Dominy, 2020-01-27 During the Cold War national discourse strove for unity through patriotism and political moderation to face a common enemy Some authors and intellectuals supported that narrative by casting America s complicated history with race and poverty as moral rather than merely political problems Southern Literature Cold War Culture and the Making of Modern America examines southern literature and the culture within the United States from the period just before the Cold War through the civil rights movement to show how this literature won a significant place in Cold War culture and shaped the nation through the time of Hillbilly Elegy Tackling cultural issues in the country through subtext and metaphor the works of authors like William Faulkner Lillian Smith Robert Penn Warren Eudora Welty Ralph Ellison Alice Walker and Walker Percy redefined South as much more than a geographical identity within an empire The South has become a racially coded sociopolitical and cultural identity associated with white populist conservatism that breaks geographical boundaries and as it

has in the past continues to have a disproportionate influence on the nation's future and values *Kenneth Burke in the 1930s* Ann George, Jack Selzer, 2007 An invitation to mingle with Burke in the 30s and witness the development of his major works of the era The American Vision of Robert Penn Warren William Bedford Clark, 1991 In 1976 the bicentennial year Robert Penn Warren told Bill Moyers that he was in love with America but his love for the nation was more often than not troubled and angry Warren once remarked that any intelligent person is inclined to criticize his country more strongly than he will criticize anything else And he should It's a way of criticizing himself too Trying to live more intelligently and more fully In *The American Vision of Robert Penn Warren* a noted Warren scholar traces the evolution of our first poet laureate's distinctive stance toward the American experiment in democracy showing how Warren sought to balance off the claims of self and society in the New World This book surveys the full six decades of Warren's career combining close reading with a historian's eye for social and political context While pointedly avoiding the reductive pitfalls of the new historicism Clark documents the informing role the Great Depression played in shaping Warren's attitudes toward art and politics and he demonstrates the necessity of regarding Warren's major achievements in fiction and verse as forms of public speech Read in this light Warren's vision offers a set of possibilities for renegotiating America's covenant with its Founders on new and pragmatic terms Based solidly on the best previous commentary on Warren and his work Clark's study represents a new approach to its subject and incorporates insights and information garnered from the Warren Papers at Yale A wide ranging account of the interplay between an author's imagination and contemporary history this book should prove of interest to all students of American culture especially those concerned with the interrelationships of literature politics and ideology Written in a lively and direct style it will appeal to specialists and general readers alike Encyclopedia of Life Writing Margaretta Jolly, 2013-12-04 First published in 2001 This is the first substantial reference work in English on the various forms that constitute life writing As this term suggests the Encyclopedia explores not only autobiography and biography proper but also letters diaries memoirs family histories case histories and other ways in which individual lives have been recorded and structured It includes entries on genres and subgenres national and regional traditions from around the world and important autobiographical writers as well as articles on related areas such as oral history anthropology testimonies and the representation of life stories in non verbal art forms **Double-consciousness/double Bind** Sandra Adell, 1994 Adell's investigation begins with an analysis of the metaphysical foundations of W E B Du Bois's famous formulation of double consciousness and how black writing bears the traces of such European philosophers as Kant Hegel and Marx She then examines in the double context of black literature and European philosophy the writings of such major authors and essayists as Richard Wright Leopold Senghor Maya Angelou Houston A Baker Jr and Henry Louis Gates Jr *Lying Up a Nation* Ronald M. Radano, 2003-11 What is black music For some it is a unique expression of the African American experience its soulful vocals and stirring rhythms forged in the fires of black resistance in response to centuries of oppression But as Ronald

Radano argues in this bracing work the whole idea of black music has a much longer and more complicated history one that speaks as much of musical and racial integration as it does of separation *Cleanth Brooks and the Rise of Modern Criticism* Mark Royden Winchell, 1996 During a career that spanned sixty years Cleanth Brooks was involved in most of the major controversies facing the humanities from the 1930s until his death in 1994 He was arguably the most important American literary critic of the mid twentieth century Because it is impossible to understand modern literary criticism apart from Cleanth Brooks or Cleanth Brooks apart from modern literary criticism Mark Royden Winchell gives us not only an account of one man s influence but also a survey of literary criticism in twentieth century America More than any other individual Brooks helped steer literary study away from historical and philological scholarship by emphasizing the autonomy of the text He applied the methods of what came to be called the New Criticism not only to the modernist works for which these methods were created but to the entire canon of English poetry from John Donne to William Butler Yeats In his many critical books especially *The Well Wrought Urn* and the textbooks he edited with Robert Penn Warren and others Brooks taught several generations of students how to read literature without prejudice or preconception **Bibliographic Guide to Black Studies** Schomburg Center for Research in Black Culture, 1991 **The Fleming Lectures, 1937--1990** Burl Noggle, 1992-10-01 As a quintessentially southern campus Louisiana State University has logically spawned some of the most important regional scholarly studies of the twentieth century During the campus golden age in the 1930s such eminent scholars as Cleanth Brooks Robert Penn Warren and Eric Voeglin made LSU one of the leading academic institutions in the country It was during this period that a series called the Walter Lynwood Fleming Lectures in Southern History named in honor of a noted scholar and researcher at LSU in the early 1900s was created to add to the body of knowledge in the developing field of southern history Now considered one of the most distinguished lecture series of its kind the Fleming series has brought to the LSU campus scholars of note who have studied the South in its various aspects Lecturers ranging from C Vann Woodward and Lewis P Simpson to Eric Foner and Drew Gilpin Faust have presented a wide panorama of views and methodological approaches In this book Burl Noggle presents an informative history of the lectures from 1937 through 1990 As a member of the LSU history faculty for more than thirty years Noggle has heard most of the Fleming lectures delivered and has participated in the selection of lecturers He thus brings a rather special perspective to his subject that of an insider who has been intimately involved in the series itself as well as the broader understanding of a mature scholar who has devoted a substantial portion of his career to the analysis of American historiography Noggle focuses on two aspects of the Fleming series On one level he discusses the history of the lectures themselves who lectured on what topic why each lecturer was chose what general historiographical trends prevailed at the time and how each speaker s lectures were related to scholarly currents within the profession On another level Noggle discusses just what the lecturers said about southern history and how they contributed to qualified refuted or revised existing conceptions about southern history The Fleming

Lectures 1937 1990 is therefore both a history of the lecture series and an analysis of the history contained in the lectures

Richard Wright Keneth Kinnamon, 2014-11-04 African American writer Richard Wright 1908 1960 was celebrated during the early 1940s for his searing autobiography *Black Boy* and fiction *Native Son* By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8 320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982 This is the exhaustive reference for serious students of Richard Wright and his critics *The Fugitive Legacy* Charlotte H. Beck, 2001-01-01

Previously the protagonists of John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren have received considerable scholarly attention only as individuals or in relation to small groups of close knit writers within single literary genres Now for the first time this far ranging group of accomplished writers is united as part of a larger phenomenon the Fugitive legacy which has extended its influence far beyond the parameters of southern literature In *The Fugitive Legacy* Charlotte H Beck demonstrates the strong influence of the Nashville Fugitives as teachers editors and mentors by examining the extraordinary impact on American letters of the critics poets and fiction writers whom they taught or sponsored By treating the careers of these brilliant authors as a single chapter in literary history Beck makes an invaluable contribution to the understanding of southern literature The cultural importance of the Fugitives has too often been confused with the narrow politics of Agrarianism and relegated to a reactionary piety for regionalism and dead tradition *The Fugitive Legacy* fills a void in southern literary theory by revealing the resounding echo of this group's voice in modern American literature

The Southern Connection Robert Bechtold Heilman, 1991-04 An engaging collection of essays by an astute observer of the South In 1935 Robert Bechtold Heilman a native Pennsylvanian and recent Harvard Ph D accepted a position in the Louisiana State University English department He came to the Bayou State bringing with him a sense of curiosity in people and places a delight in the drama of life that was compatible with the temperament of the South's still largely rural and storytelling society He came moreover to one of the most dramatic contemporary settings in the South the Louisiana of Huey P Long He was present at the Louisiana State Capitol on the day Long was assassinated In Baton Rouge he found a provincial university in the capital city that was acquiring for the first time in its history a faculty of some distinction Heilman's enduring association with the South both personally and professionally is the focus of *The Southern Connection* a collection of seventeen delightful and thought provoking essays The first section of the book consists of essays in which Heilman recalls Louisiana and LSU as he found them in the autumn of 1935 He describes the atmosphere at the University and in the

surrounding town offers vivid portraits of some of his colleagues including Robert Penn Warren Cleanth Brooks and Eric Vogelin and meditates on the reasons an obscure university in an impoverished southern state was able to attract and nurture a faculty of outstanding talent and achievement Having been at LSU during the scandals of the late 1930s and the war years of the 1940s Heilman makes a significant contribution through his recollections to the history of these crucial times In the book's second section Heilman presents critical essays on a number of important southern writers and their works There are discussions of the Agrarian movement and its connection with European culture on Cleanth Brooks and *The Well Wrought Urn* on Eudora Welty's work especially *Losing Battles* and on Katherine Anne Porter's *Ship of Fools* Heilman also includes two essays on Robert Penn Warren's work The first discusses *All the King's Men* as tragedy and the second examines the moral complexities of *World Enough and Time* Another essay in the group compares Arthur Miller's *Death of a Salesman* with Eudora Welty's *The Death of a Traveling Salesman* Finally Heilman offers two extended reflections on the South as a region and a culture In *The South Falls In* he discusses the paradoxes in the southern character and in national perceptions of the South In *The Southern Temper* he considers the southern sense of the concrete as it is reflected in the work of various southern writers and in the southern character in general As a whole *The Southern Connection* offers an enjoyable and illuminating assessment of the South by one of the most perceptive and sensitive critics of our time The
