Southern Haven The Port Of Albany:

Maritime Albany Remembered Gordon de L. Marshall, 2001 **The Shore Whalers of Western Australia** Martin Gibbs, 2010 Every winter between 1836 to 1879 small wooden boats left the bays of southwest Western Australia to hunt for migrating Humpback and Right whales In the early years of European settlement these small shore whaling parties and the whale oil they produced were an important part of the colonial economy yet over time their significance diminished until they virtually vanished from the documentary record Using archival research and archaeological evidence *The Shore Whalers of Western Australia* examines the history and operation of this almost forgotten industry on the remote maritime frontier of the British Empire and the role of the whalers in the history of early contact between Europeans and Aboriginal people **Back from the Deep** Carl LaVO, 2012-10-11 This epic World War II saga follows the USS Squalus and Sculpin as they play out their dramatic destinies in the Pacific The author a seasoned journalist re creates their entire perilous journey The Squalus sank during a test dive in 1939 but thirty three trapped crewmen were saved thanks to the revolutionary use of the McCann diving bell The Sculpin s role in that historic rescue is just the first of many incongruous twists of fate that brought the two subs together after the Squalus was salvaged and rechristened the Sailfish Carl LaVO skillfully weaves together the tragic loss of the Sculpin to a Japanese destroyer with the frenetic wrath of its sister sub Their intertwined fates come to an eerie climax as the Sailfish unleashes a ten hour attack on the Japanese aircraft carrier Chuyo amid a raging typhoon unwittingly killing twenty two of the forty three Americans captured from the sunken Sculpin The saga comes to a close with a moving description of the surviving Sculpin crewmen as they face incredible hardship torture and disease as POWs in Japan This book is certain to instill a renewed appreciation for the intrepid men and stealthy boats that were the soul of the Pacific campaign s silent service *Engendering Transnational Transgressions* Eileen Boris, Sandra Trudgen Dawson, Barbara Molony, 2020-11-23 *Engendering Transnational Transgressions* reclaims the transgressive side of feminist history challenging hegemonic norms and the power of patriarchies Through the lenses of intersectionality gender analysis and transnational feminist theory it addresses the political in public and intimate spaces The book begins by highlighting the transgressive nature of feminist historiography It then divides into two parts Part I Intimate Transgressions Marriage and Sexuality examines marriage and divorce as viewed through a transnational lens and Part II Global Transgressions Networking for Justice and Peace considers political and social violence as well as struggles for relief redemption and change by transnational networks of women Chapters are archivally grounded and take a critical approach that underscores the local in the global and the significance of intersectional factors within the intimate They bring into conversation literatures too often separated history of feminisms and anti war anti imperial anti fascist and related movements on the one hand and studies of gender crossings marriage reconstitution and affect and subjectivities on the other In so doing the book encourages the reader to rethink standard interpretations of rights equality and recognition This is the ideal volume for students and
