Southern Exposure The Story Of Southern Music In Pictures And Words:

Southern Exposure Richard Carlin, Bob Carlin, 2000 These black and white photographs which cover a one hundred year span from the 1850s to the 1950s were selected from a range of photo archives including the Library of Congress and the Smithsonian Institution as well as prominent private collections The wide selection includes images from such well known Farm Security Administration photographers as Russell Lee and Ben Shahn Each of the seventy five photographs is accompanied by an extensive caption that relays a relevant and often amusing anecdote or otherwise gives historical context to the photo **BOOK JACKET**

Southern Exposure Richard Carlin, Bob Carlin, 2000 These black and white photographs which cover a one hundred year span from the 1850s to the 1950s were selected from a range of photo archives including the Library of Congress and the Smithsonian Institution as well as prominent private collections The wide selection includes images from such well known Farm Security Administration photographers as Russell Lee and Ben Shahn Each of the seventy five photographs is accompanied by an extensive caption that relays a relevant and often amusing anecdote or otherwise gives historical context to the photo **BOOK JACKET**

Southern Masculinity Craig Thompson Friend, 2010-01-25 The follow up to the critically acclaimed collection *Southern Manhood Perspectives on Masculinity in the Old South Georgia* 2004 *Southern Masculinity* explores the contours of southern male identity from Reconstruction to the present Twelve case studies document the changing definitions of southern masculine identity as understood in conjunction with identities based on race gender age sexuality and geography After the Civil War southern men crafted notions of manhood in opposition to northern ideals of masculinity and as counterpoint to southern womanhood At the same time manliness in the South as understood by individuals and within communities retained and transformed antebellum conceptions of honor and mastery This collection examines masculinity with respect to Reconstruction the New South racism southern womanhood the Sunbelt gay rights and the rise of the Christian Right Familiar figures such as Arthur Ashe are investigated from fresh angles while other essays plumb new areas such as the womanless wedding and Cherokee masculinity

So You Want to Sing Folk Music Valerie Mindel, 2017-02-27 So many who love to sing are drawn to the immediacy and essential simplicity of the music we commonly call folk Folk music in fact can serve as the perfect entry point for those just starting on their singing careers because of the ways in which it sidesteps the strictures of classical forms without giving up the fundamentals of professional singing techniques In *So You Want to Sing Folk Music* singer and writer Valerie Mindel demystifies this sprawling genre looking at a variety of mainly traditional American musical styles as well as those of the folk revival that continues in various forms to this day The aim is to help the fledgling singer better understand the scope of folk music and find his or her voice in the genre looking at the how of creating a vocal sound that reflects a folk based style The book looks at specific repertoires and ways of approaching them in terms of both working up material and performing it It also looks at some of the realities of folk music in the twenty first century that affect both amateurs and

professionals Additional chapters by Scott McCoy Wendy LeBorgne and Matthew Edwards address universal questions of voice science and pedagogy vocal health and audio enhancement technology The So You Want to Sing series is produced in partnership with the National Association of Teachers of Singing Like all books in the series So You Want to Sing Folk Music features online supplemental material on the NATS website Please visit www.nats.org to access style specific exercises audio and video files and additional resources

Country Music Richard Carlin, 2014-02-25 This illustrated A Z guide covers more than 700 country music artists groups and bands Articles also cover specific genres within country music as well as instruments used Written in a lively engaging style the entries not only outline the careers of country music's greatest artists they provide an understanding of the artist's importance or failings and a feeling for his or her style Select discographies are provided at the end of each entry while a bibliography and indexes by instrument musical style genre and song title round out the work For a full list of entries a generous selection of sample entries and more visit the Country Music A Biographical Dictionary website

Country Music: A Very Short Introduction Richard Carlin, 2019-10-09 Country Music A Very Short Introduction presents a compelling overview of the music and its impact on American culture Country music has long been a marker of American identity from our popular culture to our politics it has provided a soundtrack to our national life While traditionally associated with the working class country's appeal is far broader than any other popular music style While this music rose from the people it is also a product of the popular music industry and the way the music has been marketed to its audience is a key part of its story Key artists songs and musical styles are highlighted that are either touchstones for a particular social event such as Tammy Wynette's Stand By Your Man which produced both a positive and negative backlash as a marker of women's roles in society at the beginning of the liberation movement or that encompass broader trends in the industry for example Jimmie Rodgers' T for Texas was an early example of the appropriation of black musical forms by white artists to market them to a mainstream audience While pursuing a basically chronological outline the book is structured around certain recurring themes such as rural vs urban tradition vs innovation male vs female white vs black that have been documented through the work of country artists from the minstrel era to today Truly the voice of the people country music expresses both deep patriotism as well as a healthy skepticism towards the powers that dominate American society Country Music A Very Short Introduction illuminates this rich tradition and assesses its legacy in American popular music culture

The Popular Music Teaching Handbook B. Lee Cooper, Rebecca A. Condon, 2004-04-30 The function of print resources as instructional guides and descriptors of popular music pedagogy are addressed in this concise volume Increasingly public school teachers and college level faculty members are introducing and utilizing music related educational approaches in their classrooms This book lists reports dealing with popular music resources as classroom teaching materials

and will stimulate further thought among students and teachers It focuses on the growing spectrum of published scholarship available to instructors in specific teaching fields art geography social studies urban studies and so on as well as on the multitude of general resources including biographical directories and encyclopedias of artist profiles Building on two recent publications Teaching with Popular Music Resources A Bibliography of Interdisciplinary Instructional Approaches Popular Music and Society XXII no 2 Summer 1998 and American Culture Interpreted through Popular Music Interdisciplinary Teaching Approaches Bowling Green State University Popular Press 2000 this volume focuses on the growing spectrum of published scholarship that is available to instructors in specific teaching fields art geography social studies urban studies and so on as well as on the multitude of general resources including biographical directories and encyclopedias of artist profiles

Banjo Bob Carlin,2023-10-03 THE BANJO AN ILLUSTRATED HISTORY **Real Life Rock** Greil Marcus,2015-01-01 The Washington Post hails Greil Marcus as our greatest cultural critic Writing in the London Review of Books D D Guttenplan calls him probably the most astute critic of American popular culture since Edmund Wilson For nearly thirty years he has written a remarkable column that has migrated from the Village Voice to Artforum Salon City Pages Interview and The Believer and currently appears in the Barnes Noble Review It has been a laboratory where Marcus has fearlessly explored and wittily dissected an enormous variety of cultural artifacts from songs to books to movies to advertisements teasing out from the welter of everyday objects what amounts to a de facto theory of cultural transmission Published to complement the paperback edition of The History of Rock Roll in Ten Songs Real Life Rock reveals the critic in full direct erudite funny fierce vivid astute uninhibited and possessing an unerring instinct for art and fraud The result is an indispensable volume packed with startling arguments and casual brilliance *The Encyclopedia of Popular Music: Selected Albums. Bibliographies* Colin Larkin,2006 Containing 27 000 entries and over 6 000 new entries the online edition of the Encyclopedia of Popular Music includes 50% more material than the Third Edition Featuring a broad musical scope covering popular music of all genres and periods from 1900 to the present day including jazz country folk rap reggae techno musicals and world music the Encyclopedia also offers thousands of additional entries covering popular music genres trends styles record labels venues and music festivals Key dates biographies and further reading are provided for artists covered along with complete discographies that include record labels release dates and a 5 star album rating system **Southern Exposure** ,2005

Bob Dylan by Greil Marcus Greil Marcus,2010-10-19 Nobel Prize winner Bob Dylan s life in music is revisited by his foremost interpreter weaving individual moods and moments into a brilliant history of their changing times The book begins in Berkeley in 1968 and ends with a piece on Dylan s show at the University of Minnesota his very first appearance at his alma mater on election night 2008 In between are moments of euphoric discovery From Marcus s liner notes for the 1967 Basement Tapes pop music s most famous bootlegged archives to his exploration of Dylan s reimagining of the American experience in the 1997 Time Out of Mind And rejection Marcus s Rolling Stone piece on Dylan s album Self Portrait often

called the most famous record review ever written began with What is this shit and led to his departure from the magazine for five years Marcus follows not only recordings but performances books movies and all manner of highways and byways in which Bob Dylan has made himself felt in our culture Together the dozens of pieces collected here comprise a portrait of how throughout his career Bob Dylan has drawn upon and reinvented the landscape of traditional American song its myths and choruses heroes and villains They are the result of a more than forty year engagement between an unparalleled singer and a uniquely acute listener Journal of Appalachian Studies ,2001 The NPR Curious Listener's Guide to American Folk Music Kip Lornell,2004 A comprehensive listener s guide to American folk music provides a concise history of the musical genre and its most important performers along with an A to Z glossary of terms information on stylistic variations helpful resources and a listing of dozens of essential folk music CDs **Facing South** David Bowman,Anita Parlow,Carl Abbott,Wayne Greenhaw,Allen Tullos,John Sicheloff,Bill Finger,Valerie Quinney,Chip Hughes,Alvin Rosenbaum,Susan Moss, Throughout the country and even this region people view the South through myth and stereotype It s not surprising If they turn to newspapers to television and radio to popular films and literature to most history books and folklore they encounter these distortions They find insulting portraits of Southerners whitewashed presentations of southern economics and politics selective visions of history misunderstandings of relationships between people and between people and their land and work Many trivial qualities are romanticized other important ones are totally ignored Blacks are presented only as victims of racism and labor struggles are completely forgotten This view is inevitable when people simply treat the South as an aberration of mainstream America or a remnant of some past culture We at Southern Exposure look at the South from another perspective This is our home we are of it and examine it that we may know more of ourselves and our neighbors These are the politics and culture that surround us and affect us daily that we must analyze praise and attack so our lives can grow and prosper And this is the ground from which we must view the larger world By listening to local tobacco farmers discuss the pressures on them to expand or die we can better understand Earl Butz s plan for US agribusiness By hearing a bluesman s story we come to appreciate how a particular culture evolves from material hardship and inspires immense creativity The Journal of Texas Music History ,2001 The North Carolina Historical Review ,2002

Bibliographic Guide to Music Gale Group,2001-07
