French literature that emerges at the end of the nineteenth century and culminates in a proliferation of factual writings in the twenty first Focusing on the period bookended by these two moments it highlights the enduring concern with factual reference in texts that engage either with current events or the historical archive Specifically it considers a set of ideas and practices centered on the conceptualization and use of documents In doing so it contests the widespread narrative that twentieth century French literature abandons the realist enterprise and argues that writers instead renegotiate the realist legacy outside or at the margins of the fictional space of the novel Analyzing works by authors including Gide Breton Aragon Yourcenar Duras and Modiano the book defines a specific documentary mode of literary representation that records assembles and investigates material traces of reality The document is a textual visual or material piece of evidence repurposed through its visual insertion textual transcription or description within a literary work It is a fact but it also becomes a figure standing for literature s confrontation with the real The documentary imagination involves a fantasy of direct access to a reality that speaks for itself At the same time it gives rise to concrete textual practices that open up new directions for literature by interrogating the construction and interpretation of facts *Bon Voyage!* Harold Darling,1990 In the years between 1880 and 1939 foreign travel was exciting adventurous and tinged with uncertainty This charming volume returns us to the age of luxury jaunts to exotic places Filled with nostalgic memorabilia pictures of steamship tickets travel brochures postcards and luggage labels the book reminds us of glamorous destinations grand hotels and the lure of anticipation 200 full color illustrations **Catalogue général de la librairie française: 1840-1875, matières : M-Z**,1880 **Conseils pour former une bibliothèque, ou catalogue raisonné de tous les bons ouvrages qui peuvent entrer dans une bibliothèque chrétienne, etc** J. Department of Printed Books,British Library,Laureen Baillie,1981 *Delacroix's Moroccans* Jennifer Olmsted,2025-04-08 The Women of Algiers in Their Apartment is arguably Eug ne Delacroix s best known work from his trip to Morocco in 1832 and the attention scholars have paid to it has obscured a crucial fact about Delacroix s Moroccan subjects most of his paintings of North Africa depict men rather than women After serving as a diplomat s companion on a mission to Morocco Delacroix went on to devote over three quarters of his massive North African oeuvre to the military prowess effective leadership equestrian virtuosity and elegant dress of Moroccan men Using the evidence of his writings sketches and paintings Olmsted argues that rather than embodying a typical colonialist fantasy Delacroix s paintings of Moroccan men instead show his subjects as models of heroic masculinity and political sovereignty a position that ran counter to prevailing French attitudes toward North Africans In this way Delacroix s Moroccans intervenes in the discourse of imperialism to examine the multiple heterogeneous features of cultural response and provides nuanced readings of the artist s work that support the idea that European constructions of

non European cultures were not monolithic Olmsted's multifaceted analysis creates a powerful and original understanding of Delacroix's Moroccan oeuvre and a counternarrative to the colonialist imagery of his era Through close attention to Delacroix's paintings drawings and writings as well as their historical and political contexts this book illuminates the artist's practice and offers a fresh avenue for assessing colonialism and art produced within colonial contexts **Looking For La Pérouse**

Frank Horner, 2016-10-18 In the third year of the French Revolution the National Assembly sent the d'Entrecasteaux expedition to the Pacific to search for the missing explorer La Pérouse Like the nation itself the expedition was divided by politics there were both republicans and monarchists aboard And besides servicemen there were civilians the naturalists whose interests often cut across those of mariners The archives of the expedition which include a wealth of candid and amusing private journals reveal how d'Entrecasteaux despite tensions that strained personal friendships commanded enough respect to keep the expedition operational Though it found no trace of La Pérouse it made valuable discoveries in geography botany and anthropology The voyage however ended at Sourabaya in irreversible division with d'Entrecasteaux dead the arch monarchist d'Auribeau in command and the French receiving after two years their first news from home of regicide terror and war The narrative concludes by tracing the adventurous paths taken by survivors to reach home and the stratagems they used to save the records of the expedition
