Watch the Bear Derek Stonorov, 2023-03 Derek Stonorov has spent the better part of fifty years watching brown bears as a research scientist and guide in some of Alaska's most beautiful wild places. As a dyslexic kid who was more interested in hunting and cars than academics, he managed to collect objective data as well as make observations and insights about what he learned to call the community of bears. *Watch the Bear* takes the reader from the 1960s when salmon were plentiful to today when bear guiding companies are ubiquitous and solitude in bear country is a whole lot harder to find. Mixing memoir, anecdotes, and science, Stonorov provides an inquiry into brown bear communication and social behavior as well as advice on living in harmony with bears. Through good science made accessible with stories, Stonorov offers readers an engaging and breath-taking journey into the world of a legendary but often misunderstood species.

Playwriting for Puppet Theatre Jean M. Mattson, 1997-07-21. Playwriting for Puppet Theatre provides a foundation for those puppeteers, teachers, and librarians who want to develop suitable scripts for puppet theatre. Mattson explores the difference between traditional theatre and puppet theatre and notes the special characteristics of the various puppets. The important aspects of script writing are then addressed. She considers the many general questions which must be answered by the playwright: the type of puppet to be used, the audience, and the availability of resources and facilities. Suggestions are then given for dramatizing original ideas and for adapting well-known stories. The chapter on plot development emphasizes the importance of perspective, transitional material, and the need for action. One chapter proposes various ways to develop a character through dialogue, names, and behavior. Another chapter demonstrates how the use of rhyme can add interest and humor to a puppet play. Teachers will find

suggestions on how to develop a play on a specific theme or about a specific character Some attention is also given to the mechanics of writing a play Includes a group of puppet plays which have been successfully performed by Seattle Puppetory Theatre Among them are Rumpelstiltskin The Princess and the Pea The Bad Tempered Wife The Golden Axe The Swineherd and The Fisherman and His Wife Production notes follow each script Several samples of manipulation charts are included which may be used as an aid in blocking the puppets and the puppeteers for the various hand puppet productions
