Robert R. Redfield

Soldiers Of The French Revolution Bicentennial Reflections On The French Revolution:

The Soldiers of the French Revolution Alan I. Forrest,1990 **The Soldiers of the French Revolution** Alan I.

Forrest,1990 In this work Alan Forrest brings together some of the recent research on the Revolutionary army that has been undertaken on both sides of the Atlantic by younger historians many of whom look to the influential work of Braudel for a model Forrest places the armies of the Revolution in a broader social and political context by presenting the effects of war and militarization on French society and government in the Revolutionary period Revolutionary idealists thought of the French soldier as a willing volunteer sacrificing himself for the principles of the Revolution Forrest examines the convergence of these ideals with the ordinary and often dreadful experience of protracted warfare that the soldier endured

The Cultural Origins of the French Revolution Roger Chartier,2015-12-11 Renowned historian Roger Chartier one of the most brilliant and productive of the younger generation of French writers and scholars now at work refashioning the Annales tradition attempts in this book to analyze the causes of the French revolution not simply by investigating its cultural origins but by pinpointing the conditions that made it possible because conceivably Chartier has set himself two important tasks First while acknowledging the seminal contribution of Daniel Mornet's *Les origines intellectuelles de la Révolution française* 1935 he synthesizes the half century of scholarship that has created a sociology of culture for Revolutionary France from education reform through widely circulated printed literature to popular expectations of government and society Chartier goes beyond Mornet's work not by revising that classic text but by raising questions that would not have occurred to its author Chartier's second contribution is to reexamine the conventional wisdom that there is a necessary link between the profound cultural transformation of the eighteenth century generally characterized as the Enlightenment and the abrupt Revolutionary rupture of 1789 The Cultural Origins of the French Revolution is a major work by one of the leading scholars in the field and is likely to set the intellectual agenda for future work on the subject The Rise of the Masses Benjamin

Abrams,2023-06-09 An insightful examination of how intersecting individual motivations and social structures mobilize spontaneous mass protests Between 15 and 26 million Americans participated in protests surrounding the murders of George Floyd Ahmaud Arbery Breonna Taylor and others as part of the Black Lives Matter protests in 2020 which is only one of the most recent examples of an immense mobilization of citizens around a cause In The Rise of the Masses sociologist Benjamin Abrams addresses why and how people spontaneously protest riot and revolt en masse While most uprisings of such a scale require tremendous resources and organizing this book focuses on cases where people with no connection to organized movements take to the streets largely of their own accord Looking to the Arab Spring Occupy Wall Street and the Black Lives Uprising as well as the historical case of the French Revolution Abrams lays out a theory of how and why massive mobilizations arise without the large scale planning that usually goes into staging protests Analyzing a breadth of historical and regional cases that provide insight into mass collective behavior Abrams draws on first person interviews and archival

sources to argue that people organically mobilize when a movement speaks to their pre existing dispositions and when structural and social conditions make it easier to get involved what Abrams terms affinity convergence theory Shedding a light on the drivers behind large spontaneous protests The Rise of the Masses offers a significant theory that could help predict movements to come The Bastille Hans-Jurgen Lusebrink, Rolf Reichardt, 1997-07-18 This book is both an analysis of the Bastille as cultural paradigm and a case study on the history of French political culture It examines in particular the storming and subsequent fall of the Bastille in Paris on July 14 1789 and how it came to represent the cornerstone of the French Revolution becoming a symbol of the repression of the Old Regime L sebrink and Reichardt use this semiotic reading of the Bastille to reveal how historical symbols are generated what these symbols functions are in the collective memory of societies and how they are used by social political and ideological groups To facilitate the symbolic nature of the investigation this analysis of the evolving signification of the Bastille moves from the French Revolution to the nineteenth century to contemporary history The narrative also shifts from France to other cultural arenas like the modern European colonial sphere where the overthrow of the Bastille acquired radical new signification in the decolonization period of the 1940s and 1950s The Bastille demonstrates the potency of the interdisciplinary historical research that has characterized the end of this century combining quantitative and qualitative approaches and taking its methodological tools from history sociology linguistics and cultural and literary studies The Eighteenth Century ,1974 Book Review Digest ,1992

The French Revolution and the Birth of Modernity Ferenc Fehér, 2023-11-15 Written from widely different perspectives these essays characterize the Great Revolution as the dawn of the modern age the grand narrative of modernity The scope of issues under scrutiny is extremely broad ranging from the analyses of the hotly debated class character of 1789 and the problem of the nation state to the Cult of the Supreme Being the emancipation of the Jews and the cultural heritage of the Revolution This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **Historical Dictionary of the French Revolution** Paul R. Hanson, 2004-07-27 The French Revolution remains the most examined event or period in world history Most historians would argue that it was the first modern revolution an event so momentous that it changed the very meaning of the word revolution to its modern sense of connoting a political and or social upheaval that marks a decisive break with the past one that moves a society in a forward or progressive direction No revolution has occurred since 1789 without making reference to this first revolution and most have been measured against it When revolution shook the foundations of the Old Regime in France shock waves reverberated throughout the western world Historical Dictionary of the French Revolution examines the causes and origins the roles of significant and often colorful persons crucial events and turning points significant institutions and organizations

and the economic social and intellectual factors involved in the revolution An introductory essay chronology and comprehensive bibliography complement the more than 400 dictionary entries making this a great resource for students and history enthusiasts alike The Journal of Military History ,1991 Includes scholarly articles and book reviews on topics in military history Bicentennial reflections on the French revolution , *Order from Confusion* Alan Deighton,1995

Historical Abstracts Eric H. Boehm,1998 **The A to Z of the French Revolution** Paul R. Hanson,2007 The French Revolution remains the most examined event and period in world history Most historians would argue that it was the first modern revolution an event so momentous that it changed the very meaning of the word revolution to its current connotation of a political and or social upheaval that marks a decisive break with the past moving the society in a forward or progressive direction No revolution has occurred since 1789 without making reference to this first revolution and most have been measured against it When revolution shook the foundations of the Old Regime in France shock waves reverberated throughout the western world The A to Z of the French Revolution examines the causes and origins the roles of significant persons crucial events and turning points important institutions and organizations and the economic social and intellectual factors involved in the event that gave birth to the Declaration of the Rights of Man and Citizen the introduction of universal manhood suffrage and the Napoleonic Empire An introductory essay chronology and comprehensive bibliography complement the more than 400 cross referenced dictionary entries making this a great resource for students and history enthusiasts alike **American Book Publishing Record** ,1997-05

The Top Books of the Year Soldiers Of The French Revolution Bicentennial Reflections On The French Revolution The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. Soldiers Of The French Revolution Bicentennial Reflections On The French Revolution : Colleen Hoover "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Soldiers Of The French Revolution Bicentennial Reflections On The French Revolution : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Soldiers Of The French Revolution Bicentennial Reflections On The French Revolution : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
