Sixteenth-century Spanish Writers Gregory B. Kaplan, 2006 Essays on Spanish writers of the sixteenth century a period of territorial expansion political hegemony and cultural prosperity in the face of ideological repression Discusses the Hapsburg dynasty the impact of the Counter Reformation and the Inquisition had on censorship and literary production and the Spanish passion for the theater that increased during the 1600s during the pinnacle of the Golden Age of drama The Broadview

Anthology of Sixteenth-Century Poetry and Prose Marie Loughlin, Sandra Bell, Patricia Brace, 2011-10-24 The Broadview Anthology of Sixteenth Century Poetry and Prose makes available not only extensive selections from the works of canonical writers but also substantial extracts from writers who have either been neglected in earlier anthologies or only relatively recently come to the attention of twentieth and twenty first century scholars and teachers Popular fiction and prose nonfiction are especially well represented including selections from popular romances merchant fiction sensation pamphlets sermons and ballads The texts are extensively annotated with notes both explaining unfamiliar words and providing cultural and historical contexts **Literary Hispanophobia and Hispanophilia in Britain and the Low Countries (1550-1850)**

Yolanda Rodríguez Pérez, 2025-10-01 Spain has been a fruitful locus for the European imagination for centuries and it has been most often perceived in black and white oppositions either as a tyrannical and fanatical force in the early modern period or as an imaginary geography of a Romantic Spain in later centuries However the image of Spain its culture and its inhabitants did not evolve inexorably from negative to positive From the early modern period onwards it responded to an ambiguous matrix of conflicting Hispanophobic and Hispanophilic representations Just as in the nineteenth century latent negative stereotypes continued to resurface even in the Romantic heyday in the early modern period appreciation for Spain was equally undeniable When Spain was a political and military superpower it also enjoyed cultural hegemony with a literary Golden Age producing internationally hailed masterpieces Literary Hispanophobia and Hispanophilia in Britain and the Low Countries 1550 1850 explores the protracted interest in Spain and its culture and it exposes the co existent ambiguity between scorn and fascination that characterizes Western historical perceptions in particular in Britain and the Low Countries two geographical spaces with a shared sense of historical connectedness and an overlapping sometimes complicated history with Spain **The Baker Who Pretended to Be King of Portugal** Ruth MacKay, 2012-03-01 On

August 4 1578 in an ill conceived attempt to wrest Morocco back from the hands of the infidel Moors King Sebastian of Portugal led his troops to slaughter and was himself slain Sixteen years later King Sebastian rose again In one of the most famous of European impostures Gabriel de Espinosa an ex soldier and baker by trade and most likely under the guidance of a distinguished Portuguese friar appeared in a Spanish convent town passing himself off as the lost monarch The principals along with a large cast of nuns monks and servants were confined and questioned for nearly a year as a crew of judges tried to unravel the story but the culprits went to their deaths with many questions left unanswered Ruth MacKay recalls this

conspiracy marked both by scheming and absurdity and the legal inquest that followed to show how stories of this kind are conceived told circulated and believed She reveals how the story of Sebastian supposedly in hiding and planning to return to claim his crown was lodged among other familiar stories prophecies of returned leaders nuns kept against their will kidnappings by Moors miraculous escapes and monarchs who die for their country As MacKay demonstrates the conspiracy could not have succeeded without the circulation of news the retellings of the fatal battle in well read chronicles and the networks of rumors and correspondents all sharing the hope or belief that Sebastian had survived and would one day return With its royal intrigues ambitious artisans dissatisfied religious women and corrupt clergy *The Baker Who Pretended to Be King of Portugal* will undoubtedly captivate readers as it sheds new light on the intricate political and cultural relations between Spain and Portugal in the early modern period and the often elusive nature of historical truth Marginal Voices

Amy I. Aronson-Friedman, Gregory B. Kaplan, 2012-02-03 The conversos of late medieval and Golden Age Spain were Christians whose Jewish ancestors had been forced to change faiths within a society that developed a preoccupation with pure Christian lineage The aims of this book is to shed new light on the cultural impact of this social climate in which public suspicion of the religious sincerity of conversos became widespread and scrutiny by the Inquisition came to impede social advancement and threaten life and property The bulk of the essays center on literary works including lesser known and canonical pieces which are analyzed by scholars who reveal the heterogeneous nature of textual voices that are informed by an awareness of the marginal status of conversos Contributors are Gregory B Kaplan Ana Benito Patricia Timmons David Wacks Bruce Rosenstock Laura Delbrugge Michelle Hamilton Deborah Skolnik Rosenberg Kevin Larsen and Luis Bejarano

The Youth of Early Modern Women Elizabeth Storr Cohen, Margaret Louise Reeves, 2025-10-01 Through fifteen essays that work from a rich array of primary sources this collection makes the novel claim that early modern European women like men had a youth European culture recognised that between childhood and full adulthood early modern women experienced distinctive physiological social and psychological transformations Drawing on two mutually shaped layers of inquiry cultural constructions of youth and lived experiences these essays exploit a wide variety of sources including literary and autobiographical works conduct literature judicial and asylum records drawings and material culture The geographical and temporal ranges traverse England Ireland Italy France the Netherlands Switzerland Spain and Mexico from the sixteenth to the eighteenth century This volume brings fresh attention to representations of female youth their own life writings young women s training for adulthood courtship and the emergent sexual lives of young unmarried women *Jorge Manrique's Coplas Por la Muerte de Su Padre* Nancy F. Marino, 2011 An elegy composed on the death of his father Jorge Manrique s Coplas has occupied a prominent position in the literature of Spain from its original composition in the 15th century to the present day The author of this book examines its sources structure transmission critical reception and fame throughout the centuries *Advanced Civilizations of Prehistoric America* Frank Joseph, 2009-12-21 Frank Joseph reveals that modern

civilization in North America was preceded by four advanced cultures that rose and fell over the past three thousand years How they achieved greatness and why they vanished so completely are explored in this unconventional prehistory

European Literary Careers Edwin Erle Sparks Professor of English and Comparative Literature Patrick Cheney, Patrick Cheney, Frederick Alfred De Armas, 2002-01-01 In this first book length study in the field of authorial criticism various specialists from Italian French English and Spanish studies collectively discuss literary careers spanning from classical antiquity through the Renaissance

The Origins of Democratic Zionism Gregory B. Kaplan, 2019-03-04 This book is the first to link the modern appreciation for democratic freedom directly to Jewish political thought in seventeenth century Amsterdam The modern appreciation for democratic values is often assumed to have its roots in Classical thought However democracy has taken various forms in its progression to the governance many countries now employ Working in dialog with Protestants Jewish thinkers voiced the first Modern appeal for the reestablishment of a Jewish polity in the Holy Land This appeal was grounded in a vision of a Jewish state governed by individual liberty and popular consent which could be defined as a democratic Zionism The book focuses on influential rabbi Saul Levi Morteira b ca 1590 d 1660 as well as two of the most renowned members of his congregation Baruch Spinoza and Miguel de Barrios Unlike contemporary Catholic and Protestant thinkers these three intellectuals found democratic values in an Old Testament polity that came to be revered as the Hebrew Republic The book explores the trajectory by which this democratization of the Hebrew Republic evolved in the writings of Morteira as an alternative to divine right rule It then shows that in spite of their divergent views toward practicing Judaism Spinoza and Barrios disseminated Morteira's democratic ideas and promoted the Hebrew Republic as a model polity for a post medieval political order This book will be of great use to scholars of Judaism and Jewish philosophy in the modern era medieval and early modern Spanish literature as well as religious political and intellectual history

Memory and Community in Sixteenth-Century France David P. LaGuardia, Cathy Yandell, 2016-03-03 Memory and Community in Sixteenth Century France engages the question of remembering from a number of different perspectives It examines the formation of communities within diverse cultural religious and geographical contexts especially in relation to the material conditions for producing texts and discourses that were the foundations for

collective practices of memory The Wars of Religion in France gave rise to numerous narrative and graphic representations of bodies remembered as icons and signifiers of the religious troubles The multiple sites of these clashes were filled with sound language and diverse kinds of signs mediated by print writing and discourses that recalled past battles and opposed different factions The volume demonstrates that memory and community interacted constantly in sixteenth century France producing conceptual frames that defined the conflicting groups to which individuals belonged and from which they derived their identities The ongoing conflicts of the Wars hence made it necessary for people both to remember certain events and to forget others As such memory was one of the key ideas in a period defined by its continuous reformulations of the present as a forum in which contradictory accounts of the recent past competed with one another for hegemony One of the aims of *Memory and Community in Sixteenth Century France* is to remedy the lack of scholarship on this important memorial function which was one of the intellectual foundations of the late French Renaissance and its fractured communities

Travel, Time, and Space in the Middle Ages and Early Modern Time Albrecht Classen, 2018-10-22 Research on medieval and early modern travel literature has made great progress which now allows us to take the next step and to analyze the correlations between the individual and space throughout time which contributed essentially to identity formation in many different settings The contributors to this volume engage with a variety of pre modern texts images and other documents related to travel and the individual s self orientation in foreign lands and make an effort to determine the concept of identity within a spatial framework often determined by the meeting of various cultures Moreover objects images and words can also travel and connect people from different worlds through books The volume thus brings together new scholarship focused on the interrelationship of travel space time and individuality which also includes of course women s movement through the larger world whether in concrete terms or through proxy travel via readings Travel here is also examined with respect to craftsmen s activities at various sites artists employment for many different projects all over Europe and elsewhere and in terms of metaphysical experiences catabasis *Women, Religion, and the Atlantic World (1600-1800)* William Andrews Clark Memorial Library, 2009-01-01 Through a thoughtful consideration of the complexity of the religious landscape of the Atlantic basin the collection provides an enriching portrayal of the intriguing interplay between religion gender ethnicity and authority in the early modern Atlantic world **The Dark Side of Shakespeare: an Elizabethan Courtier, Diplomat, Spymaster, & Epic Hero** W. Ron Hess, 2003-10-29 The Dark Side of Shakespeare trilogy by W Ron Hess has been his 20 year undertaking to try to fill in many of the gaps in knowledge of Shakespeare s personality and times The first two volumes investigated wide ranging topics including the key intellectual attributes that Shakespeare exhibited in his works including the social and political events of the 1570s to early 1600s This was when Hess believes the Bard s works were being originated the earliest phases of artistry from conception or inspiration to the first of multiple iterations of writing Hess highlights a peculiar fascination that the Bard had with the half brother of Spain s Philip II the

heroic Don Juan of Austria or in 1571 the Victor of Lepanto From that fascination as determined by characters based on Don Juan in the plays e g the villain Don John in Much Ado and other matters Hess even made so bold as to propose a series of phases from the mid 1570s to mid 80s in which he feels each Shakespeare play had been originated or some early form of each play then existed if not in writing at least in the Bard s imagination Thus the creative process Hess describes is a vastly more protracted on than most Shakespeare scholars would admit to the absurd notion that the Bard would jot off the lines of a work in a few days or weeks and then immediately have it performed on the public stage or published shortly thereafter still dominates orthodox dating systems for the canon Hess draws on the works of many other scholars for using topical allusions within each work in order to set practical limits for when the origination and subsequent alterations of each play occurred In the trilogy s Volume III Hess continues to amplify a heroic knight errant personality type that Shakespeare s very pen name may have been drawn from a type which envied and transcended the brutal chivalry of Don Juan This was channeled into a patriotic anti Spanish and pro British imperial spirit particularly with regard to reforming and improving the English language so that it could rival the Greco Roman Italian and French poetic traditions one upping the best that the greats of antiquity and the Renaissance had achieved in literature In fact as vast as the story is that Hess tells in his three volumes there is a huge volume of material he is making available out of print on his webpage at <http://home.earthlink.net/beornshall/index.html> and via a Volume IV that he plans to offer on CD for a nominal cost via his e mail BeornsHall@earthlink.net Among this added material is a searchable 1 000 page Chronological listing of Everything that Hess deems relevant to Shakespeare and his age or to the providing of the canon to modern times Hess feels that discernable patterns can be detected through that chronology that help to illuminate the roles of others in the Bard s circle such as Anthony Munday and Thomas Heywood The network of 16th and 17th century Stationers printers publishers and book sellers and their often curious doings provide many of those patterns Hess invites his readers to help to continuously update the Chronology and other materials so that those can remain worthwhile research resources for all to use For the mysteries of Shakespeare and his age can only be unraveled through fully understanding the patterns within

Jesuit Intellectual and Physical Exchange between England and Mainland Europe, c. 1580-1789 James E. Kelly, Hannah Thomas, 2018-11-26 Jesuit Intellectual and Physical Exchange between England and Mainland Europe c 1580 1789 The World is our House offers new perspectives on the English Mission of the Society of Jesus It brings together an interdisciplinary and international group of scholars to explore the Mission s role and wider impact within the Society as well as early modern European Catholicism Building on recent movements within the field to decentralise the Catholic Reformation the volume seeks to change perceptions of the English Mission as peripheral bringing the archipelagic experience of Jesuits working in the British Isles in line with work on their European confreres and the broader global network of the Society of Jesus

Arguments Against the Christian Religion in Amsterdam by Saul Levi Morteira, Spinoza's Rabbi Gregory Kaplan, 2025-10-01 This is the first book to offer a translation into English as well as a critical study of a Spanish treatise written around 1650 by Rabbi Saul Levi Morteira whose most renowned congregant was Baruch Spinoza. Aimed at encouraging the practice of halachic Judaism among the Amsterdam based descendants of conversos Spanish and Portuguese Sephardic Jews who had been forced to convert to Christianity the book stages a dialogue between two conversos that ultimately leads to a vision of a Jewish homeland an outcome that Morteira thought was only possible through his program for rejudaisation. *Humanities*, 1992.
