments in Gramsci scholarship concerning the questioning of contemporary world

order This includes reflections on his relevancy to issues of globalising capitalism transformations in the state revolutionary praxis orientalism and empire as well as European regionalism This book was previously published as a special issue of the leading Critical Review of International Social and Political Philosophy CRISPP

**Governing International Labour Migration** Christina Gabriel,Hélène Pellerin,2012-08-21 This book offers a critical examination of the way in which the nature and governance of international labour migration is changing within a globalizing environment It examines how labour mobility and the governance of labour migration are changing by exploring the links between political economy and differentiated forms of labour migration Additionally it considers the effects of new social models of inclusion and exclusion on labour migration Therefore the book troubles the conventional dichotomies and categorizations permanent vs temporary skilled vs unskilled legal vs illegal that have informed migration studies and regulatory frameworks Theoretically this volume contributes to an ongoing project of reframing the study of migration within politics and international relations Bringing together an interdisciplinary group of scholars drawing on examples from the European Union North America and Asia Governing International Labour Migration will be of interest to students and scholars of migration studies IPE international relations and economics

**Conflicts in Environmental Regulation and the Internationalisation of the State** Ulrich Brand,Christoph Görg,Joachim Hirsch,Markus Wissen,2008-04-24 Examines the global regulation of biodiversity politics through international treaties assessing how the discourse and politics of sustainable development have contributed to the internationalization of the state

**Global Governance in Question** Susanne Soederberg,2006-02-20 Like many buzzwords global governance is as poorly understood as it is popular In contrast to most mainstream accounts this book examines global economic governance as an integral moment of contemporary capitalism presenting a critical insight into its real nature and the interests that it serves This book begins by asking what has not been discussed in the mainstream debates and why Drawing on a Marxist perspective Susanne Soederberg explores neglected issues including transnational debt and the increasingly coercive nature of US aid to so called failed states She argues that mainstream understandings fail to engage with the wider contradictions that characterise global capitalism In consequence there is no explanation of the changing nature of American empire and capitalist power in the world

**Global Public Policy** Karsten Ronit,2006-12-12 We are in a critical period where civil society organizations actively influence business political behaviour while corporations and business associations are adopting new and flexible strategies aimed at closer contact with civil society Against the backdrop of such broad reorientations this book analyzes the new and changing roles of business and civil society actors to offer an accurate portrayal of the formation of global public policy With contributions from leading experts in the field it investigates the potential for and emergence of new policy arrangements along with their patterns of conflict and cooperation Building upon theoretical inspirations from various traditions studying international affairs this volume develops and applies the concepts of policy arrangements and countervailing power to the field of global business civil society relations A range of key

issues including labour consumers global finance the mining industry climate policy and the World Economic and Social Forums are examined Global Public Policy will be of strong interest to students and researchers of international political economy international relations and international business      Beyond Globalization Hannes Lacher,2006
