warfare and counter insurgency Indeed the helicopter s first significant trials in combat took place during the Algerian War 1954 1962 the Vietnam War 1955 1975 and the Soviet Afghan War 1979 1989 During these wars French U S and Soviet militaries used significant numbers of helicopters to fight insurgents and guerrillas and each country lost their respective conflict As conventional organizations these militaries used helicopters to seek military dominance often blind to or in spite of politico strategic goals like legitimacy The helicopter s firepower and mobility tactically decimated insurgents but the nature of irregular warfare rendered tactical dominance indecisive Helicopters were indecisive or bad at enabling legitimacy population control and isolation key tenets of successful COIN Convinced that helicopter enabled military dominance could win the French U S and Soviet militaries were unable to balance the pursuit of military and politically objectives Airmobility distracted leaders from focusing on the political aspects of counter insurgency **Mil Mi-24 Hind Attack Helicopter** David Oliver,2023-09-15 The inside story of one of the world s most famous military helicopters Written by an acknowledged aircraft expert and accompanied by original photography **Sessional Papers** Great Britain.
