,1977 **A War, A Life** Margaret Schweitzer,2025-03-18 A War A Life chronicles the life and times of the author s maternal grandfather a man she never met and knew very little about By piecing together historical records detailing his military service in the two world wars of the 20th century Margaret discovered surprises both large and small as she explored themes of emigration political unrest domestic strife and events that changed the lives of millions Based upon what she learned she filled the remaining gaps of knowledge in her grandfather s life with historical fiction describing events that may have happened to him without actual proof This book is a blend of fact and fiction that demonstrates how handing down stories from one generation to the next fills an important role in our individual and collective pasts *The Myth of the Good War* Jacques R. Pauwels,2015-03-06 In the spirit of historians Howard Zinn Gwynne Dyer and Noam Chomsky Jacques Pauwels focuses on the big picture Like them he seeks to find the real reasons for the actions of great powers and great leaders Familiar Second World War figures from Adolf Hitler to Franklin D Roosevelt and Joseph Stalin are portrayed in a new light in this book The decisions of Hitler and his Nazi government to go to war were not those of madmen Britain and the US were not allies fighting shoulder to shoulder with no motive except ridding the world of the evils of Nazism In Pauwels account the actions of the United States during the war years were heavily influenced by American corporations IBM GM Ford ITT and Standard Oil of New Jersey now called Exxon who were having a very profitable war selling oil armaments and equipment to both sides with money gushing everywhere Rather than analyzing Pearl Harbor as an unprovoked attack Pauwels notes that US generals boasted of their success in goading Japan into a war the Americans badly wanted One chilling account describes why President Truman insisted on using nuclear bombs against Japan when there was no military need to do so Another reveals that Churchill instructed his bombers to flatten Dresden and kill thousands when the war was already won to demonstrate British American strength to Stalin Leaders usually cast in a heroic mould in other books about this war look quite different here Nations that claimed a higher purpose in going to war are shown to have had far less idealistic motives The Second World War as Jacques Pauwels tells it was a good war only in myth The reality is far messier and far more revealing of the evils that come from conflicts between great powers and great leaders seeking to enrich their countries and dominate the world
