Carnival Harold Rhenisch, 2000 Poet bioregional essayist and explorer of post colonial landscapes in decay and transition Harold Rhenisch combines his father's character with his own and in a series of luminous closely linked stories takes the reader on an emotional journey through humour joy heartbreak horror spiritual catastrophe and redemption to present a second look at history This is war from a child's eyes up close and personal from silly pranks to playing war games in the forest and finally to miracles of healing as the fabric of the world collapses and must be rebuilt Hansel his mother and their 16 year old Russian maid tend an escaped French P O W in their basement in a small town on the edge of the Black Forest during the Second World War During the Occupation this act simultaneously saves their lives and also brings them close to death as they attempt to save the innkeeper's daughter after a brutal rape by occupying Moroccan soldiers and the horrific punishment enacted upon them by the French command This story is not fiction It is the art of story telling that creates for us Hansel's fairytale village at once a magical world of mermaids witches carnival characters and eelfishers and also a sulfur choked brutalized wartime town The Canadian farmer who was Hansel returns to this German town to relive the dreams stories and terrors he experienced fifty years before In incandescent emotionally charged prose he seeks among the ruins of

Poetry, Method and Education Research Esther Fitzpatrick, Katie Fitzpatrick, 2020-07-21. Poetry can be both political and pedagogical. It is utilised in a variety of ways in research to enhance, critique, analyse and express different voices. *Poetry Method and Education Research* brings together international scholars to explore issues as diverse as neoliberalism, culture, decolonising education, health and teacher identities. A key strength of the book is its attention to poetry as a research method including discussions of how to engage with poetry in research as well as including a range of research poems. Poetry is thus framed as both a method and performance. Authors in this book address a wide variety of questions from different perspectives including how to use poetry to think about complex issues in education, where poetry belongs in a research project, how to write poetry to generate and analyse data and how poetry can represent these findings. This book is an essential resource for students and researchers in education programmes and those who teach in graduate research methods courses.

Out of the Ordinary Tom Wayman, 2025-03-04. Wayman crafts poetry that captures how the everyday can contain the extraordinary. The twenty first century so far feels extraordinary, offering in its first quarter a global pandemic, catastrophic climate events, an unprecedented gap between the super rich and the rest of us, new shortages in medical services and affordable homes and more. The poems of Tom Wayman's new collection *Out of the Ordinary* explore how such extraordinary developments can both arise from and affect the ordinary objects, environments and human relationships that surround us. To probe this traffic between the ordinary and the extraordinary, the poems of *Out of the Ordinary* go deep, drawing on poetry's almost magical ability to discover links between aspects of our lives that otherwise seem far apart. The sections of this collection investigate some responses to this century's quandaries: the enduring mysteriousness of nature as well as of our historic and cultural worlds and what we find if we imaginatively enter a carrot seed or a raindrop. Other sections honour a friend lost during the pandemic, struggle with how to deal with such life altering

transitions and marvel at the strangeness of this century's literary milieu Poets are the janitors of the human heart Wayman maintains in a poem of that name and he indeed demonstrates how poetry can make the ordinary shine brightly even in these turbulent decades **Aging** ,1974 **Pictures of the Heart** Joshua S. Mostow,1996-10-01 This book provides for the first time in English the kind of information that allows an accurate appreciation of the meanings and quality of Japanese poems Mostow's reception oriented approach in this poem by poem discussion inspires an excellent essay on the history of English translations of this collection Choice Joshua Mostow offers a brilliant and multifaceted exploration of Japanese poetics through translations commentaries and both literary and visual readings of the most influential of all poem anthologies This book penetrates to the heart of traditional Japanese aesthetics Stephen Addiss University of Richmond a rigorous and engaging study of an extremely important Japanese text It is filled with information and shows a real appreciation for the often unarticulated assumptions that lay behind certain understandings both Japanese and Western concerning meaning and significance in a work of literature The study breaks still further ground by articulating and in the most persuasive fashion issues relating to text and image that are central to the Japanese arts in virtually all periods Professor Mostow has written a book that should interest not only specialists in the fields of Japanese literature and fine arts but virtually anyone who enjoys reading poetry in an active and thoughtful fashion J Thomas Rimer University of Pittsburgh **Dismissed as elegant fossils** Lee Bruschke-Johnson,2021-11-22 Konoe Nobutada 1565-1614 was a famous calligrapher and head of a high ranking aristocratic family Nobutada's contributions to the art and culture have frequently been overlooked largely because of the common misperception that aristocrats were too outdated impoverished and powerless to be worthy of discussion Dismissed as Elegant Fossils seeks to reinstate aristocrats as key players in the competition for political and artistic supremacy by examining Nobutada's calligraphy and painting his turbulent relationship with Tokugawa Ieyasu and his family's role in marital politics
