The Guild Chapel Wall Paintings At Stratford On Avon:

The Guild Chapel Wall Paintings at Stratford-upon-Avon Clifford Davidson, 1988 The Guild and Guild Buildings of Shakespeare's Stratford J.R. Mulryne, 2016-03-09 The guild buildings of Shakespeare's Stratford represent a rare instance of a largely unchanged set of buildings which draw together the threads of the town's civic life With its multi disciplinary perspectives on this remarkable group of buildings this volume provides a comprehensive account of the religious educational legal social and theatrical history of Stratford focusing on the sixteenth century and Tudor Reformation The essays interweave with one another to provide a map of the complex relationships between the buildings and their history Opening with an investigation of the Guildhall which served as the headquarters of the Guild of the Holy Cross until the Tudor Reformation the book explores the building's function as a centre of local government and community law and as a place of entertainment and education It is beyond serious doubt that Shakespeare was a school boy here and the many visits to the Guildhall by professional touring players during the latter half of the sixteenth century may have prompted his acting and playwriting career The Guildhall continues to this day to house a school for the education of secondary level boys The book considers educational provision during the mid sixteenth century as well as examining the interaction between touring players and the everyday politics and social life of Stratford At the heart of the volume is archaeological and documentary research which uses up to date analysis and new dendrochronological investigations to interpret the buildings and their medieval wall paintings as well as proposing a possible location of the school before it transferred to the Guildhall Together with extensive archival research into the town's Court of Record which throws light on the commercial and social activities of the period this rich body of research brings us closer to life as it was lived in Shakespeare's Stratford Festivals and Plays in Late Medieval Britain Clifford Davidson, 2016-12-05 Based in records and iconography this book surveys medieval festival playing in Britain more comprehensively than any other work to date The study presents an inclusive view of the drama in the British Isles from Kilkenny to Great Yarmouth from Scotland to Cornwall It offers detailed readings of individual plays including the York Creed Play Pentecost and Corpus Christi plays and the little studied Bodley plays among others as well as a summary of what is known of their production Clifford Davidson here extends the usual chronological range to include work typically categorized as early modern enabling a juxtaposition of earlier plays with later plays to yield a better understanding of both Complementing documentary evidence with iconographic detail and citation of music he pinpoints a number of common misconceptions about medieval drama By organizing the study around the rituals of the liturgical seasons he clarifies the relationship between liturgical feast and dramatic celebration **Bringing the Dance of Death to Life**, 2008 **Studies in Late Medieval Wall Paintings, Manuscript Illuminations, and Texts** Clifford Davidson, 2016-12-19 This volume is an interdisciplinary consideration of late medieval art and texts falling into two parts first the iconography and context of the great Doom wall painting over the tower arch at Holy Trinity Church Coventry and second Carthusian studies

treating fragmentary wall paintings in the Carthusian monastery near Coventry the devotional images in the Carthusian Miscellany and meditation for simple souls in the Carthusian Nicholas Love's *Mirror of the Blessed Life of Jesus Christ* Emphasis is on such aspects as memory participative theology devotional images meditative practice and techniques of constructing patterns of sacred imagery

The Collegiate Church of Stratford-on-Avon & Other Buildings of Interest in the Town & Neighborhood Harold Baker, 1902

Art and Drama on a Late Medieval Rood Screen Michael Calder, 2024-12-02 With little scholarly attention having been given to the late medieval iconography that features on rood screens in the southwest of England the significance of the figures painted at Berry Pomeroy has long been underappreciated The unlocking of their meaning by the author has led to the discovery of a unique iconographic program The gestures adopted by many of these figures belong to a common visual culture in the art and drama of the medieval church The iconography which reflects a Gothic Mannerist style of the early sixteenth century displays a marked theatricality giving expression to the mysteries of the faith in the form of a drama The narrative recorded has notable similarities to that found in a dramatic trilogy which was once performed in Cornwall called the Ordinalia This book makes an important contribution to scholarship in the genre of mysticism in art and to our understanding of popular devotional practices on the eve of the Reformation

Studies in the Art and Imagery of the Middle Ages Richard Marks, 2013-12-31

The Life of William Shakespeare Lois Potter, 2012-05-07 The *Life of William Shakespeare* is a fascinating and wide ranging exploration of Shakespeare's life and works focusing on often neglected literary and historical contexts what Shakespeare read who he worked with as an author and an actor and how these various collaborations may have affected his writing Written by an eminent Shakespearean scholar and experienced theatre reviewer Pays particular attention to Shakespeare's theatrical contemporaries and the ways in which they influenced his writing Offers an intriguing account of the life and work of the great poet dramatist structured around the idea of memory Explores often neglected literary and historical contexts that illuminate Shakespeare's life and works
