by examining it as a social cultural economic and political practice that often conflicted with contradicted and compromised the intentions of the Propaganda Ministry Nevertheless by providing the illusion of a public sphere presumably free of politics popular cinema helped to sustain the Nazi regime especially during the war years Rather than examining Third Reich cinema through overdetermined categories such as propaganda ideology or fascist aesthetics Sabine Hake concentrates on the constituent elements shared by most popular cinemas famous stars directors and studios movie audiences and exhibition practices popular genres and new trends in set design the reception of foreign films the role of film criticism and the representation of women She pays special attention to the forced coordination of the industry in 1933 the changing demands on cinema during the war years and the various ways of coming to terms with these filmic legacies after the war Throughout Hake s findings underscore the continuities among Weimar Third Reich and post 1945 West German cinema They also emphasize the codevelopment of German and other national cinemas especially the dominant Hollywood model **Film -**
